Scaling Impact: AU SFB x Fincare Merger

In a landmark development, AU Small Finance Bank (AU SFB) successfully completed the merger of Fincare SFB within AU SFB w.e.f. 1st April 2024. With a shared vision and commitment to Bharat's Aspirations, this strategic merger aims to create a larger, more diverse, and technologically advanced financial franchise with a pan-India presence, unlocking significant potential synergies.

Strategic Rationale

Complementary branch footprint building a truly pan-India Small Finance Bank.

Diversification of portfolio with access to rural and financial inclusion focused Microfinance business.

Significant opportunity to expand deposit and asset franchise in South India.

Shared values, common regulatory regime and experienced team providing deep domain expertise.

Compelling synergy potential especially in deposits, technology and scale-driven efficiencies over time.

Enhanced Scale and Reach

The merger has created an entity with increased scale and reach, providing several benefits to our customers and stakeholders.

Access to South India market

The merger with Fincare gives us an opportunity to accelerate our Bank's franchise in south India, both on assets as well as liabilities. We will soon start disbursing vehicle finance loans from some Fincare branches.

Expanded Microfinance Network

The merger also gives us an opportunity to expand our microfinance business in geographies like Rajasthan, Gujarat, Madhya Pradesh and Maharashtra - where AU SFB has a strong presence.

Cross-Selling Opportunities

With a combined customer base of over 1 Crore, the merged entity can leverage AU Small Finance Bank's diverse product portfolio, including vehicle loans, UPI QR/merchant lending, credit cards, insurance and wealth solutions. This cross-selling potential aims to provide a broader range of financial services to Fincare's urban customer base.

Accelerated Digital Transformation

The integration of approximately 200 IT professionals from Fincare SFB into AU SFB's team facilitates a rapid internal digitalisation process. This synergy aims to achieve cost efficiencies through scale-driven digital solutions, enhancing operational effectiveness and customer experience.

Strengthened Management Expertise

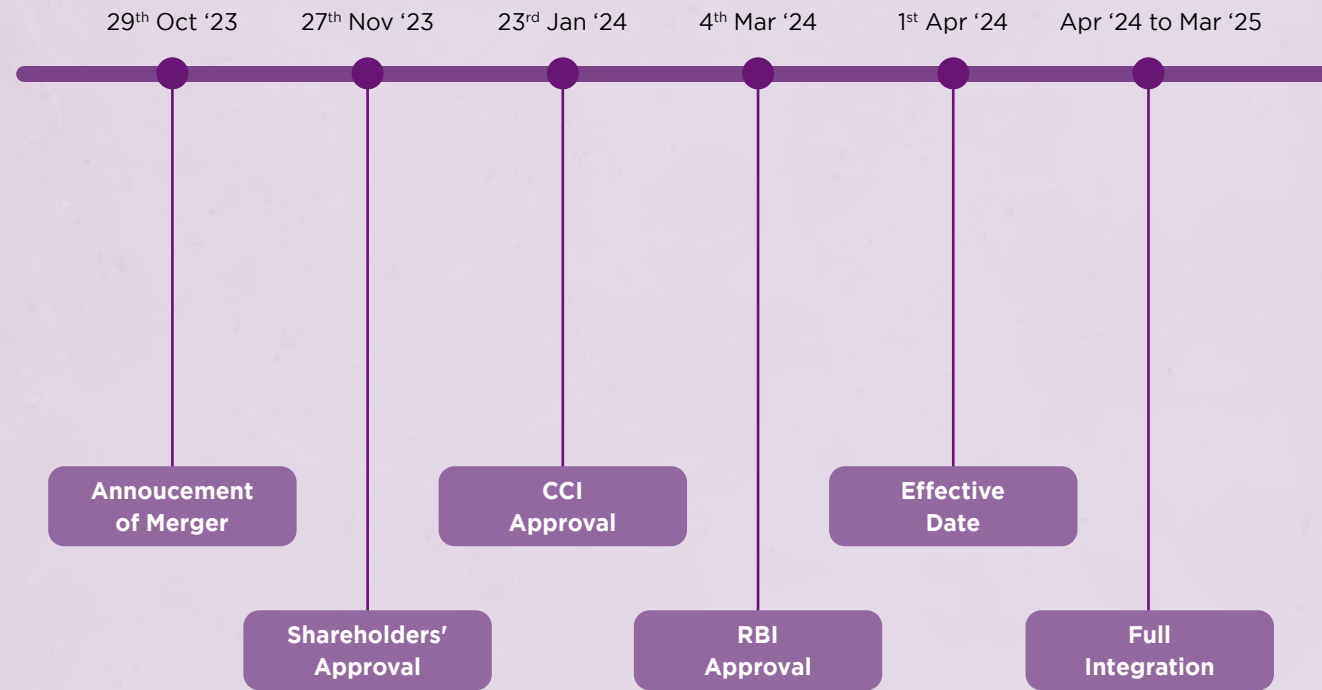

Our leadership team, with deep domain expertise and an average of 26 years of experience is well-equipped to drive strategic initiatives and execute complex projects. This experienced team ensures robust governance and innovative growth strategies.

Enhanced Agricultural Lending

We are committed to supporting small and marginal farmers through priority sector lending. With 44% of Fincare SFB's gross advances directed towards agriculture and allied activities, we aim to further sustainable growth and financial inclusion.

AU SFB'S FIRST M&A

RBI gives approval to Fincare Small Finance Bank's merger with AU bank

TIMES NEWS NETWORK
Jaipur: The Reserve Bank on Monday gave its approval to the \$530 million all-stock merger of AU Small Finance Bank and Fincare Small Finance Bank.
The effective date of amalgamation will be April 1 this year, and all the branches of Fincare SFB will function as branches of AU SFB from that day, the apex bank said in a release. The merger scheme, one of the first such moves in the relatively new SFB space, has been sanctioned in the exercise of the powers contained in sub-section (4) of Section 44A of the Banking Regulation Act of 1949, the central bank said.
The two leaders had announced the deal in late October 2023 and were aiming to close it by February after the mandatory clearances.
Under the deal, shareholders of the unlisted Fincare will get 579 shares of the listed AU bank for every 2,000 shares that they own.
Post-merger, shareholders of Fincare will own 9.9% equity in the Sanjay Agarwal-led AU bank. The promoters of Fincare also agreed to infuse Rs 700 crore of fresh capital into the entity after the deal gets a go-ahead from the RBI and Competition Commission of India. The deal will help the Jaipur-based lender gain a foothold in the Southern region and also make inroads into the high-margin microfinance assets business.
Fincare had announced that its plans for an initial public offering (IPO) that will now go on the back burner following the deal. The merger is set to increase AU bank's overall staff strength to over 15,000 employees, including 10,000 in the MFI vertical.

Progressing on 'Forever Bank' journey to build a new **भारत**, together!

Building a Stronger, More Resilient and Forever Bank

Resilient Performance in a Challenging Environment

We are witnessing exciting times. As India progresses towards becoming the world's third-largest economy with its GDP projected to exceed \$7 Trillion by the decade's end, the Banking, Financial Services and Insurance (BFSI) industry is poised to play a pivotal role in this achievement. This development presents significant growth opportunities for the BFSI sector.

However, it also introduces new and emerging challenges and risks, particularly in areas such as enhanced regulatory focus on customer protection, cybersecurity, operational risks, and compliance with Know Your Customer (KYC) and Anti-Money Laundering (AML) requirements. Additionally, retail inflation has proven to be more persistent than anticipated, remaining above the long-term target of 4%, and liquidity conditions have stayed tight. Despite intense competition for deposits and increased cost of funds, your Bank recorded 28% growth in loan portfolio and delivered ROA of 1.6% and ROE of 13.5% - excluding exceptional items.

A Complete, Pan-India Bank

FY 2023-24 was a year of milestones and many firsts. The most significant one was the merger of Fincare SFB with AU SFB. This strategic move is aimed at creating a stronger and more resilient institution, well-positioned to capitalise on emerging growth

opportunities in complementary geographic areas and deliver enhanced value to our customers, employees and shareholders.

Banking Beyond Borders

Your Bank has now launched Trade Finance and Forex services which will facilitate cross-border trade of our customers by providing financing, document handling, and cross-border remittance solutions along with support in regulatory compliances. Your Bank is well-prepared with a robust risk management, transaction screening and monitoring framework to mitigate KYC/AML and sanctions-related risks associated with cross-border transactions.

Galvanising Growth in भारत (Bharat/India)

Aligned with our commitment to empowering underserved communities and fostering economic growth in rural and unserved areas, your Bank has launched Swadesh Banking during FY 2023-24. This unit has been designed to leverage our legacy of financial inclusion, and deep understanding of the rural and semi-urban markets combined with 360-degree comprehensive solution for the farmers, self-employed personnel, and micro enterprises.

Our initiatives at Unbanked Rural Centres further enhance access to financial services. In FY 2023-24, we organised 2,081 Financial Literacy Camps at rural branches. With a strong emphasis on digital literacy, our on-ground efforts are aimed at customers in the rural and

semi-urban areas overcome the digital divide and are well-equipped to utilise digital banking services, for their financial security and sustainable economic growth.

Empowering People and Communities

Through our commitment to Badlav Humse Hai, we strive to make a difference in the lives of our customers, particularly hitherto unbanked and underbanked, by fostering meaningful financial inclusion combining Hardware, Software, and Humanware. The success of our Bank is firmly rooted in the five pillars of *Trust, Technology, Teamwork, Talent, and Touch*. These key elements play a crucial role in driving our mission forward and ensuring symbiotic growth and development of the institution and the community.

Trust is fundamental to our relationships with depositors and other stakeholders, providing a solid foundation for our business operations in ethical manner.

Technology enables us to implement innovative solutions for inclusive banking, reaching a wider customer base. **Teamwork** is essential for achieving success at all levels, ensuring that we work together seamlessly to meet our goals. Our employees' **Talent** is what sets us apart, enabling us to remain agile and competitive in a dynamic industry. While we embrace technology, we also recognise the importance of maintaining a human **Touch** in all our interactions, thus enabling us to impact the lives of our customers, employees, and stakeholders in a meaningful way.

Sustainability at the Core

Your Bank has been working on seamlessly integrating ESG principles into our business model and embed them in our products and processes,

with formal guidelines and policies, guided and supported by the dedicated Sustainability Committee of the Board. Our Green Fixed Deposit programme is dedicated to financing renewable and green projects, such as solar power and electric mobility solutions.

Other key sustainability initiatives being driven by your Board are focused towards minimising environmental impact, promoting gender diversity, and empowering women.

Continuing Focus on Governance and Assurance

The Board of Directors of your Bank continue to focus its close attention on ensuring the highest standards of corporate governance and effectiveness of its assurance functions comprising risk management, internal audit and compliance. Your Bank will remain committed to continuous monitoring and management of credit, liquidity and operational risks alongside mitigation of cybersecurity threats. The Board and its committees always strive to comply with the supervisory observations and regulatory requirements in letter and spirit.

Talent Management and Succession Planning

Sustainability and development of the leadership are key focus areas in our journey of a Forever Bank. The Bank's structure by design supports succession planning and it is integrated into its Strategic Business Units (SBUs) via a hierarchical setup. This means that there are clear pathways for career advancement and leadership development within different divisions of the Bank. Moreover, to enhance leadership development, the Bank has

engaged an advisory firm under the guidance of the Nomination & Remuneration Committee to further institutionalise this process with focus on identifying and preparing competent and high-potential candidates for leadership positions within the organisation. This will ensure that the succession planning initiatives are thorough, neutral, and in line with long-term strategic objectives of your Bank.

Future Outlook

We have established a long runway for propelling us on a calibrated growth path and creating sustained value for our stakeholders. We have articulated our three-year strategic plan as we take confident strides into the future. I strongly believe that our best-in-class product offerings, robust risk management practices, future-ready technological capabilities and incredible talent will continue to power our growth journey for many years to come.

Before concluding, I would like to take this opportunity to congratulate Mr. Sanjay Agarwal on his reappointment as the Managing Director & CEO, Mr. Uttam Tibrewal on being reappointed as the Whole Time Director. I would also like to congratulate Mr. Uttam Tibrewal and Mr. Rajeev Yadav on being designated as Deputy CEO of your Bank. Their leadership will continue to play an instrumental role in creating a sustainable future, in a similar way that it has been building a well-governed and risk-focused retail bank with a strong execution track record. As we pursue our vision of a Forever Bank, we are guided by the wise words of the Father of the Nation:

"The future depends on what we do in the present".

- Mahatma Gandhi

Warm regards and best wishes,

Harun Rasid Khan
Chairman

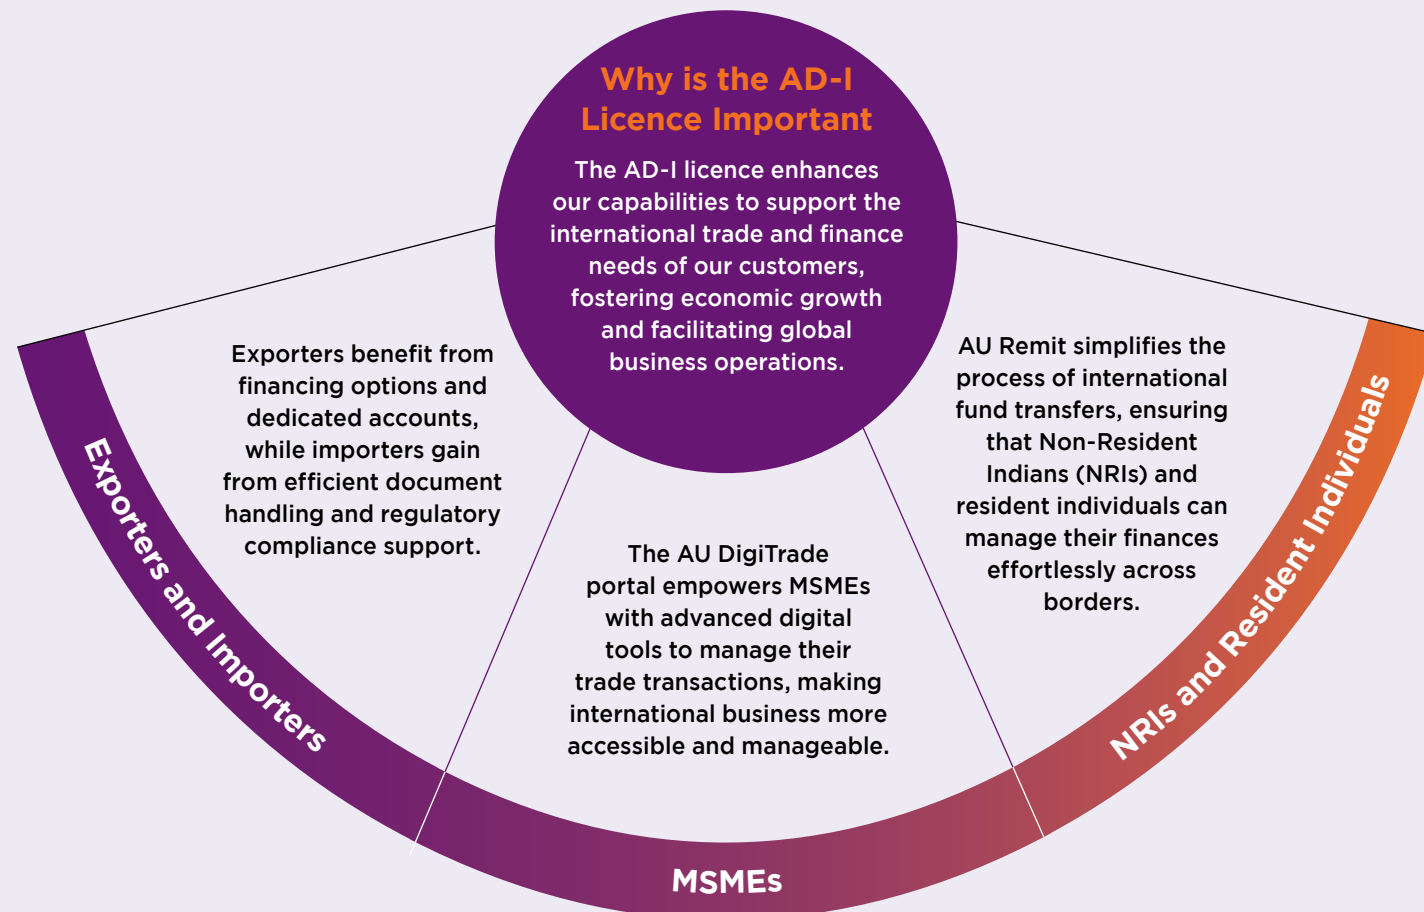

Dear Stakeholders,

I am pleased to address you in my inaugural letter since assuming the role of Chairman of the Board of Directors at AU Small Finance Bank. I wish to extend my gratitude to our esteemed Board of Directors, Shareholders, and the Reserve Bank of India (RBI) for entrusting me with the responsibility of guiding the Bank at a crucial juncture in its journey.

I would like to extend my utmost gratitude to Mr. Raj Vikash Verma, our esteemed former Chairman of the Bank. Amidst the challenges posed by the COVID-19 pandemic, inflation, liquidity issues, and volatility in interest rates, Mr. Verma adeptly steered the Bank in the right direction with his exceptional knowledge and skills. His strategic guidance and sagacious leadership have significantly strengthened the Bank's sustainable business model, ensuring its long-term success and preparedness for future opportunities.

Expanding Horizons: Cross-Border Solutions

AU SFB has now gone live with cross-border trade and foreign exchange business post securing the Authorised Dealer Category I (AD-I) licence from the RBI in April 2023. This allows the Bank to operate in the foreign exchange market, enable forex transactions and support EXIM and retail customers by offering cross-border trade solutions and remittances.

AU DigiTrade

The AU DigiTrade portal is an online platform tailored for MSMEs. It enables them to initiate trade transactions, track their status, and access detailed reports online seamlessly and efficiently. **Currently, Issuance of Foreign Currency Letters of Credit (FCLC) is live across** major currencies such as USD, GBP, and EUR, enabling importers to manage their international trade transactions effectively and conveniently.

AU Trade Finance Services

Our Trade Finance and Forex Services for our Export and Import (EXIM) customers include,

Export and Import Financing: We offer pre- and post-shipment finance options, along with hedging facilities such as forward covers to mitigate currency risks.

Document Handling and Regulatory Compliance: The Bank ensures smooth processing of export and import documents, aligning with international rules and RBI guidelines.

Special Accounts for Exporters: The Bank offers specialised accounts like Exchange Earners Foreign Currency (EEFC) and Diamond Dollar Accounts (DDA) for export customers.

AU Remit

AU Remit is designed to streamline international fund transfers for NRIs, resident individuals and proprietorship firms under the Liberalised Remittance Scheme (LRS) for various purposes including education, family maintenance, and health services etc. This platform facilitates easy and efficient money transfers with features such as **Multiple Currency Options, High Transaction Limits, User-Friendly Interface, 24/7 real-time tracking services and Easy accessibility via web portal as well as 200+ trade-enabled branches.**

WHO WE ARE

Committed to Creating Value Responsibly

At AU SFB, our corporate governance philosophy—anchored to the principles of ‘AU Dharma’—emphasises on core values such as customer focus, diligent work, attention to detail, entrepreneurial responsibility, nurturing talent, and fostering collaboration. This philosophy guides every facet of our operations, ensuring that integrity, transparency, and swift actions are embedded in our daily practices.

We are dedicated to enhancing our governance and compliance procedures to effectively navigate the regulatory and business environments in which we operate. Our focus on robust risk management and internal controls, guided by a balanced and diversified Board, empowers us to meet our responsibilities effectively. As we drive our business forward, our governance framework aims for operational excellence and sustainable profitability while contributing positively to our community.

Board Discussions

During FY 2023-24, Board meetings were conducted at regular intervals, with high engagement and a participation rate of over 98%. These meetings were crucial in guiding your Bank forward by providing strategic direction on critical issues. The discussions ranged from refining long-term goals to compliance with applicable regulations. Key topics included:

1. Approved amalgamation of Fincare Small Finance Bank Limited into and with AU Small Finance Bank Limited
2. Approved Green Deposit Policy and Framework for AU Green Fixed Deposit
3. Reviewed the Business Plan for FY 2023-24
4. Appointment of Mr. H. R. Khan as part-time Chairman of the Bank w.e.f. 30th January 2024

Board Architecture

Structured to balance expertise across various domains, the Board consists of a diverse mix of members - 7 Independent Directors, 1 Non-Executive and Non-Independent Director, and 2 Executive Directors - with a broad range of experience and skills. This composition ensures varied perspectives in decision-making processes, thereby enhancing the strategic

direction and management of the Bank. The Board is supported by several specialised Board-level Committees and Board-delegated Committees, each tasked with focused oversight in their respective areas. This structure enables the Board to efficiently address complex challenges and opportunities, uphold transparency, and maintain regulatory compliance.

Board of Directors	Tasked with guiding the long-term strategic direction of the business, enhancing shareholder value, and safeguarding the interests of all stakeholders.
Board Committees	Supervise specific operational domains, offering insights and recommendations derived from specialised expertise.
Management	Enforces established policies and protocols, overseeing daily operational activities and management.

A Bank for Generations: Empowering Dreams of Aspiring भारत

Sanjay Agarwal
Founder, MD & CEO

Our Esteemed Stakeholders, Namaskar!

As we celebrate the 7th anniversary of our Bank, I am really proud to reflect on our journey—a transformative saga that mirrors the relentless and nurturing flow of a mighty river, reshaping the landscape it traverses. Our seventh year has been particularly momentous, marked by strategic expansions and robust foundational growth that have prepared us to navigate the future with confidence and clarity.

Over these years, we have meticulously planned each step

of our evolution, ensuring that our growth is not only sustained but also strong against the vagaries of socio-economic fluctuations. We are committed to being a sustainable and stable 'Forever Bank,' building a legacy that stands the test of time and significantly contributes to the nation's growth and prosperity of communities.

Over the last seven years, our journey has been nothing short of a roller coaster ride, filled with challenges and opportunities. The last fiscal year was no different, presenting its unique set of trials and prospects. As we continue to evolve, our experience and

**“क्या कहता है परिदा
खोल दो मेरे पंख को
क्योंकि अभी तो मैंने
धरती नापी है
आसमां अभी बाकी है”**

learnings have honed our ability to respond to challenges with firmness and agility. We are not just better at navigating obstacles; we are mastering them. Our approach to seizing and leveraging opportunities has also advanced, enabling us to maximise benefits for the Bank. With refined operations and strategically aligned

long-term objectives, we are well-positioned for sustainable growth and enduring success.

As we celebrate seven years of transformative banking at AU Small Finance Bank, we reflect on a journey marked by a consistent growth and progress. Embracing the idea that the journey matters as much as the destination, we have cherished every milestone of this journey—achieving success, overcoming challenges, and learning valuable lessons. Now, with sharpened strategies and a clear vision, we are ready to embark on AU@2027, the next crucial phase in our first foundational decade, continuing our commitment to Forever Banking.

Strengthening Foundations for a Future-Ready AU Small Finance Bank

As part of our strategic move, we achieved a landmark event this year with the acquisition of Fincare Small Finance Bank. Post-acquisition, as of April 1, 2024, our combined forces have created a powerhouse in financial services

with a customer base of 1.10+ Crore and 46,000+ dedicated employees across 2,383+ touchpoints in 21 states and 4 union territories. Our reach and impact now extend to every corner of India, from north to south and west to east, solidifying our presence nationwide. With a combined net worth of our Bank approaching ₹15,000 Crore and asset and deposit base each nearing ₹1 Lakh Crore, these figures stand as testaments to our strengthened capabilities and our promise of inclusivity and diversity in service. This merger not only expanded our footprint but also solidified our financial foundation, with a balance sheet surpassing ₹1.25 Lakh Crore.

Our vision is to contribute to building a robust economy that empowers every individual and strengthens the fabric of our nation.

With a broader product range already in place, the acquisition has further enriched our product suite. We are equipped to cater to a diverse range of financial needs of customers right from the lowest strata (through products like Microfinance, Small and Marginal farmer financing, etc.) to the key segments driving India's growth specially MSMEs (through products like Micro Business loans, Business Banking, Emerging enterprise financing, NBFC funding, Real Estate project financing, etc.).

We provide complex financial solutions to our business customers

for their business transactions (current account solutions), trade and forex requirements, cash management services, transaction banking, etc. For personal financial needs of our customers, we have a comprehensive offering comprising of vehicle financing, home loans, gold loans, personal loans, insurance (life, health, motor, general), wealth solutions (MF, ASBA/IPO, Broking services, PMS), forex etc. apart from the regular banking products for short term savings and term deposits. Our payment solution is complete with Debit and Credit cards, UPI QR, FASTag, BBPS, NEFT, RTGS, IMPS, etc.

We serve our customers through multiple channels which include not only our physical touchpoints and feet on street but also our well accepted digital channels viz. our mobile apps AU0101 and Business App, Video Banking, WhatsApp Banking, Chatbot and IVR. That is why our Bank is now a complete Bank.

FY 2023-24 marked a significant milestone in our history with the amalgamation of Fincare SFB, first in the SFB space and being viewed among the quickest mergers. This event stands as a testament to the confidence placed in us by both our regulators and the stakeholders of Fincare.

With an enhanced geographic footprint that ensures our presence in every corner of the country with both body and soul and a comprehensive suite of financial products, we have fortified our commitment to serving every segment of society. Additionally, our skilled and robust workforce propels us forward, truly defining what it means to be a Complete Bank.

Operational Excellence: Driven with Vision and Impact

Let me share our financial performance which is a testament to our strategic vision, and dedicated execution, showcasing our strong commitment to you, our valued stakeholders.

Last year as well, global headwinds, particularly in the form of inflation and high interest rates, posed significant challenges and impacted our cost of funds by ~85 basis points. We were not able to pass on the impact of higher cost of funds as our customer base comprise largely of the bottom of pyramid borrower and also, due to a major proportion of book being at fixed rate, repricing was limited, resulting in further pressure on our margins.

Further, in recent years, we also made strategic investments in technology enhancements, covering both essential operational activities and newer offerings such as our credit card products, video banking, QR codes, and the upgraded AU0101.

Last two years also witnessed unprecedented focus of regulators towards strengthening financial system resilience and stability,

Figures are, as on 31 March 2024/for FY24; excluding exceptional item

leading to stringent compliance practices with rigorous supervision and enforcement, keeping the system alarmed.

All the above factors converged in the last year leading to a dip in our Return on Assets (RoA), which we still managed to maintain at 1.6% (excluding exceptional items). We believe this situation will improve over the next 2-3 years as the interest rate cycle eases and the benefits of our investments start to materialise. We are proud of and believe these are prudent investments and essential for our platform with a long-term vision.

In spite of these challenges, there have been several accomplishments visible in the above mentioned numbers. These are not just figures; they reflect our strategic planning, collective efforts, and

the trust you have placed in us, underscoring our commitment to fostering long-term growth. We are not merely navigating the financial landscape; we are actively shaping it. Our focus remains on driving sustainable growth, fostering innovation, and delivering exceptional value to our stakeholders. Looking ahead, we are committed to maintaining our path of excellence, ensuring that AU continues to be a pillar of strength and a leader in the financial sector.

We want our stakeholders to recognise the significant trust and confidence that regulatory bodies have placed in us, even during challenging times. This trust is evident through several key achievements: the rapid approval of our merger within just 4.5 months,

the successful completion of three Annual Financial Inspections (AFI), the granting of the AD-1 licence, the extension of executive terms (for MD & CEO and ED) for consecutive periods, and our likely fitment with the recently released guidelines for transitioning to a Universal Bank. These milestones highlight the transparency and integrity of our operations, underscoring our commitment to building a Forever Bank.

Throughout our journey, we have meticulously refined every aspect of our operations. This includes enhancing product offerings, delivery mechanisms and, distribution channels. We understand the importance of risk management for a sustainable growth. We are equally focused on continuously strengthening our risk management practices and have put in place robust internal controls and review mechanisms. We have independent verticals for risk management, internal audit, compliance and vigilance. We are constantly upgrading our systems for cybersecurity and customer complaint handling and providing the best banking experience to our customers.

These efforts have resulted in a process-oriented, future-ready structure that positions us well for ongoing success. After years of dedication and hard work, we are now beginning to realise the benefits of our consistent efforts. Our strategic planning and decisive actions have set a solid foundation, and we are confident that we will continue to achieve outstanding results as we move forward.

Leveraging Technology to Remain Future-ready

We have invested in building a strong, robust, and scalable technology stack, which has enabled us in our journey to build a deposit focused, low-cost retail franchise. We have been continuously executing on clearly defined tech priorities across digital stack, data stack, core tech and Infra, cybersecurity and people. It is very satisfying to see our strategic investment in tech over the years has made us a tech-led Bank.

- ♦ **Building a Full-stack Digital Bank** - Focused on building trust through Convenience, Speed, Security, Flexibility, Availability and Customer obsession, we have built a suite of digital offerings that leverage our highly scalable and robust tech stack. AU0101 - our flagship digital offering with more than 200 services for our retail

customers is now being used by more than 3 Million customers. Adoption of AU0101 is further enhanced by wholistic offerings around Wealth, Insurance and Credit Card. This year, we rolled out AU0101 Business for our merchant customers. We are very confident that AU0101 business will turn out to be preferred digital platform for our current account customers. We take pride in being industry leaders in Video Banking space. Approximately 40% of the total customer acquisition now is done digitally through AU0101 and Video Banking

- ♦ **Digitisation and Automation to Build Operating Efficiency** - We have built digital apps for customer onboarding and servicing for our customers in assisted mode through our branches. This year, we migrated our Wheels onboarding journey to a completely digital, paperless

workflow platform built on Salesforce with entire business rule engine being powered by FICO. This has given us more than 15% operational efficiency on an immediate basis. FICO's decisioning platform is now helping us underwrite more than 30% two-wheeler loans in an STP mode.

♦ **Next-gen Data Lake to Drive Personalisation and Cross-sell -**

We have worked extensively on building data capabilities, which are leveraged to drive customer delight, through enhanced product recommendations across asset and liability products.

♦ **Enhancing our Core Tech Capabilities -**

We are constantly upgrading our tech stack to meet the Bank's digital aspirations. Last year, we upgraded our core banking system (Oracle - Flexcube) to the latest version. This year, we enhanced our data centre infrastructure by migrating physical DC and DR to a new location and consolidating various data centre infra. We also modernised our digital stack by making it cloud native and migrated AU0101 to cloud.

♦ **Enhancing Cybersecurity -**

Cybersecurity remains our key focus area and we have been investing in best-in-class tools and services including implementation of defense in depth. We also achieved PCI - DSS certification this year which is a major testimony to various cybersecurity controls and processes that we have implemented.

We as a Bank are on the right track in terms of building one of the finest technology-driven bank in the country. Our merger with Fincare Bank has given significant boost to our overall tech capabilities. I believe our customer facing digital properties built on world-class platforms like Salesforce, Oracle, Fiserv, FICO, etc. merged with unique in-house talent built at Fincare will add complementing skillset and make a very strong technology unit.

Pioneering Governance with Seasoned Leadership

We are privileged to have a robust and stable Board guiding us. I am delighted to welcome H.R. Khan sir, as our Chairman of the Board and Mr. Divya Sehgal as a new Board member. Our governance framework has been further strengthened with an eight-member Board, seven of who are Independent Directors. I also want to express my sincere gratitude to RV Verma sir, our former Chairman for his extensive expertise and leadership, which greatly enhanced our governance. The baton of excellence and commitment he upheld will now be seamlessly passed on to H.R. Khan sir, ensuring the continued success and stability of our organisation.

We also extend a warm welcome to Mr. Rajeev Yadav as our Deputy CEO, who led Fincare SFB as MD & CEO. His leadership and expertise will be invaluable as he manages Fincare unit as part of integration of the Fincare unit with AU and spearheads IT and Tech initiatives at AU SFB. We are confident that his contributions will significantly bolster our journey towards

becoming a premier technology-driven retail banking leader.

We, at AU, have always believed that good governance is the cornerstone to building trust with our investors, customers, employees, and regulators. Our strong governance framework is designed on having right culture, empathy, integrity, ethics and responsibility in our action that has helped us to become a credible Bank.

Investing in People: Progressive HR Practices at AU

We are committed to creating a Bank for all, a Bank that is built to endure through the ages, a beacon for all the generations. I personally believe that no institution can thrive without its people, as they are fundamental to success of the organisation. We unlock their potential by offering them challenging roles and implementing comprehensive plans for their training and development from the moment individuals apply for a position until their retirement or departure from the organisation.

Over the years, our commitment to prioritising people has not only enhanced our internal culture but also propelled our workforce growth significantly, from 8,000+ to 46,000+ employees by FY24. Our management team boasts an average tenure of approximately 10 years, showcasing the longevity and stability of our leadership. We take pride in nurturing homegrown talent, with many leaders who have been integral since our Bank's inception. We have established a distinctive organisational structure

Mr. Sanjay Agarwal interacting with the HR team

46,000+

Total workforce

designed to facilitate and support succession planning. The Bank has also formed several high potential employees groups to foster a targeted approach to succession planning and focused development of successors. Our Talent Management team has implemented focused initiatives to retain top talent and enhance longevity of employees.

Diversity is integral to our success, bringing varied perspectives and enhancing our collective journey forward. We cultivate and promote an inclusive environment that celebrates diversity in thoughts, regions, education, age, gender, and beyond, weaving our culture into a cohesive thread. Our workforce comprises of skilled professionals from prestigious institutions such as IIMs, IITs, NITs, CA, CS, and others. Through our industry-leading people practices, we consistently attract talent from a wide range of industries and multinational companies. Notably, our female employee

representation has grown to around ~10% as of FY24, and we have also created opportunities for specially-abled employees within our workforce.

As MD & CEO, nurturing a culture of care and progressive HR practices is my foremost priority. The well-being and family welfare of our employees are paramount, and we remain steadfast in our dedication to this cause. We are dedicated to empowering our team members through innovative initiatives like menstrual leave; which offers additional leave to women employees, our PCS (Prevention, Cure, Security) Programme; providing assistance to employees and their families, AU Forever Pass; ensuring assurance of rejoining opportunities and many more initiatives. Our ESOP scheme has enabled employees at every level to build wealth. These industry-leading practices exemplify our commitment to our workforce's well-being and support.

Whatever initiatives we are taking for employees' well-being and development are being acknowledged by our people and industry. Testimony of this is

that we are being recognised at Asia Pacific level three times in a row, and most recently, we have been recognised among India's Best Companies to Work in 2024 with 56th rank, surpassing 2,000 competitors.

The Bank is committed to keep evolving the people-centric initiatives and will stand as a beacon for future generations, committed to generating meaningful employment opportunities across the nation.

“True success is not defined by the scale of your business, but by the positive change you create in the lives of your employees and the broader community.”

Sustainability at the Core, Eco-conscious Leadership

I personally believe that anything that is to go forever must be built on the principles of sustainability. We are sustainable by design and our journey as a Small Finance Bank (SFB) was conceived with the intent of driving financial inclusion for the unbanked and the underbanked section of the economy.

As a Bank, we believe in giving back to society which provide us resources and opportunity to build this institution. Hence, ESG is an integral part of our organisation. Our intent is to keep planet first in our thoughts and actions and to foster ethos of One Earth, One Family, One Future. Bank's efforts are 'incremental but sure' step to help bridging funding

gap to achieve India's Net Zero targets. Further, to mitigate the risk of scarcity of resources for our generations to come, we must pivot our finances towards green finance. We launched the 'Planet First - AU Green Fixed Deposit,' fully compliant with the new RBI framework that also supports climate risk mitigation. We got an overwhelming acceptance from our customers and society, and within four months of its launch, we have raised ₹600 Crore Green Fixed Deposit. We have already allocated ₹120 Crore towards projects focused on renewable energy, clean transportation, and related green initiatives. We are currently in the process of deploying the remaining funds into additional green initiatives.

Owing to key strategic focus on ESG, we have been rated by multiple sustainability rating platforms. Sustainalytics rated us 'Low ESG Risk' (one of few Indian banks to achieve a low ESG risk); MSCI ESG rated us as AA; and continuously improving on DJSI, CDP and other platforms. These ratings are conformity evidence of our continued focus on sustainability drive across the Bank. Sustainability will remain a key focus area for our business.

Stepping Ahead Towards Empowering भारत

In the tapestry of AU Small Finance Bank's ethos, a golden thread of social responsibility weaves through every fiber. Our institution stands not merely as a financial entity, but as a catalyst for community transformation. We envision our role as custodians of progress, dedicated to cultivating

a landscape where every individual can flourish and contribute to our nation's vibrant mosaic.

In our efforts to consistently reach the unreachable, we spearhead transformative change through impactful flagship and strategic initiatives since 2018.

Our comprehensive approach illuminates paths to progress for underprivileged communities, fostering empowerment, equality, and sustainable development. By addressing crucial societal pillars - education, women's empowerment, sports, livelihood, healthcare and others - we catalyse holistic growth.

Our AU Ignite skill training programme marks a significant milestone, celebrating five years of dedicated efforts in empowering over 21,540 individuals, achieving a commendable 78% placement rate. By equipping youth with job-related skills, we have not only enhanced employability but also catalysed economic growth at the grassroots level, fostering a cycle of progress and prosperity of भारत.

21,540

Individuals empowered by AU Ignite skills training program

AU Udyogini was recognised as the "Most Impactful Women Employment Initiative of the Year" at the Indian CSR Awards, 2023

Our commitment to women's empowerment is exemplified by AU Udyogini, recognised as the **'Most Impactful Women Employment Initiative of the Year'** at the Indian CSR Awards, 2023. This programme has equipped over 2,500 rural women with entrepreneurial skills, providing a robust foundation for their financial independence and families growth.

As a Bank, deeply committed to promoting sports, our AU Bano Champion programme passionately nurtures sports talent at grassroots. To date, we have trained over 8,100 athletes in their journey from "मैदान से मंज़िल तक". This initiative plays a pivotal role in preparing kids and youth for national and international acclaim, reflecting our enduring dedication to holistic community development.

These endeavours epitomise our resolute commitment to social responsibility and our firm belief in the transformative power of collaborative action. While our CSR initiatives were initially conceived in Rajasthan, they have now spread their roots across the country, embodying our vision of nationwide impact. Our trajectory, propelled by ardent dedication and guided by profound empathy, is focused on creating a more empowered and

equitable nation, touching lives far beyond our origin.

The Road Ahead for India: My Perspective

India's recent general elections, conducted seamlessly, have reinforced faith in our democracy and established a stable government that inspires market confidence. I strongly believe that India's growth trajectory will surprise the world, given the significant reforms undertaken over the past 30-35 years. With one of the highest projected GDP growth rates globally, India is on track to become a \$5 Trillion economy by 2027 and a \$30 Trillion economy by 2047, fuelling optimism among businesses, entrepreneurs, and citizens from all walks of life.

Over the past few decades, progressive reforms have transformed India into a land governed by the rule of law, with heightened compliance, governance, and transparency,

bolstered by our growing digital capabilities. Institutions like RBI, SEBI, IRDA are playing a tremendous role in strengthening the overall financial system and the financial services industry. Key public institutions such as SIDBI, NABARD, MUDRA, NHB and LIC are playing pivotal roles in driving the nation's objectives.

India is in a robust position, with public resources and funds being deployed effectively and our rising tax collections are being productively deployed for the country's development. through Government initiatives like GST, RERA, and the PLI scheme have significantly streamlined business operations and accelerated economic development.

In the digital arena, India is a frontrunner, positioning itself as the tech leader of the world. Starting with proficiency in IT services a few decades ago, India took advantage of cheap data and mobile penetration, built India stack, start-

up ecosystem, payment infra and have now reached a stage of data led credit disbursal, democratised digital public infra and are already using AI and ML applications for last-mile penetration.

Post-COVID, India has emerged as a critical component in the global supply chain. The MSME sector is carving out its niche, significantly contributing to the nation's growth. Measures taken by the Government to formalise the MSMEs and create an ecosystem for them has seen good success such as Udyam registration, GST, TReDS financing.

India's capital market is poised for long-term expansion, thereby enabling mobilisation of savings from households and institutions for capital formation. Rise of the capital markets is helping to allocate resources efficiently, improving corporate governance by enhancing transparency and accountability.

India has the largest youth population in the world which is increasingly contributing to the economic development of India. People have become aware about their own well-being which has created, lot of commitment and confidence towards our collective future.

Despite last year's global geopolitical and macroeconomic challenges, India effectively managed the high inflation and high-interest regime and at the

same time maintained its growth momentum. Real GDP growth in the past three years have averaged 8.3% annually, the highest in the world. The performance of the Indian economy in recent years highlights its historical resilience.

The Reserve Bank of India has made progress in lowering inflation after introducing its medium-term inflation target band in February 2015. Inflation has generally remained within the central bank's 2%-6% range in recent years, burnishing its record of inflation management. As of April 2024, inflation has also fallen back to within its target range, after a period of high price pressures in 2022. Sustained deceleration in price growth has allowed the central bank to conclude its monetary tightening campaign. We expect a moderately easier monetary policy stance before the end of fiscal 2025.

Strong revenue gains have helped India's fiscal consolidation. For the interim budget of fiscal 2025, the central government has planned for a deficit of 5.1% followed by 4.5% for fiscal 2026. After a wait of 14 years, global rating agency S&P Global, revised India's sovereign rating outlook to 'positive' from

'stable' in India's robust growth and rising quality of government spend.

The moderation in trade deficit alongside sustained buoyancy in services exports and remittances have led to current account surplus in Q4 FY24, for the first time since April-June 2021. Current account deficits are likely to remain small over the next few years while domestic demand stabilises and the weaker Rupee boosts competitiveness. The inclusion of Indian government securities in the JP Morgan Global Bond Index - Emerging Markets from June 2024 and in the Bloomberg Emerging Market Local Currency Government Index from January 2025 also augurs well for the outlook for debt capital flows to India.

Domestic regulatory initiatives continue to focus on the resilience of financial intermediaries, bolstering efficiency within financial markets, implementing global best practices, streamlining, regulatory compliance processes and enhancing customer protection measures. Regulators are consolidating the gains of the past while remaining vigilant in monitoring and adapting to the evolving financial landscape

and making the financial system future-ready.

Crafting Way Forward

These developments invigorate us and our entire team, propelling us to contribute to India's growth through our exemplary banking platform. Our current market share is ~0.5% of total industry advances and 0.4% of total industry deposits thereby, providing us significant room for expansion. We are confident that our platform stands out as one of the most regulated, compliant, trusted, and powerful resource for the broader public good. Leveraging these strengths, our Bank is ideally positioned to take advantage of these opportunities. India's rise as a global leader perfectly aligns with our strategic vision, allowing us to build on these solid foundations and drive our future expansion. We foresee significant growth potential in our Balance Sheet, aiming for a CAGR of ~25% over the next three years.

Despite the challenges we faced last year, our performance was notably positive and optimistic.

We are focusing on making our liability franchise profitable at the branch level, particularly as branches mature in two to three years of vintage through a balanced mix of low-cost (Current Accounts and Savings Accounts) and bulk deposits, cross-selling and generating fee income from third-party products. We are recalibrating our portfolio mix towards higher-RoA assets

Bank branch at Koramangala, Bengaluru

(Wheels, MBL, etc.) to enhance profitability. Our strategic investments in technology and the credit card business have positioned us as a market leader and we will continue to optimise our core digital platform, ensuring that future investments further enhance its capabilities and improve cost-efficiency in customer acquisition. We remain committed to upholding high standards in our asset quality.

Most importantly, with your continued support and blessings, we are thoroughly assessing the guidelines for transitioning into a Universal Bank, with plans to apply under the guidance of our Board. This strategic evolution will pave the way for our future growth, enhance our brand presence, wider acceptance, reduce regulatory constraints, and improve operational efficiency.

In conclusion, I want to assure you that we are in a strong and stable position. We have meticulously built a robust foundation to create a Bank for generations—a 'Forever Bank'. Every decision and strategic move have been thoughtfully planned and executed by subject matter expert, always prioritising long-term business sustainability over short-term gains and we remain confident in our path forward.

“As the MD & CEO, and the custodian of your trust, I am committed to steering AU Small Finance Bank as the most reliable, well-governed, process-oriented, operationally proficient, and technologically

advanced ethical organisation, supported by the best talent pool. We are striving for perfection in every field to achieve excellence. Let us be inspired by the words of Vince Lombardi: “Perfection is not attainable, but if we chase perfection, we can catch excellence.” Together, we will reach remarkable milestones and build a legacy of lasting success for all our stakeholders.”

Banking on Aspirations

Uttam Tibrewal
Executive Director and Deputy CEO

Dear Stakeholders,
Namaskar!

“I am pleased to share our performance and achievements over a momentous year. We continue to march ahead in our forever journey by strengthening our commitment to building ‘भारत’ and expanding our world-class banking services internationally, solidifying our journey with an even stronger foundation.”

More importantly, we remain true to our founding principles of providing security, building trust, compliance orientation, and maintaining strong governance ecosystems in India’s evolving banking and financial services landscape.

With the global economy continuing to face multiple challenges such as rising commodity prices, geopolitical tensions and sustained inflation, Indian economy continues to stand tall - a symbol of strength. During FY 2023-24, India remained the fastest-growing major economy and well-positioned to become a \$5 Trillion economy by 2027. Further, despite a higher interest rate environment, credit growth was at 16% while deposits growth was at 14%, which reflects an overall positive consumer and investor sentiment.

Banking on भारत

The banking system, being the bedrock of the economy, is poised to embrace tremendous growth

opportunities over the next few years. Being a firm believer in the India growth story, we see potential upside coming from the largest youth demography and the fact that more than 60% of population resides in semi-urban and rural areas - where we see an ample scope for financial inclusion and expansion of banking services. By catering to these underserved and unserved segments of society, we are driving shared prosperity across the nation while paving our own growth path.

Merger with Fincare SFB

Our merger with Fincare Small Finance Bank underscores our commitment to financial inclusion across India, solidifying our position as a comprehensive bank. This merger enhances our presence in South India, resulting in a combined customer base of approximately 1.1 Crore and a dedicated workforce of over 46,000 employees. With 2,383 touchpoints across 21 states and 4 union territories, we now have a true pan-India footprint offering a full spectrum of products and services. The merger sharpens our focus on semi-urban and rural markets, which account for over 70% of our touchpoints, and strengthens our book value, margins, and Return on Assets (RoA).

Enabling Transactions Beyond Borders

The Bank obtained the Authorised Dealer Category I (AD-I) licence from the RBI, allowing us to conduct a wide range of foreign exchange transactions. The Bank launched ‘AU Remit’ and ‘AU DigiTrade’ platforms, tailored to serve the distinct needs

of Retail and MSME customers. ‘AU Remit’ redefines the process of performing international fund transfers under the Liberalised Remittance Scheme (LRS) for Non-Resident Indians and domestic clients. Similarly, ‘AU DigiTrade’ provides MSMEs with robust tools for managing trade finance and forex services, facilitating everything from export finance to digital transaction tracking.

Innovative, Industry-first Solutions

The Bank launched the AU SPONT Rupay Credit Card which enables users to seamlessly link the card to their preferred UPI application, thereby facilitating convenient payments. Our NOMO (No Missing Out) credit card is designed for users who may not meet the criteria for unsecured credit cards. Further, we launched ATM Insurance, which enables our customers to buy insurance through our ATMs with their debit card - an industry first innovation that we have patented. In addition, we launched WhatsApp Insurance where our customers can get a policy instantly using the platform.

AU@2027: A Vision for the Future

As we chart our course for the next three years, a central pillar of our strategy is to increase the disbursement share of high ROA, high-yielding assets, such as vehicle loans, micro business loans, and microfinance. These segments are expected to constitute approximately 75% of our portfolio by 2027, up from the current 70%. This expansion is supported by our increased distribution capabilities,

enhanced branch banking profitability, calibrated investment and deeper penetration into geographies, enabling us to tap into a broader market base.

Concurrently, optimising branch profitability remains a primary focus. We aim to strengthen our current account base to at least 7.5% of deposits from the present 5% and maximise all asset verticals, including credit cards, wealth management, and commercial banking, to boost branch-level profitability. This objective is pivotal as we target to achieve profitability in approximately 65% of our branches (as of December 2023) by 2027.

Further, our investment strategy is undergoing a calibration. With a solid digital platform already in place, future investments will concentrate on maximising its potential rather than expanding it. This approach extends to our credit card business where we plan to maintain issuance levels akin to FY 2023-24 to manage acquisition costs effectively, while increasing the proportion of cards sourced through branches. This, combined with the maintenance of a healthy CASA ratio and prudent credit disbursement, positions us well for sustainable growth.

In Conclusion

The Indian economy is estimated to grow by 7%, backed by above average monsoon and a revival in rural demand. The Indian financial sector, overall, has been stable and resilient, as reflected in the improved performance of banks, improved cost-deposit ratio and enhanced capital buffers. We are excited about the potential that lies ahead.

259

Urban branches as on March 2024, as compared to 98 as on March 2020

I extend my deepest gratitude to our employees, customers, shareholders, regulators, and other stakeholders for your continued trust and support.

Together, we are firmly on course in our forever journey.

“The only limit to your impact is your imagination and commitment.”

Recalibrating for 2027

At AU Small Finance Bank, we have envisioned a strategic roadmap aimed at achieving higher profitability by establishing clear strategic objectives for the next three years.

Our Enablers

Vintaged Higher RoA Businesses

Our Wheels, MBL, and Fincare businesses have consistently delivered high Return on Assets (RoA). This robust performance instills confidence in our ability to sustain and further accelerate the growth of these businesses.

Complete Product Suite for Cross-Sell

Our efforts are directed towards growing the share of Current Accounts supported by our AD-I licence and cross-selling more products to our existing customers - Insurance, Wealth Management, Credit Cards, Transaction Banking and Business Banking.

Pan-India Network and Cost Synergies

With 2,383 touchpoints across India post-merger, we have established a pan-India network. The merger will also lead to reduction in incremental cost of funds for the Fincare unit.

Newer Initiatives Have Scaled

Our newer initiatives have successfully scaled, allowing us to control variable costs in new businesses. Additionally, higher sourcing through branches will help in reducing acquisition costs.

Through the Cycles Track Record

We have a consistent track record of maintaining underwriting standards with continued focus on strong financial practices through various business cycles.

Realigning Portfolio Mix

Focus Areas

We aim to focus our growth efforts on high Return on Assets (RoA) businesses such as Vehicle Financing (Wheels), Micro Business loans (MBL), and Microfinance.

Approach

We intend to increase the share of, high RoA businesses from ~70% to 72-75% over next 3 years. This strategic adjustment involves enhancing product offerings and leveraging technology to improve service delivery and customer satisfaction in these key areas.

Doorstep services to MBL customers

Focus on Branch Banking Profitability

Focus Areas

We aim to enhance the profitability of our branch banking by leveraging branches as the primary channel for origination and growing the current account business. We intend to make 65% of our branches that are live as on December 2023, profitable by March 2027.

Approach

The Bank aims to grow current account deposits to -7.5% by March 2027. We will leverage our commercial banking and AD-I opportunities, particularly focusing on EXIM accounts.

We are also prioritising the cross-selling of wealth management, insurance, and credit card products to our branch banking customers. This is supported by aligning branch expansion plans with cost optimisation strategies, where no new branches are planned for FY 2024-25, and an addition of 80-100 branches is projected between FY 2025-26 and FY 2026-27. This controlled growth is set against the backdrop of building out higher balances from existing urban branches. This dual focus on customer deepening and operational efficiency is designed to sustainably grow branch profitability.

Leveraging Merger Benefits and Synergies

Focus Areas

The merger is strategically focused on leveraging synergies across assets, liabilities, and control functions. Key areas include:

- Extending AU's deposit and asset products to Fincare's branches.
- Centralising critical control functions like credit, audit, risk management, and compliance.
- Extending microfinance and other Fincare products at select AU's branches.

Approach

This merger aims to enhance our geographic reach into South India, promoting a seamless distribution network for our products over the next three years. It promises to be accretive to both RoA and book value, focusing on high-RoA businesses that are expected to increase disbursement yield. The merger aims to boost lending to the Small and Marginal Farmer (SMF) segment in particular.

Additionally, the Bank anticipates compelling synergy potential in deposits, asset cross sell, technology, and scale-driven efficiencies. Overall, cost synergies are anticipated post-complete integration, streamlining operations and enhancing profitability.

Investment Calibration

Focus Areas

We have identified several key areas for investment recalibration to enhance our profitability. These include Credit Cards, QR Codes, Video Banking and other digital initiatives.

Approach

The Bank has no significant new investments envisaged over the next 3 years. We are moderating the growth of credit card issuances to effectively manage acquisition costs. We are also aligning QR code merchant sourcing with branch banking strategies to deepen current account penetration, enhancing customer integration and service accessibility.

Furthermore, there is also a dedicated focus on optimising video banking - transforming it to act as a channel for liabilities and customer acquisition. Ongoing developments in digital initiatives continue as part of the business-as-usual (BAU) activities, aimed at strengthening digital penetration and enhancing customer acquisition.

Maintaining Best-in-Class Asset Quality

Focus Areas

We strive to preserve pristine asset quality for vintage businesses, ensuring high risk-adjusted returns. Additionally, there is a strong emphasis on maintaining credit card asset quality in line with industry standards.

Approach

To achieve these objectives, the Bank employs a rigorous risk management framework that includes continuous monitoring and assessment of asset quality. The Bank also utilises advanced analytical tools to identify potential risks early and implements proactive measures to mitigate them. Regular audits and reviews are conducted to ensure adherence to the highest standards of credit assessment and asset management.

Strengthening Resilience and Relevance

We maintain a transparent and responsible approach to addressing the issues that impact our stakeholders and, in turn, impact our ability to create value for them. We proactively identify, assess, and manage these issues, aligning our responses with the strategic objectives while delivering sustained growth against an ever-evolving financial backdrop. This approach strengthens our business resilience and enhances our reputation as a trustworthy and forward-thinking financial institution.

Addressing Material Issues

ENVIRONMENT

Climate Risk

Climate is a fast-emerging risk. For the Bank, addressing physical as well as transition risk is of significance. We are in the process of implementing a comprehensive climate risk management strategy that includes risk assessment models, regular environmental impact evaluations, and strategic investment in green technologies to mitigate adverse effects on our operations.

Sustainable Operations

We actively reduce our carbon footprint by optimising energy use across all facilities, implementing green building standards, and promoting digital transactions to minimise paper usage, thereby enhancing overall environmental stewardship.

Water Conservation

We have adopted water-saving technologies and engaged in community outreach programmes to promote water conservation practices both internally and within the communities we serve.

Resource Efficiency

We emphasise resource efficiency by utilising advanced technologies to reduce waste and enhance recycling efforts. Our operations prioritise on maximising resource efficiency, minimising environmental impact, and promoting sustainability across all aspects of our business.

Our Product Offerings - Social and Climate

We provide financing for green projects, support environmental friendly enterprises, and offer products that encourage sustainable practices among our clients, contributing to broader environmental and social well-being.

SOCIAL

Diversity and Inclusion

We actively recruit from diverse demographic workforce and implement policies that promote an inclusive culture, ensuring equal opportunities for growth and development for all employees.

Corporate Social Responsibility

We invest in community development, education, and health programmes, aiming to make a positive impact on society by enriching the communities we operate in.

Employee Health and Well-being

We offer comprehensive health programmes, including wellness workshops, mental health support, and fitness facilities. We ensure a supportive work environment that promotes mental health.

Stakeholder Engagement

We value the input of customers, employees, and community members and use their feedback to inform and shape our policies and practices.

Financial and Digital Inclusion

We develop products that facilitate access to financial resources and digital banking solutions. Our initiatives aim to promote financial literacy across diverse population segments.

Employee Training and Education

We focus on upskilling and reskilling, preparing our workforce for future challenges and ensuring they remain at the forefront of the banking industry.

GOVERNANCE

Product Innovation

We continuously focus on designing new financial products that meet the evolving needs of our customers, ensuring relevance and competitiveness in the financial sector.

Economic Performance of the Bank

We implement rigorous financial management, strategic planning, and efficiency drive to deliver sustainable returns.

Cybersecurity

We regularly update our security protocols and conduct comprehensive risk assessments to safeguard against evolving cyber threats.

Data Privacy

We ensure that customer data is handled with utmost confidentiality and in compliance with global privacy standards.

Compliance

We adhere to all regulatory requirements and continually update our practices in response to new laws and regulations.

Brand and Reputation Management

We engage in community relations, customer service excellence, and transparent reporting to maintain and enhance our public image.

Ethical Business Practices

We have established a code of conduct that emphasises integrity and accountability, ensuring that all business practices are conducted fairly and ethically.

Customer Satisfaction

We actively solicit customer feedback through multiple channels and adapt our services and products to better align with their needs.

Customer Segmentation

Your Bank employs a comprehensive customer segmentation strategy that categorises customers based on geographic location, profession, and income/affluency levels. The Bank operates in core, urban, and semi-urban areas, catering to a diverse demographic that includes salaried and self-employed individuals, as well as farmers. The segmentation by income includes marginal, affluent, and mass-affluent categories, allowing the Bank to tailor its products and services to meet the varied financial needs of each group effectively. Our product suite ranges from AU Ivy for HNI customers to microfinance for marginal borrowers. In our credit card offerings, we provide a comprehensive range of products, from the Zenith Plus credit card for the affluent segment to an FD-backed card for customers with limited credit history.

Customer Engagement Strategy

The Bank engages with its customers through a variety of channels to ensure accessibility and convenience. These methods include:

- **AU0101 App:** A central digital platform for most banking services.
- **Call Centre:** Provides personalised customer service and support.
- **Doorstep Banking:** Delivers banking services directly to customers' locations, ideal for those unable to visit branches.
- **Customer Chatbot and Video Banking:** Offers real-time assistance and complex banking services through digital platforms.
- **Established Network of Branches:** Traditional in-person service locations across diverse geographic areas.

Creating Value for Customers

We provide a range of innovative financial products for our customer base. This includes our industry-first credit cards, each designed with unique features that cater to various spending behaviours, accommodating the financial preferences and lifestyles of different customer segments. Some of our credit card introductions include: ixigo-AU Co-branded Credit Card, AU SPONT Rupay Credit Card, Secured Credit Card - NOMO (No Missing Out), and the likes.

Additionally, the AU0101 Business app serves as a financial management tool for business customers. This integrated solution combines sales tracking, payments, and credit management into a single platform, enhancing the operational efficiency of businesses. Furthermore, we have excelled in regional banking services with our Video Banking offering. This service merges convenience with personalised customer care, enabling customers to conduct detailed banking transactions remotely.

Feedback Mechanisms

The Bank has established a comprehensive feedback mechanism to address customer grievances and improve service quality. We encourage customers to report complaints through various channels, including the AU0101 app, customer chatbot, and direct calls. Each complaint is tracked and resolved promptly, with statistics on complaint resolution regularly published to ensure transparency and build customer trust. Furthermore, customer feedback drives continuous service enhancements and overall efficiency.

Physical Wellness

AU SFB believes in maintaining a healthy workforce. Our physical wellness programmes are designed to keep our employees fit and engaged, contributing to their overall productivity and well-being.

Fitness Initiatives and Events

To promote physical health and foster team spirit, we organise annual sports events that have become an eagerly anticipated highlights for our staff. To keep our employees physically active and promote healthy competition, we organise a sports festival, i.e. AU Khelotsav featuring cricket, badminton, table tennis and AU Marathon. Last year, these events saw a notable increase in engagement:

- **AU Khelotsav:** Over 3,000 employees participated, including two exclusive women's tournaments.
- **Fitness Challenges:** Activities like the 'Biggest Loser Challenge' and various running and cycling events keep our employees motivated to stay fit year-round.

Health and Wellness Support

Recognising that fitness extends beyond physical activity, we celebrate International Yoga Day with workshops across various locations, promoting mental and physical wellness. We understand that fitness is not a one-day activity but an everyday commitment, so we encourage employees to go for regular health checkups, donate blood, use stairs, etc.

Blood Donation Drive at AU office

To further support our employees, we provide:

- **Wellness App:** A wellness app available 24/7 in multiple languages, offering free medical consultations and facilitated medicine deliveries.
- **Medical Facilities:** We offer access to medical facilities, including tie-ups with renowned hospitals, ensuring comprehensive healthcare support. We have even addressed everyday needs like providing sanitary napkins in offices, providing medical rooms in offices, transportation facilities, etc.

Mental and Emotional Wellness

AU SFB recognises the unique emotional and mental needs of each employee. We aim to sufficiently support our employees' health and enhance our organisational culture.

Creating a Supportive Environment

We strive to create an atmosphere where employees feel comfortable in expressing themselves freely and openly. To this end, we:

- **Encourage** open dialogue to break stigma around mental health by conducting workshops on topics like 'Men Can Share' and 'Unconscious Bias'.
- **Regular Check-ins:** Employees are regularly contacted via email, calls, or forms to gauge their feelings about the workplace and provide an open platform for sharing concerns.

Sabbatical Leaves and Flexible Working Arrangements

Understanding the importance of taking time-off, we offer

- ◆ **Sabbatical Leaves:** Employees can take time off for physical and mental well-being programmes, skill development courses, or urgent personal matters. This benefit is also extended to new mothers needing additional time-off.
- ◆ Employees can avail **pre-approved leaves on their birthdays and wedding anniversaries**, accompanied by personalised greetings.
- ◆ **Enhanced Paternity Leave:** Paternity leave is enhanced to 7 days beyond regular privilege leave to promote gender equality and enable male employees to support during childbirth.
- ◆ **Menstrual Leaves:** We provide additional pre-approved leave each month to women employees for menstrual care.

Women's Day Celebration

Promoting Well-being and Inclusivity

Our commitment to wellness and inclusivity includes:

- ◆ **World Happiness Day Celebrations:** We celebrate world happiness day by promoting employees to share joyous moments and thoughts, enhancing workplace positivity.

- ◆ **Flexible Working Hours:** Offered in select departments to provide employees with greater comfort and adaptability.
- ◆ **Celebration of Milestones:** We celebrate all occasions and achievements in the lives of our employees, whether personal or professional, such as celebrating the arrival of newborn/s, work anniversaries, etc.
- ◆ **AU Forever Pass:** High-potential employees who part ways with the Company receive this pass as a token of appreciation, symbolising our perpetual welcome.

Financial Wellness

AU SFB understands that financial wellness is crucial for the overall satisfaction and security of our employees. We are committed to fostering economic stability and helping our employees achieve their financial goals through comprehensive support programmes and benefits.

Compensation and Rewards

We believe that merit should be recognised and rewarded:

- ◆ **Stock Options:** We believe in acknowledging notable achievements of employees by rewarding them with stock options on milestone years and to top performers. This aligns employee growth with the Bank's success, encouraging long-term association and financial growth.
- ◆ **Annual Performance Appraisal Cycle:** We conduct thorough benchmarks against industry standards to ensure fair and competitive compensation, maintaining both external market competitiveness and internal parity.

Financial Support Programmes

To assist our employees in managing their financial needs and aspirations, we provide:

- ◆ **Special Rate Loans:** Employees have access to loans at special rates for various needs, including personal, home, and vehicle loans, ensuring they have the financial support needed without undue stress.
- ◆ **Education Assistance Programme:** We support the educational aspirations of our employees with fee reimbursements, facilitating continuous learning and career development.
- ◆ **Around 3,000 employees** took advantage of vehicle, home, and personal loans offered by AU in FY 2023-24.

Vikram Singh Chauhan
Sr. Credit Manager –
Agri Banking Jodhpur

“ I had a family medical crisis recently, and I was incredibly relieved by how quickly and smoothly the company's emergency loan came through. It was a huge relief during a stressful time, and I genuinely appreciated the straightforward and caring approach from everyone involved. It felt like the company had my back when I needed it the most.”

+ Employee speak

Virendra Fageria
Regional Technical
Manager-Mortgage
Jodhpur

“ I availed the personal loan under the employee benefit programme, and the experience was nothing short of exceptional. From start to finish, the process was simple. At every step, the team kept me posted about which stage my loan was at and guided the completion of the entire loan process.

It is a good initiative taken by the management. Their proactive approach not only simplified the application process but also ensured that the necessary information was readily available, making the entire experience hassle-free. Moreover, receiving the loan on time was incredibly beneficial for me personally. It provided financial support when I needed it the most.”

Insurance and Emergency Support

We provide comprehensive insurance coverage for all our employees and their dependents. This includes medical, personal accident, and life insurance, ensuring that in the event of an emergency, our employees have the peace of mind knowing that they

and their families are protected. This alleviates concerns about financial burdens that may arise from unexpected health issues or accidents, thereby allowing our employees to focus more on their personal and professional growth.

Social Wellness

AU SFB aims to create a supportive and inclusive environment where every employee feels valued and connected. We understand that social wellness is crucial for a healthy workplace, and we implement various initiatives to ensure our employees feel a strong sense of belonging and empowerment.

Engagement and Inclusion Programmes

We prioritise diversity and inclusion, ensuring that our workplace reflects the wide array of talents and backgrounds that our employees bring:

- ◆ **Engagement Programmes:** We conduct festival and birthday celebrations, town halls, 'Coffee with HOD' and 'Decaf' skip-level discussions, which enhance communication across all levels and foster a sense of community.

- ◆ **MD & CEO Connect Platform:** Our MD & CEO addresses the employee queries every quarter, highlighting performance of the Bank in the previous quarter and shares his vision of upcoming quarter via Reflection and Anticipation session.
- ◆ **Recognition Programmes:** We celebrate and acknowledge the hard work of our employees through SPOT awards, Value awards, and off-site events, especially recognising exceptional performances.

Talent Development and Diversity

Building a diverse and skilled workforce is a cornerstone of our strategy:

- ◆ **New Hires:** This year, we welcomed 14,000+ new employees, enhancing our capabilities across various functions and locations.

Milestone achievement celebration

- ◆ **Local Talent Engagement:** We emphasise on hiring local talent and provide equal opportunities regardless of gender, caste, creed, religion, or social background, ensuring a diverse and inclusive workplace.
- ◆ **Focus on Diversity:** Our Board committees guide our efforts to enhance focus on diversity, covering women, specially-abled employees, and educational backgrounds. We aspire to increase women representation to around 10% by 2025.
- ◆ **Educational Diversity:** To welcome young talented individuals, we have well-defined programmes like:
 - ◆ **AURIFY:** Hiring talent from Tier-1/2 Colleges and giving them a holistic experience of department through on the job trainings and interactions with leadership team.
 - ◆ **AURIC:** Giving internship opportunities to students around the globe. 120+ interns hired in the last FY.
 - ◆ **AU Shine:** Making IT students Fintech ready through classroom coaching, TTT programmes and on the job projects. 50+ Students trained in the last FY.

Independence Day Celebration

Work-Life Balance and Well-being

We recognise the importance of balancing professional and personal life:

- ◆ **Maternity and Sabbatical Leaves:** We offer extended maternity leave and sabbatical options to women post maternity and for other medical reasons, supporting them in critical life stages.
- ◆ Our P.C.S. (Prevention, Cure, Security) initiative underscores our dedication to supporting employees during challenging times. Initially launched during the pandemic, this programme now extends to those facing terminal illness, with significant investment and coverage for affected employees and their families.

Beneficiaries

- ◆ 6 families supported in 2023-24 under P.C.S.
- ◆ 18 employees benefitted in 2023-24 under P.C.S.
- ◆ 26,000+ registrations on Medical App
- ◆ 32,000+ dependents added on Medical App

Safety and Accessibility

Ensuring a safe and accessible work environment is crucial for us:

- ◆ **Infrastructural Support for Specially-abled Employees:** We have enhanced our facilities with ramps, voice-activated lifts, and specialised headsets to ensure easy accessibility for all.
- ◆ **Strong Grievance Mechanism:** We have robust mechanism in line with HR compliance that allows employees especially women to raise any concerns.

Learning and Development

Investing in our employees' growth and development is key to our success:

- ◆ **Training and Development:** With over 9,40,587 training hours logged this year, our learning programmes include e-learning, skill development workshops, and leadership development initiatives.
- ◆ **Partnerships for Development:** In collaboration with a renowned external agency, we have implemented a succession planning programme to prepare for future leadership needs.

Yoga Sessions at office premises

Recognition and Certifications

Our efforts in creating an exceptional work environment have been widely recognised:

- ◆ **Employee Satisfaction and Engagement:** Our annual AU Vibes survey, conducted via an AI chatbot, scored a 91% satisfaction rate, reflecting high employee engagement and trust in leadership.

Regulators and Government

We ensure our compliance with all applicable laws and regulations and regularly engage with RBI, SEBI, other regulatory bodies and policy makers to uphold the highest standards of regulatory, legal and ethical conduct.

At AU SFB, we also facilitate a host of central, state and local government businesses, policy initiatives and implementation of various development agendas and schemes of the government. Further, we support their digital transformation by offering omni-banking channels for collections and payments, and cash management services, among others.

Regulatory Compliance and Oversight

The Bank is primarily regulated by the Reserve Bank of India, which oversees our banking operations, ensuring adherence to financial practices that protect customer interests and maintain market integrity. Additionally, as a publicly traded entity on the National Stock Exchange and Bombay Stock Exchange, the Bank is subject to the regulations of the Securities and Exchange Board of India (SEBI). The Bank follows the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015,

emphasising transparency through regular financial disclosures and reporting significant events that could impact stakeholders.

Adherence to Regulatory Requirements

We place a strong emphasis on rigorous financial disclosures and regular auditing processes to ensure transparency and accuracy in our financial reporting. Compliance extends to obtaining necessary approvals and licences for new financial products and services, including the AD-I licence for forex trading, which reflects the Bank's

capability to meet regulatory requirements.

Contribution to Policy Formulation

Beyond compliance, we actively participate in the broader financial regulatory landscape by engaging with regulators and policymakers. We also contribute to policy formulation through discussions and forums that aim to shape the future of banking regulations. The Bank's efforts to train employees on compliance and regulatory matters create a culture of ethical banking and governance.

Expanding Financial Inclusion in Rural India

We engage in government initiatives that aim to provide financial services to underserved sectors of the economy. With a presence in 31% of Unbanked Rural Centres (URC), we aim to narrow the gap in financial services and fostering rural growth.

We have structured our outreach in 50 Special Focus Districts, covering 94 touchpoints in 23 Aspirational Districts, 13 Left Wing Extremist Affected Districts, 13 Hill State Districts, and 1 North Eastern Region District. By leveraging both physical and digital banking modes, we aim to enhance the financial well-being of rural communities. **Our network, comprising 81 rural branches and 253 banking outlets, serves area with populations below 10,000.**

PM SVANidhi

Supporting the livelihood of street vendors, we have facilitated microloans to over 1,200 vendors under the PM SVANidhi scheme. This initiative empowers vendors by providing them with necessary financial resources to sustain and grow their businesses.

We have also collaborated with the Reserve Bank Innovation Hub (RBIH) to digitise loan disbursements for street vendors. This digital and consent-based architecture enables seamless onboarding and quick disbursement of PM SVANidhi loans.

Pension Schemes

We actively promote pension schemes such as the Pradhan Mantri Jeevan Jyoti Bima Yojana (PMJJBY), Pradhan Mantri Suraksha Bima Yojana (PMSBY), and Atal Pension Yojana (APY). As of FY 2023-24, we have enrolled 1,00,800+ individuals in PMJJBY, 1,41,000+ in PMSBY, and 1,03,000+ in APY, providing crucial financial security to numerous families.

PM Jan Dhan Yojana (PMJDY)

Under the PMJDY scheme, we have opened 4,67,400+ Basic Savings Bank Deposit Accounts (BSBDA). These accounts facilitate direct benefit transfers, ensuring timely and efficient disbursement of government benefits to beneficiaries. In FY 2023-24 alone, ₹15.5+ Crore was transferred to Aadhaar-seeded accounts.

Investors and Shareholders

The Bank is backed by prominent investors who have brought invaluable financial expertise and market credibility. We regularly engage with our investors to understand their expectations while ensuring that they remain well-informed about our operational performance, strategic decisions and future direction. This ongoing engagement supports our vision of building enduring relationships with the investor community, enabling us to garner continued support in our forever journey.

Dividend Distribution Policy

Our dividend distribution policy is designed to ensure a balance between rewarding shareholders and retaining adequate funds for future growth, all while adhering strictly to the regulatory guidelines. The policy conforms to the stipulations of the Banking Regulation Act, 1949, RBI guidelines, and the Companies Act, 2013, alongside the SEBI regulations. This policy outlines the Bank's methodological approach to dividend declaration, placing significant emphasis on several critical factors. These include the Bank's financial performance, shareholder expectations, capital adequacy, and strategic funding requirements. This structured framework ensures a balanced and informed decision-making process concerning dividend distributions, aligning with the Bank's overarching financial objectives and shareholder commitments.

Creating Long-term Investor Value

We have consistently prioritised creating value for our investors by focusing on robust financial performance and sustainable business practices. Our strategic priorities for AU@2027 outline a clear path towards achieving a higher Return on Assets (RoA). Further, the merger with Fincare SFB is a step towards enhancing our market penetration and asset base, expected to improve margins and overall return metrics.

We have also maintained a strong execution track record, which has seen a consistent growth in our deposits and advances. Our commitment to maintaining best-in-class asset quality and our strategy of focusing on secured and high-quality underwriting ensures lower credit costs and enhances earnings stability.

Investor Outreach and Engagement

Our approach to investor outreach and engagement is characterised by transparency, communication, and regulatory compliance. The Bank regularly communicates its financial results through detailed investor presentations aligned with the quarterly and annual disclosure schedules. These presentations are shared with major stock exchanges and are available on the Bank's website, ensuring wide accessibility and ongoing communication with the investor community. Additionally, we host conference calls where investors can directly engage with senior management to discuss the Bank's financial health and strategic direction. These sessions, along with their recordings and transcripts are made accessible on the Bank's website to maintain a transparent communication channel.

Through these efforts, we ensure a dynamic and informative engagement with our investors, fostering a climate of trust and transparency that is essential for nurturing long-term investor relationships and supporting the Bank's growth trajectory.

Q&A session with Investors & Analysts

Financial Performance for FY 2023-24

We reported a strong financial performance in a challenging economic environment characterised by tight liquidity and higher interest rates. **The Bank's deposits grew by 26% YoY, with a gross advances increase of 25%, reflecting a solid growth momentum. Our focus on maintaining a high-quality loan portfolio is evident from a GNPA ratio of 1.67% and an NNPA ratio of 0.55%, with a provision coverage ratio (PCR) of 75.9%.**

Profitability metrics remained strong with a reported Return on Assets (RoA) of 1.6% and a Return on Equity (RoE) of 13.5%, excluding exceptional items related to the merger. The Bank's Net Interest Income (NII) grew by 17% year-over-year, and earnings were supported by a 69% increase in other income, strengthened by fees from credit cards and third-party products.

Digital Transformation in Vehicle Loan Onboarding

AU Small Finance Bank has a strong legacy of serving rural and semi-urban markets since its inception in 1996. With a commitment to financial inclusion and technological innovation, the Bank aims to consistently enhance customer experience and operational efficiency. To further this mission, we partnered with Salesforce, a global leader in CRM solutions, to transform the digital customer onboarding process for vehicle loans.

Customer-centric Approach

New features and policies were introduced to address customer needs, ensuring an end-to-end digital onboarding process across various digital channels. This customer-centric approach prioritised convenience and efficiency, elevating the overall experience for vehicle loan customers.

Operational Efficiency

The integration enhanced operational efficiency by integrating advanced reporting capabilities and streamlining the processes for underwriting credit decisions. Data and documents were verified digitally, facilitating a smooth transition to a paperless workflow. These efforts collectively improved the Bank's operational performance and reduced reliance on manual tasks.

Implementation and Outcomes

Technology Integration

The Bank digitised the entire customer journey for vehicle loans by utilising Salesforce's API stack to integrate with AU SFB's existing systems. This reduced manual data entry through automated processes and streamlined data validation for faster and more accurate processing. Additionally, real-time dashboards were implemented for improved monitoring and reporting, creating a cohesive and efficient digital solution.

Objectives

The primary objectives of this collaboration were to:

- ◆ Enhance the customer onboarding experience for vehicle loans.
- ◆ Streamline operations to improve efficiency.
- ◆ Reduce manual data entry and validation processes.
- ◆ Implement real-time dashboards and advanced reporting capabilities.
- ◆ Create a fully digitised solution for relationship officers and business managers.
- ◆ Expedite the Turnaround Time (TAT) for customer acquisition.

Energy Management

AU SFB's energy management strategy focuses on reducing consumption and enhancing efficiency across all operations. We have invested in energy-efficient infrastructure, including LED lighting, HVAC systems, and energy management systems to monitor and manage energy use effectively. Initiatives like solar panel installations at various branches and transitioning to green buildings have been implemented in the direction of sustainable energy use. These efforts reduce our carbon footprint while cutting operational costs and furthering corporate responsibility.

Emission Management

Understanding the urgent need to address climate change, AU SFB has implemented emission management practices. We regularly assess and report our greenhouse gas emissions, setting science-based targets to reduce them. Through carbon offset programmes and stricter emission controls, we aim to move towards carbon neutrality, aligning with global standards and contributing to the fight against climate change.

Skill Development

We recognise the importance of empowering individuals and fostering sustainable economic growth. Our approach to skill development includes a range of innovative programmes and initiatives designed to enhance professional capabilities across various sectors.

Established in Jaipur in 2018 with modest beginnings, AU Skills Academy evolved into AU Ignite under the Centre of Excellence in September 2021. It aims to empower underprivileged youth across Rajasthan with skills for employment in BFSI, Healthcare, Hospitality & Tourism, and IT & ITeS sectors. By March 2025, AU Ignite plans to train over 28,000 individuals, emphasising both job-specific and life skills. AU Ignite follows the Hub & Spoke model aligned with NCVET guidelines wherein Hub offers upskilling and reskilling courses such as Full Stack Development, Sales Force & Artificial Intelligence and the Spoke academies cater to initial-level skill development.

A dual-phase initiative, to promote skill development through diverse events:

- **AU Skills Marathon:** Expert-led online sessions across BFSI, IT, Health, and Hospitality drew 900+ participants.
- **AU Skillathon:** Featuring tests, group discussions, interviews, and skill demonstrations.

Several trainees from our hospitality and tourism programme have secured overseas placements, reflecting our programme's global employability.

AU Bano Champion offers guided sports training to kids and youth across Rajasthan, fostering talent in athletics, football, volleyball,

throwball, kabaddi, wushu and boxing through locally identified coaches. With over 8,100 beneficiaries, it aims to enhance technical standards and expand its reach, nurturing athletes from grassroots to international levels.

Last year, we organised village level tournament in August, with over 30,000 children participating. The district-level tournament saw over 5,800 participants. Furthermore, the State Level Sports Tournament took place at SMS Stadium in Jaipur where 1,500+ participants competed across seven sports.

Enhancing Brand Recall

We focused our marketing efforts on amplifying brand awareness, deepening stakeholder engagement, and scaling customer acquisition. Our initiatives, broadly categorised as ATL (Above-the-Line) and BTL (Below-the-Line), spanned various channels to ensure resonance with our intended audience.

Leveraging digital platforms, influencer marketing, and on-ground activations, we created a holistic and impactful presence.

Building a Forever Brand

The year FY24 was a year of large-scale marketing initiatives that were both innovative and impactful, aimed at amplifying brand awareness, deepening engagement with our stakeholders, and scaling up customer acquisition. As a complete bank with a pan-India presence, we continue to build a 'Forever Bank' brand where accessibility, innovation, and customer convenience are at the forefront.

Driving Awareness through Brand Campaign

In October 2023, we launched the second edition of Badlaav Humse Hai, featuring leading actor and our brand ambassador, Kiara Advani. The primary objective of the campaign was to reinforce AU's brand identity and build recall for the Bank's key offerings, namely Savings Account, Current Account, and Video Banking. We launched #SochBadloAurBankBhi to reflect the ideology of making a Badlaav for better banking.

The campaign was planned meticulously considering our target audience and delivered through media vehicles like Television, Print, Radio, Digital & OOH. On social media, we created several posts that were shared in collaboration with Kiara herself and drove massive engagement

A still from our recent campaign featuring Kiara Advani and Piyush Mishra

for the campaign. Additionally, in line with the growing thought-leadership of women in financial decision-making, we collaborated with 11 women fin-fluencers to emphasise how women in finance are taking the lead in financial discourse as society evolves, creating an association of 'Badlaav' with empowerment.

Lending Muscle to Business

The team's strategic efforts have significantly strengthened business across multiple verticals, driving engagement, conversion, and growth.

In FY 2023-24, our major focus for Performance Marketing was to

increase digital business for CASA & Credit Card through targeted campaigns across leading digital platforms. Our efforts resulted in an incredible 40% jump YoY in new Savings Accounts, while Credit Card disbursement from Digital Media Channels jumped 32% YoY.

For existing customer campaigns, we employ best-in-class Martech solutions that provide an omnichannel experience with real-time trigger capabilities. Our sophisticated campaign management system enables execution of customer communications while managing multiple data sources and audience segments. Through a mix of innovative strategies

and data-driven insights, we are consistently driving cross-sell and customer engagement with healthy results.

Launching Diverse Liability Programmes

Our segmented product launches highlight our commitment to meeting evolving consumer needs. Through our digital platforms like AU0101 app, our website, or physical branches, we ensured customers could access relevant products conveniently and efficiently.

Visibility through Partnerships and On-ground Events

To strengthen business relationships and support the entrepreneurial ecosystem, we partner with events organised by CII, ICAI, ICSI, BCC&I, FICCI, among others. Among the year's biggest events was Global Fintech Festival 2023, where we showcased our digital offerings through an experience centre to give a glimpse of our superior digital customer journeys besides

AU SFB's pavilion at Global Fintech Festival, Mumbai

launching AU Zenith+ Credit Card and co-branded products with NPCI. Further, we sponsored 'Hackathon' which was organised by Rajasthan Police; we made our presence felt at 'JITO Connect 2023', 'Startup Xchange' and ICAI event 'Vedaa', among others, to forge strong connections with professionals, investors, and industry leaders.

Promoting health and wellness on International Yoga Day

Our Founder, MD & CEO interacting with a customer at JITO Jaipur

As a community-engagement initiative, we provided local traffic police departments with booths and barricades for road safety. We were the title sponsors for the PGTI Jaipur Open Golf Tournament 2023 and AU Cyclothon, and banking partners for the 'Powai Run' marathon and 'Run for Health Udaipur.' To enhance brand visibility among the masses, we promoted cultural programmes such as Ganga Kinare and Meet Brothers' music concert. Special events like Ayodhya Temple event, Holi, Diwali, Women's Day, Mothers Day, and Republic Day were celebrated with customers, enhancing brand engagement, as well as branch visibility and business.

Management Discussion and Analysis

Economic and Industry Overview

Global Economy

The global economy has been resilient in spite of uneven growth among countries and various macroeconomic challenges. The world had to grapple with supply chain disruptions in the aftermath of the pandemic, followed by energy and food crises engendered by Russia-Ukraine conflict, and a significant rise in inflation leading to tightening in monetary policy by major central banks.

The growth outlook for upcoming years seems promising but characterised by disparity among countries. While low-income countries are still recovering from the pandemic effects, developed nations are back to near normal. There are persistent concerns regarding inflation and central banks' need to remain vigilant as it may impact growth prospects.

World Economic Outlook (Real GDP, Annual % Change)

Growth Projections	2023	2024 (E)	2025 (E)
World Output	3.2	3.2	3.2
Advanced Economies	1.6	1.7	1.8
Emerging Market and Developing Economies	4.3	4.2	4.2

Geopolitical conflicts have also become more frequent and pose substantial challenge for the world economy.

According to the latest World Economic Outlook projections, growth this year and next will hold steady at 3.2%, with median headline inflation declining from 2.8% at the end of 2024 to 2.4% at the end of 2025.

Indian Economy

The Indian economy registered a better-than-expected growth in FY 2023-24, beating estimates of economists and various organisations across the globe. Despite a challenging global environment and persistent inflationary pressure, the Indian economy showcased a remarkable resilience clocking a growth of 7.8%, 7.6%, 8.4%, 7.8% in Q1, Q2, Q3, and Q4 respectively.

Although GDP growth exceeded expectations, inflation remained a challenge throughout the year. To keep inflation in the target range, RBI kept the repo rate at 6.5% for the entire FY 2023-24.

The political stability over the last decade has enhanced the ease of doing business. This has helped attract foreign direct investments leading to more job creation and propelling economic growth.

Outlook for India

India remains a shining star in the global growth story for FY 2024-25. Inflation has been subsiding making room for easing of monetary tightening by the RBI. Rural demand has been catching up and the outlook for agriculture appears bright, with

good rabi crop and improved prospects of kharif crops, due to expected normal monsoon. The IMF recently raised India's GDP growth forecast by 30 bps to 6.8% for FY 2024-25 citing continuing strength in domestic demand and a rising working-age population. Similarly, the World Bank has revised India's GDP growth figures by 20 bps to 6.6% for FY 2024-25. As per a report released by the Ministry of Finance, the Indian economy is set to achieve nearly 7% growth in FY 2024-25.

Small Finance Banks

Small Finance Banks (SFBs) were introduced to bring financial services to underserved parts of India. Despite facing hurdles like demonetisation, GST, the NBFC crisis, and the COVID-19 pandemic, SFBs have shown remarkable resilience. While they have established a presence in the banking sector, there is an immense potential for growth. Currently, SFBs hold a modest share of the market, at around 1% in both deposits and loans.

Loans and Advances

While microfinance formed the core business of most SFBs emerging from microfinance institutions (MFIs), they have undergone a significant shift in recent years. SFBs have diversified their loan portfolios, venturing into areas like MSME loans, home loans, and gold loans. This strategic move represents a transition from unsecured microfinance loans to more secured forms of lending. Consequently, the share of microfinance loans has been steadily declining, making way for a more balanced and robust Loan Portfolio.

Asset Quality

SFBs cater to underserved customers, often with limited credit history. This exposes them to a relatively higher risk of loan defaults, especially during economic downturns. The COVID-19 pandemic significantly impacted these borrowers, leading to a temporary rise in NPAs (non-performing assets) for SFBs. However, the NPA levels began to decline as soon as the pandemic subsided. This swift recovery demonstrates the underlying strength of the SFB business model and has bolstered public confidence in these innovative financial institutions.

Opportunity

There is a positive correlation between GDP growth rate and credit demand. India being one of the fastest-growing economies of the world, there is enormous potential for banks to grow. The potential is even more for SFBs as they are the ones who are focused on serving the customers in the hinterlands. As financial literacy increases in rural India, SFBs are expected to get rewards for the hard work they have put in so far on both Liabilities (CASA, TD, etc.) and Asset (Loans) fronts.

The SFB lending opportunity will be largely supported by the rural and semi-urban segment, the presence of informal credit channels, geographic diversification, loan recovery mechanism, the ability to manage local stakeholders, access to low-cost funds and significant cross-selling opportunities. India offers a vast opportunity landscape for SFBs catering to the informal economy. Despite its larger contribution to GDP of 47%, the rural segment's share in credit remains low at approximately 9%-10% of the overall credit outstanding. Further, there are ~7 Crore MSMEs in India contributing ~30% of the country's GDP and ~48% of total exports.

Universal Bank

The RBI via a notification in April 2024, has allowed Small Finance Banks (SFBs) to voluntarily convert into Universal Banks.

This marks a progressive step in SFB regulations as it now opens doors for various SFBs to convert themselves into Universal Banks. This will allow them to offer a wider range of products and services without necessarily constrained by ticket size or higher PSL requirement.

To qualify, as per the RBI guidelines, SFBs need a five-year track record, strong financials, and a stock exchange listing among various other parameters.

This shift could foster a more competitive banking environment in India, potentially benefitting consumers with more options while graduating SFBs to a more sustainable platform of Universal Bank.

Passing on the baton to AU's newly appointed Chairman Mr. H.R. Khan

Our Business Overview

FY 2023-24 turned out to be another impressive year for the Bank as we moved with a calibrated growth approach. There were certain macro challenges as the repo rate remained at elevated levels and global uncertainty continued. However, we saw a robust credit demand and the operating metrics of the Bank remained very strong.

Key Activities

To build a Bank that sustains forever, our foundation mindset needs to go beyond stability and growth. It requires us to be more proactive and have a forward thinking and innovative approach. In pursuit of this objective, the Bank initiated various steps during FY 2023-24 and some of the key accomplishments/initiatives includes:

AU SFB x Fincare Merger

Fincare Small Finance Bank (Fincare SFB) amalgamated with and into AU Small Finance Bank (AU SFB) w.e.f. 1st April 2024, marking the first such

consolidation in the SFB space. The merger is expected to provide AU SFB with enhanced access to South India, significantly expanding its distribution network. This increased presence will facilitate the distribution of the Bank's diverse range of products and services to a wider customer base, strengthening its market position in the region.

With this, AU SFB has a franchise with a combined base of about 1.1 Crore customers, 46,000+ employees, and a network of 2,383 physical touchpoints across 25 states and union territories, having a deposit base of ₹97,704 Crore and a balance sheet size of ₹126,693 Crore.

Appointment of Mr. H.R. Khan as Part-Time Chairman

During the last quarter of FY 2023-24, the Bank appointed Mr. H.R. Khan as part-time Chairman. Mr. Khan is a former Deputy Governor of RBI and has over four decades of experience in Banking & Finance, Payment and Settlement systems, Economics and Financial Markets. His experience will be extremely critical in our forever journey of Banking.

AD-I Licence from RBI

AU received the much-awaited permission from RBI to act as an authorised dealer. This allowed us to deal in foreign exchange and offer cross-border trade and services, positioning us well to offer a complete suite of products to our customers.

Asset Quality

Building a sustainable business model for any lending institution, requires that asset quality be accorded the topmost priority. At AU SFB, credit underwriting, collections and strong asset quality have been key pillars of strength throughout our history. Our NPA recognition has been happening automatically from the system on a daily basis and in the last couple of years, this system has been tested and audited to maintain the highest levels of system integrity. As of March 2024, our Gross Non-Performing Assets (GNPA) ratio stands at 1.67%, which is among the lowest in the banking industry. Additionally, our Net Non-Performing Assets (NNPA) ratio is at 0.55% as of the same period. These figures highlight our commitment to sound asset management practices.

Technology-led Ecosystem

The integration of Salesforce's Loan Origination System (LOS) has significantly transformed our wheels division. By providing a seamless and efficient end-to-end customer journey, LOS has optimised the loan origination process, reducing operational workload by approximately 15-20%. This enhancement has led to improved customer satisfaction.

Additionally, the integration of FICO's Business Rules Engine (BRE) within the SFDC LOS streamlines decision-making

processes, enabling personalised financial solutions and enhancing response times and decision accuracy for loan applications.

We are also expanding Salesforce LOS and FICO integration to enhance the personal loan journey. This extension will further streamline processes, improve decision accuracy, and provide personalised financial solutions for our customers.

Data Warehouse and Analytical Workbench

Our recent expansion of the data platform has been instrumental in aggregating and analysing large datasets. The Data Lake, a central repository, allows us to collect structured and unstructured data from various sources, including customer transactions and market trends. Additionally, we have implemented a Business Logic Module that processes raw data into actionable insights, applying business rules and algorithms. As part of our data analytics initiative, the Credit Card Dashboard provides real-time insights into credit card usage, spending patterns, and fraud detection. These enhancements empower data-driven strategies and improve service offerings across all banking sectors.

Enhancing our Data Platforms

Branch-specific dashboards for real-time branch performance tracking and a comprehensive Customer 360 view from the data warehouse. This consolidated view empowers relationship managers to offer personalised services, identify cross-selling opportunities, and address customer needs effectively. These enhancements will drive operational efficiency, improve decision-making, and elevate customer satisfaction.

AD-I Applications

- **Implementation of Kondor Treasury Application**

Enhances financial operations and global connectivity by streamlining interbank trading processes.

Automates tasks, improves accuracy, and enhances risk assessment, significantly boosting treasury efficiency.

Utilises real-time data integration and robust analytics to empower treasury teams.

Enables teams to make informed decisions, optimise liquidity management, and mitigate financial risks.

- **SWIFT Network**

Facilitates secure interbank transactions in USD, ensuring reliable and efficient cross-border financial transactions.

Leverages SWIFT's standardised messaging system to venture into international trade, strengthening global position and facilitating seamless USD transactions.

Data Centre Migration

- **Successful Migration and Consolidation**

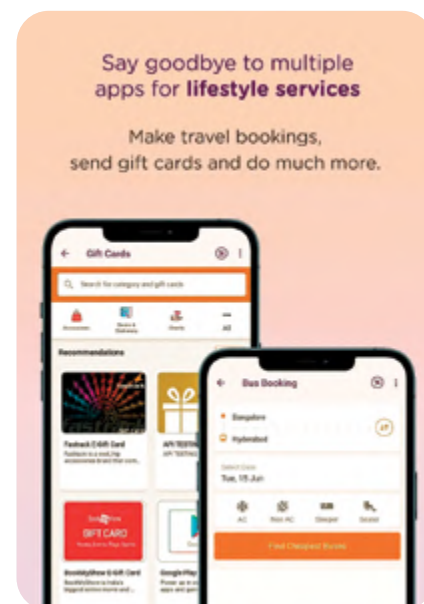

Completed the migration and consolidation of the Mumbai Data Centre (Primary Site) with significant RACK capacity expansion.

Achieved approximately 80% additional RACK capacity, enhancing scalability and accommodating future growth and technological advancements.

Increase in rack unit capacity provides additional room for servers, switches, storage devices, and other critical components.

Consolidation and optimisation have ensured seamless business continuity, crucial for uninterrupted operations during critical financial transactions.

Enhancements in infrastructure resilience include more robust redundant systems, failover mechanisms, and disaster recovery protocols.

AU0101 Business App

AU0101 Cloud Upgrade

We have successfully migrated the 'AU0101' retail internet and mobile banking application and platform to AWS's private cloud ensuring high availability, scalability, and security. During peak traffic periods, the system remains responsive and reliable, meeting customer demands seamlessly.

Robotic Process Automation

Embracing the transformative power of robotics, we have significantly enhanced operational efficiency by automating over 100 processes through Robotic Process Automation (RPA). This strategic move not only reduces manual intervention but also underscores our dedication to technological excellence and continuous improvement.

Digital Current Account

We enabled digital current account opening in FY 2022-23. We have gained decent traction on that front as the proportion of Current Account opened digitally has increased over time. In FY 2023-24, we were able to open 2.86+ Lakh accounts through video KYC without any physical interaction.

AU0101 Business App

We have also launched the AU0101 Business app to keep up with the dynamic business environment. We realised that the MSME segment requires different products and communication to run their business effectively on a daily basis. We want to replicate the success of AU0101 retail app with the MSME segment.

HR Initiatives

We promote progressive HR practices to attract quality talent and build a long-lasting relationship with our employees. We have developed a comprehensive plan in which 360-degree wellness of the employees is ensured. Broadly, we focus on four types of wellness i.e. Physical Wellness, Mental Wellness, Financial Wellness and Social Wellness. We have been organising several activities to cater to the overall wellness of our employees.

Sustainability

Sustainability is an inseparable part of our Bank's strategy and as an overarching goal, our efforts are circled around building a sustainable future for our planet through responsible business practices. Our initiatives to reduce carbon footprint through optimisation in consumption, carbon emission and proactive ways to reduce, reuse, recycle waste are some of the important activities and initiatives that will help us in achieving our goal. During FY 2023-24, we released our second Sustainability Report and formed a Sustainability Committee led by industry veteran Ms. Malini Thadani.

New Brand Campaign

Continuing with our 'Badlaav Humse Hai' philosophy, the Bank has launched its new Brand campaign, 'Soch Badlo aur Bank Bhi' with our brand ambassador Ms. Kiara Advani, covering all key communication medium to bolster our brand connect with our customers.

Securitisation

The efficient use of capital is a fundamental pillar in a bank's journey towards sustainability. Securitisation serves as an effective tool to churn assets on the portfolio and reach out to an increasing number of borrowers to help them achieve their dreams. During the year, we securitised assets worth approximately ₹6,278 Crore, strategically leveraging our capital to its potential. Our Securitisation book stands at ₹8,176 Crore.

Rural Banking

With a 31% presence in unbanked rural centres (URC) and ~90% achievement towards lending to the priority sector, we are committed to nurturing the development of the hinterlands of India. Additionally, we are working towards growing our engagement with Small and Marginal Farmers (SMF) and as a first step, we have initiated funding to Farmer Producers Organisations (FPOs).

Customer Centricity

Our experts are driven by a genuine desire to fulfil customers' needs seamlessly, available through face-to-face conversations via video banking or our user-friendly digital channels. This includes chatbots for quick inquiries, live chat for real-time assistance, and AI-based feedback surveys to constantly improve their experience. We also offer DIY solutions that empower them to manage their finances independently.

New Product Launches

- **Launch of 'AU Ivy' Programme:** Introduced an invite-only premium banking programme for High Net-Worth Individuals (HNIs), offering a completely paperless and signatureless integrated wealth management journey.

- **Video Banking for Corporate Salary Accounts:** Implemented corporate salary account opening via our video banking platform, enhancing accessibility and convenience.
- **Introduction of "Zenith+ Credit Card":** Following the success of the Ivy Banking program, launched the "Zenith+ Credit Card," a super-premium Metal Credit Card offering luxury and convenience with exclusive benefits tailored to the modern premium lifestyle.

Unsecured Lending

Having a comprehensive range of products is an essential necessity for a bank to thrive in the long term. Keeping this in mind, we are expanding digital personal loans proposition and initiating business loans to small merchants basis their transaction data on our Bank's QR. We have disbursed ₹800+ Crore in Personal Loans and ₹200+ Crore in UPI QR transactions-based lending so far.

Fixed to Floating Rate Loans

To align with the cost of funds which is largely floating in nature, our Bank is focussing on building a right mix of fixed and floating rate assets. The proportion of floating rate loans has increased from 34% in FY 2022-23 to 38% in FY 2023-24.

Green Fixed Deposits

On World Sustainability Day, the Bank has launched its first "Green Fixed Deposits" called "Planet First" to cater and support renewable and green projects and address climate change risks and reduce emissions. This product is compliant with RBI's latest framework on Green Deposits and the proceeds will be used for green lending.

Financial Performance Highlights

- **Exceptional Performance:** Despite a challenging economic environment, our Bank excelled in FY 2023-24 by focusing on strategic priorities, robust risk and compliance management, and enhancing customer experience.
- **Merger with Fincare SFB:** Completed the amalgamation of Fincare SFB with the Bank, expanding our strategic presence in South India and enriching our customer offerings.
- **Deposit Growth:** Our deposits grew by 26% YoY to ₹87,182 Crore. The CASA ratio stood at 33% as of March 31, 2024, down from 38.4% the previous year, with a CASA + Retail TD mix at 64%.
- **Advance Growth:** Gross advances rose by 25% to ₹73,999 Crore, with a securitised book of ₹8,176 Crore.
- **Profitability Enhancement:** Delivered a 12% YoY growth in profitability, reaching ₹1,592 Crore (excluding exceptional items), with RoA at 1.6% and RoE at 13.5%.
- **Asset Quality Maintenance:** Maintained robust asset quality with a GNPA of 1.67% and a Net NPA of 0.55%.
- **Cost of Funds:** Full-year cost of funds stood at 6.80%, up from 5.96% in FY 2022-23.
- **Stable CD Ratio:** The CD ratio was consistently maintained at 84%, the same as the previous fiscal year.

Deposits

Our deposits base grew by 26% YoY and stood at ₹87,182 Crore as on March 31, 2024 with consistent granularity. Our focus continues to be on quality over quantity and the same is reflected in the

contribution of retail deposits (CASA + retail TDs), which is maintained at around 64% of deposits.

We are in the middle of a 'Higher for Longer' interest rate cycle

with repo rate at 6.5%. The competition for deposits has also heightened due to tight liquidity conditions, resulting in our higher cost of funds at 6.80% (against 5.96% in FY 2022-23).

Asset Growth

Notably, within Retail Assets, Home Loans and Wheels businesses have registered an impressive growth. In Commercial Assets, all key businesses have

delivered a strong performance. Share of Commercial Assets in overall assets has increased to about 25% from 22% last year. Gradually, we are also building

Credit Cards and Personal Loan portfolio with a calibrated growth approach.

Asset Quality Performance

Gross NPA and Net NPA stood at 1.67% and 0.55% respectively as on March 31, 2024 as compared to 1.66% and 0.42% respectively, as on March 31, 2023. The continued robustness in asset quality is mainly driven by 1) increased proportion of home loan and commercial banking assets, 2) the secured and small ticket nature

of our asset book, 3) Consistent asset quality of our vintage businesses - vehicle finance and MBL.

The Bank maintained a conservative provisioning policy in FY 2023-24. Provision Coverage Ratio (PCR) stood at 75.9% as on March 31, 2024, in line

with 78.3% as on March 31, 2023. Besides provision on standard assets, we were carrying -16% provisioning against standard restructured loans and ₹41 Crore of floating provisions. Total provisions, including standard assets as % of gross advances stood at 1.55% as at the end of March 2024.

Earnings

Our net income increased by 26% to ₹6,903 Crore in FY 2023-24 from ₹5,460 Crore in FY 2022-23, driven by 29% growth in interest income and 69% growth in other income. Our net interest income increased by 17% to ₹5,157 Crore in FY 2023-24 from ₹4,425 Crore in FY 2022-23, driven by healthy loan portfolio growth of 28% and rising cost of funds.

Operational Expense

Cost-to-income ratio increased to 63.6% in FY 2023-24 from 63% in FY 2022-23, primarily due to investments in our digital franchise, building digital capabilities for the future (credit card, merchant solutions, video banking), expanding distribution and branch franchise, and investing in brand building.

Profitability

Profit After Tax (PAT) grew by 12% to ₹1,592 Crore (before exceptional items) in FY 2023-24 from ₹1,428 Crore in FY 2022-23, driven by consistent asset growth and stable asset quality.

The Bank delivered a RoA of 1.6% (before exceptional items) for FY 2023-24 as against 1.8% in FY 2022-23. In terms of RoE, the Bank delivered a RoE of 13.5% (before exceptional items) for FY 2023-24 as against 15.4% in FY 2022-23. The marginal fall in RoA and RoE is indicative of the shift in asset mix towards home loans and commercial banking-related assets. The Debt Equity Ratio for the Bank was 0.27 as on 31st March, 2024.

Liquidity

We prudently managed liquidity. The average LCR in FY 2023-24 was at 125% (vs. regulatory requirement of 100%). We also hold additional liquidity which is invested in highly rated corporate bonds.

Distribution

In FY 2023-24, we expanded our distribution and opened 17 new bank branches taking the total branch count to 629. Apart from expanding to new cities like Cuttack and Coimbatore, amalgamation of Fincare branches have provided us with pan-India distribution.

Priority Sector Lending

Informal lending at higher interest rates is still a prevalent practice in our country. It is attributed to

lack of formal banking services for a significant portion of the population and, therefore, financial inclusion of the deprived has always been the government's priority. Priority Sector Lending (PSL) has been one of the most popular and efficient channels for disseminating formal credit to the deprived.

PSL includes loans to farmers, agriculture and allied activities, food processing, MSME, housing, social infrastructure, education, and loans to certain weaker sections, with a minimum threshold to be mandatorily achieved under certain PSL categories. With an objective of financial inclusion and to ascertain formal credit flow to the bottom of the pyramid of the population, small finance banks have been entrusted to achieve at

least 75% of their advances under PSL norms.

While achieving PSL is a regulatory requirement, AU SFB has taken it as an opportunity to serve the unbanked and underserved for fulfilling credit requirements and achieving PSL targets simultaneously.

We are delighted to inform you that the Bank has been able to over-achieve regulatory PSL requirements YoY, and in FY 2023-24 too the Bank's PSL advance achievement was 90.5% against the mandatory requirement of 75%.

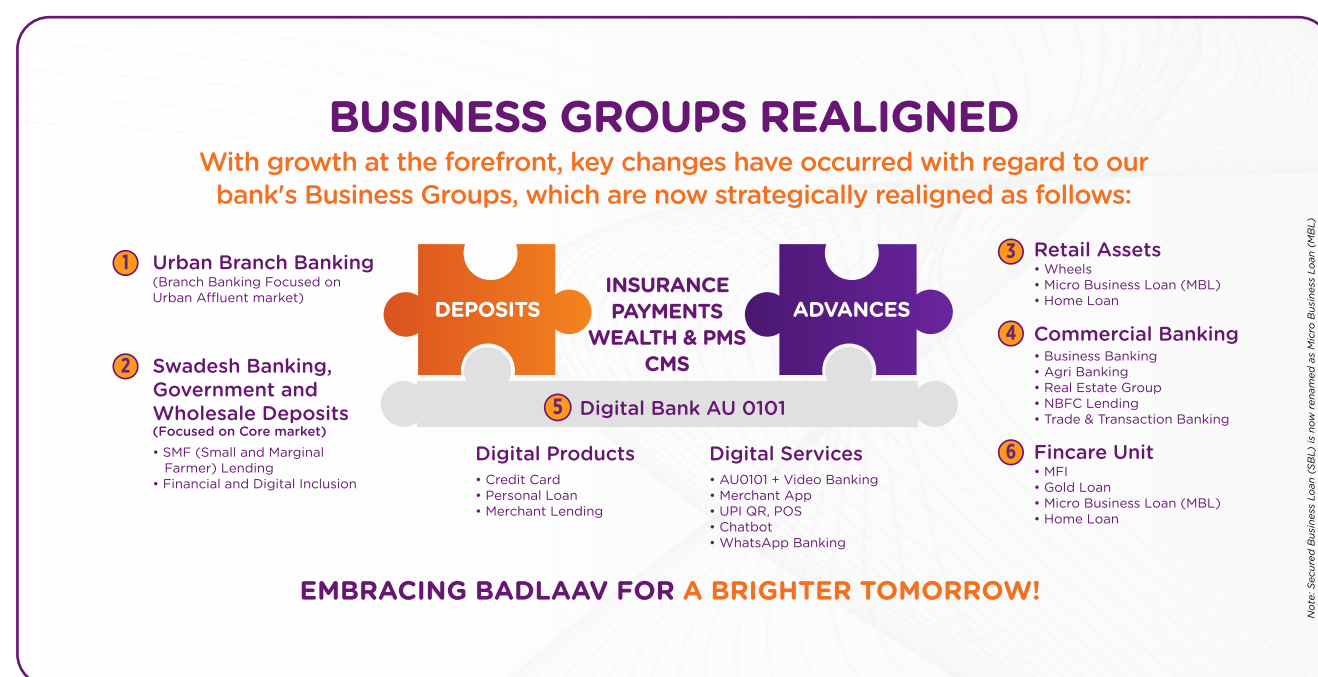

Small ticket-size loans in unbanked locations pose an inherent credit risk. With AU's extensive knowledge and insights gained while lending

to various types of micro and small businesses over the years, we have been able to create and deliver product offerings, while mitigating the risks, and concurrently achieving the PSL target.

AU has also been playing a key role in helping micro-entrepreneurs get on their feet after the effects of the pandemic, with seamless services and delivery of products at affordable price points, and with quick turnaround time. The Bank continuously endeavours to serve the financial needs of the underserved, cater to their credit requirements, and partner with them in their growth, responsibly and sustainably on our forever journey.

Business Performance and Highlights

To manage the businesses in a more effective way and to move in the direction of Forever Banking, we have aligned the Bank in 5 Business Groups. After the merger of AU SFB with Fincare SFB on 1st April, 2024, one more business group namely "Fincare Unit" got added. Here are our 6 Business Groups:

1 Urban Branch Banking

In our journey towards building a Forever Bank, it was very clear to us early on that building a retail deposit liability franchise would be essential. This would give us a long-term customer base to whom we can offer a complete suite of banking products and build sustainable long-term relationships with them. Towards this objective, we have segregated our Liabilities business into Branch Banking, Cooperative Banks, Government Business & Wholesale Liabilities Segments.

Branch Banking is tasked with building a retail, low-cost, stable, deposit franchise. Building a retail franchise is enabled through acquisition of high-quality GIST (Granular, Individual & Small Business, Transacting) customers.

During the year, we added a total of 8+ Lakh customers in our retail deposit franchise. Our focus remains on onboarding of high-quality retail customers, deepening engagement with them, fulfilling entire banking needs of customers across Savings, Payments, Loans, Insurance, Investments, etc. This is enabled through an optimal mix of comprehensive bouquet of products - Credit Cards, Asset Businesses (e.g. PL, Auto Loans, Housing Loans, Business Banking, etc.), Investment and Insurance services, trade, and foreign exchange offerings backed by top-notch digital solutions - AU0101.

Distribution

Since March 2020, we had focused on expanding our presence in the urban market to rapidly scaling up our retail

deposit franchise. With that in focus, we scaled up our branches in urban markets from 98 in March 2020 to 259 by March 2024, about 2.6x growth in urban market touchpoints.

Our urban branches have scaled rapidly with average deposit book of ₹167 Crore. Also, the branches that were launched in 2017 have already scaled average deposit book of about 300+ Crore. Our expansion in urban markets over the last few years have ensured our presence in all major urban markets including East, Uttar Pradesh, and the southern markets.

Customer Service and Engagement

Our focus is on high quality acquisition and deepening our engagement with the customers by fulfilling their comprehensive banking needs. During FY 2023-24, 42% of our customers sourced by Urban branch banking were IRP (Ivy, Royale and Platinum). Consequently, the transacting customers as the percentage of total customers have grown from 59.1% to 60.2% in FY 2023-24. Product per customer been sustained at 1.72 for the financial year.

Wealth

We have created 100% digital journey for Wealth on AU0101 app, enabling completely paperless investments which was further strengthened by introducing unique features. For instance, by using 'Wealth Check-up', customers can compare Mutual Fund schemes and make informed decisions. Already established IPO/ASBA platform was opened up to a wider use case by launching "Minor Accounts" to apply for IPO ASBA on our digital platforms. This has

augmented the wealth experience of our liability customers.

In terms of scale, we continue to make robust progress on a YoY basis, wealth AUM stood at ₹674 Crore vs. ₹167 Crore, Number of live SIPs crossed 1 Lakh vs 57,000 and the number of customers with live SIPs reached 39,000+ vs. 24,000+. As of FY24, total number of Wealth customers has crossed 1.7 Lakh and we are now able to serve our clients across all segments better through our wealth proposition encompassing suitability-based solutions, digital execution & reporting platform AU0101 and coverage of key client relationships through our team of experienced wealth specialists.

Insurance

In Insurance and Protection, the focus remained on providing insurance solutions to bank customers digitally. The development of robust digital platform "AUBIMA" has helped sourcing policies for various insurance partners with 100% compliance. Development of Life, Health, Motor, SME, Wellness and Pocket insurance solutions has helped customer choose products through AU0101. We grew by 8% YoY from 193 Crore to 207 Crore in Life & Health insurance business. We maintained a healthy average ticket size of 1.13 Lakh in Life Insurance and 16,000 in health insurance. We are able to service our customers on retail, pocket & group products through our suitability and tech-enabled solutions.

Some of our initiatives facilitates differently-abled customers to conduct banking at ease. We have put in place appropriate mechanism with provisions for

As a result, we are emerging as a crucial conduit in the country's financial network. These network effects are subtly enhancing our presence with both familiar and new customers. With each transaction, our integration into the nation's financial network deepens.

Product

Segmentation and personalisation are key to creating a strong affinity and engagement with the brand. Consumers today have a

wide pool of banking partners to choose from, and hence it is important to offer them curated products and services that cater specifically to their banking, transactional, business and lifestyle needs. This led us to focus this year to launch curated 'offerings' for specific segments.

AU Ivy, an exclusive premium banking proposition for Ultra HNI segment was a huge success. In the past year, the Bank acquired 3,800+ families comprising 11,000+ accounts and 6,000 Crore of Relationship Value. The AU Ivy Debit Card powered by VISA infinite programme offers zero cross-currency mark up on forex transactions, lounge access and is a powerful lifestyle debit card. In the first year itself, it has the best-in-Class activation across industry of 30%.

The Bank continued its focus on segmental offerings, targeting business persona like Contractors, Doctors, Agriculture businesses, Pharma segment under the

Segmental Royale Programme.

Each of the offering addressing the specific business needs of the segment creating a stronger engagement and relationship in that market.

India is the third-largest start-up ecosystem in the world and this segment has a whole set of different needs unlike established business houses. The start-ups, apart from seamless banking services, quick TAT, and superior banking experience also require guidance and comprehensive solutions for their business. Keeping this principle in mind, a programme '**Zero to One**' was launched. 'Zero to One' simply means creating something out of nothing. It provides seamless, hassle-free banking and Beyond Banking solutions. Beyond Banking solutions cater to all the business needs of the start-up like setting up company; workplace requirements; legal & taxation advisory; marketing and brand services; admin and employee management services and so on.

Sustainability is a key building block in today's world. Building a Cleaner, Greener, and Sustainable future require investments in projects focused on Green Assets. While everyone wants to do something towards this cause, consumers are unable to do anything significant due to various reasons. Solving this Simply is what '**Planet First AU Green Fixed Deposit**' does! Built on fundamentals of Green Deposit framework released by the Regulator, this product offers consumers an Easy, Simple and Assured way to impact Environment and Sustainability. All deposits garnered under this product are deployed in 'Green Lending Projects' under the RBI framework and reviewed by independent third-party auditor.

AU Swadesh Savings and Current Accounts

were launched with a focus on providing innovative solutions tailored to the unique needs of Swadesh geographies. By promoting digital transactions in everyday banking, AU Swadesh aims to make transactions simple and rewarding. The offering includes cashback on transactions, flexibility in maintaining balances, and consideration of the seasonality of business cycles in these regions.

We have onboarded Mastercard as a network provider for Debit Cards. The initial launch of this initiative is targeted at the Bank's enterprise salary customers and is presented under the theme '**Swipe&Save**'. The theme emphasises the tangible savings that accompany each swipe.

2 Swadesh Banking, Government, and Wholesale Deposits

To unlock the untapped potential in rural areas, the Bank introduced a new structure called 'Swadesh Banking.' This initiative aims to enhance our organisational effectiveness and focus on the semi-urban and rural segments. Under Swadesh Banking, most of the Core Branches, BO/BC units, the Financial & Digital Inclusion (FDI) Team, and Small Marginal Farmer (SMF) Finance have been integrated. We have also united Government Business, Wholesale Deposits and Swadesh Banking under a single umbrella to bring better synergy and coordination among these businesses.

Swadesh Branch Banking

It is an innovative initiative aimed at redefining the banking experience in rural and semi-urban India. This is an amalgamation of our decades of legacy in financial inclusion and a deep-rooted understanding of rural markets. Swadesh Banking is designed to offer comprehensive financial solutions to farmers, self-employed individuals, and micro-enterprises in rural and semi-urban India. Swadesh Banking consolidates various rural-centric services under one unified structure. This includes our rural branches, banking outlets, financial and digital inclusion units, and specialised lending units for small and marginal farmers. The consolidation aims to streamline operations and deliver more efficient and targeted services to our valued rural customers.

New Initiatives

- Introduced new savings account product AU Kisan Saving account for Farmers & AU Swadesh Savings account to provide banking facility to rural villagers.
- Introduced new Current account product for AU Swadesh Current account to provide banking facility to rural small business accounts.

Strategy and Way Forward

Main aim of Swadesh Banking for the upcoming year will be to drive profits across all branches by focusing on retail deposits as

well as asset products, customer acquisitions and employee productivity. We would expand to newer geographies in line with our overall objective. We have strengthened our branch network across India after a successful merger of Fincare. We will deliver enhanced banking services and empower every corner of rural India with tailored financial solutions. This initiative is more than just banking; it is a commitment to amplify opportunities, cultivate self-reliance, and pave the way for a brighter future in the hinterlands of India.

Financial & Digital Inclusion

Ensuring access to financial services beyond urban areas are crucial for achieving comprehensive financial inclusion in India. About 65% of the population resides in rural areas. With 31% of branches located in Unbanked Rural Centres (URC), our commitment lies in bridging the gap in financial services and fostering the growth of rural

India. Recognising the potential of collective efforts and innovative strategies, we have structured our outreach (in 50 Special Focus Districts with 94 touchpoints covering 23 Aspirational Districts, 13 Left Wing Extremist Affected Districts, 13 Hill States Districts and 1 North Eastern Region District). Leveraging both physical and digital banking modes, we aim to bolster the financial well-being of rural communities.

Our physical distribution channels, including rural branches and banking outlets (BO), are strategically positioned to serve areas with populations below 9,999. Demonstrating our dedication, we expanded our network to 334 touchpoints in FY 2023-24, comprising 81 rural branches and 253 BOs.

New Initiatives

We leveraged the developments in the fin-tech space and working together with the Reserve Bank Innovation Hub (RBIH) to digitise loan disbursements for street vendors as another humble effort to empower the vulnerable sections. This digital and consent-based architecture has enabled seamless digital onboarding and disbursement of PM SVANidhi loans within a few hours.

The pilot is focused on empowering street vendors and helping them thrive and build a sustainable livelihood.

Strategy and Way Forward

- In FY 2024-25, we will place a stronger emphasis on enhancing financial and digital literacy in both rural and urban underserved areas.
- We will increase our focus on the PMJDY scheme, aiming

to serve underprivileged individuals and improve their lives by offering PMJJBY, PMSBY, and APY schemes.

- Facilitate street vendors by offering PM SVANidhi micro loan scheme through digital journey.
- Promote the PM Vishwakarma scheme in microfinance to promote an inclusive Bharat.

Individual Farmers Constitution of customers

The SMF segment was set up in the Bank to fulfil the credit needs of small and marginal farmers. This dedicated vertical is involved in individual farmer financing in the Bank. Under SMF, we started with 'Farm Credit Term Loan' catering to the term loan needs of the farmers involved in agri and agri-allied activities. Loans are provided with varying tenures depending on the nature of the activity and cashflow cycle of farmers.

We are currently operating in four states namely Rajasthan, Gujarat, Madhya Pradesh, and Maharashtra. The approach followed in building this book is based on identified clusters having good potential and presence of dairy farmers where funding is given for the purchase of cattle. This kind of financing to SMF farmers has resulted in an increase in livelihood incomes from agri-allied activities.

We financed farmers in Maharashtra's Beed district for sericulture activity under climate

resilient agriculture financing initiatives. These fundings in the form of term loan led to the creation of sheds for raising silkworms under sericulture for farmers. With this intervention, the annual income of small and marginal farmers increased many folds leading to the diversification of sustainable sources of income.

The SMF team also conducted various farmer awareness and outreach programmes for making farmers aware of cattle loan offered by AU SFB.

A 'Banking Outlet' is a fixed-point service delivery unit staffed by either the bank's personnel or its Business Correspondents, providing services such as

account opening, deposit acceptance, cash withdrawals via AEPS/Micro ATM, and lending.

In alignment with the RBI's Financial Inclusion guidelines,

AU SFB is committed to addressing the needs of unbanked regions by establishing Business Correspondents/Banking Outlets.

Wholesale Deposit

Wholesale deposits (bulk deposits) refer to large-scale deposits made by institutional clients, such as Corporates, Financial Institution, Cooperative banks, Trust, Corporations, etc. Before opening any wholesale deposit account, we carry out due diligence as required under the Know Your Customer guidelines issued by RBI Anti Money Laundering rules and regulations and/or such other norms or procedures adopted by the Bank. We focus mainly on non-callable wholesale deposits, which gives the Bank long-term.

Government Business

The Government Banking Group caters to the banking requirements of central government departments, state government departments, central and state public sector undertakings (PSUs), boards, defence, urban local bodies and other government departments.

The Bank remains committed to delivering customised solutions, including payment processing, digital solutions, advisory services, reconciliation, and security/risk management to this segment. Our products include current accounts, savings accounts, and fixed deposits specially designed to cater to government departments' needs.

Our aim is to provide a digital ecosystem and IT infrastructure which can make government departments self-sufficient in terms of their banking experience, thereby transforming the department into a digitally empowered organisation. We want to be an integral part in the

digital transformation journey of the government customers by providing omni-banking channel for collections and payments (POS/CMS/QR/PG, etc.), e-auction/e-tendering, reconciliation, cash management services, etc.

We are integrated with the following key platforms of GoI:

- Public Financial Management System (PFMS)

- Integrated Financial Management System (IFMS Rajasthan & Punjab)

3 Retail Assets (Wheels, Micro Business Loan, Home Loan)

Retail Assets represents the core DNA of AU SFB and is primarily focused on serving the low income households and primarily self-employed customers. The Retail Assets group consists of 3 business units namely Wheels, Micro Business Loan, and Home Loan. Wheels or vehicle financing is the oldest business segment of AU and has scaled incredible heights over the last three decades. Micro Business Loan unit provides lending to small merchants and micro-businesses and is among the most profitable businesses of the Bank. Home loan, is a relatively new business unit, operating since 2017 mainly provides affordable housing solutions to retail customers and carries strong growth potential.

Wheels

Vehicle loans, with a vintage of 29 years, has witnessed various cycles of highs and lows in the automobile sector, but with our deep expertise and experience, the vehicle loan portfolio has grown steadily and forms 35% of our total loan portfolio at the end of FY 2023-24.

We extend credit to the widest range of product offerings which are extended to customers looking to buy 2-wheeler to 22-wheeler for personal and commercial usage respectively. We offer loans for new and pre-owned vehicles across several categories including cars, multi-utility vehicle (MUV), sports utility vehicle (SUV), light commercial vehicle (LCV), medium and heavy commercial vehicle (MHCV), construction equipment (CE), tractors, two- and three-wheelers.

In the commercial space, we serve first-time buyers (FTBs), first-time users (FTUs), small road transport operators (SRTOs) and captive users. In personal segment, we serve salaried, self-employed professionals (SEP), self-employed non-professionals (SENP), agri and dairy farmers, etc. The average loan tenure is of ~3.5 years and is secured through hypothecation of the vehicle.

Micro Business Loan

Micro Business Loan (MBL) is a flagship product within the retail assets segment. Our loans primarily serve micro MSMEs, having a few years of track record in such businesses, generating cashflows at high frequency, with limited formal documentation (for example grocery/kirana stores, dairy/cattle rearing and hotel/restaurants). Focused on financing of consumer driven unserved and underserved MSME businesses, MBL team takes effort to understand customers' business and their future requirements, their existing and projected cashflow, and on-ground feedback to arrive at the loan amount that can be offered to them. Such loans are then secured by immovable property with end use ranging from working capital needs to expansion of business, purchase of machines/equipment and infrastructure requirements, etc.

At AU SFB, our focus is to bring more and more micro enterprises into the fold of formalised credit, and we have emerged as one of the prominent bankers to micro MSMEs in the last decade in North, Central and Western India. Our target customer base includes traders, wholesalers,

distributors, retailers, manufacturers and self-employed professionals, and these loans are meant to meet their needs for expansion, working capital and purchase of equipment.

In FY 2023-24, we have gained good ground in extending uncollateralised Mudra Loan to MSMEs which is secured by credit guarantee. Mudra loan helps micro business enterprises to get short term loans without offering any collateral but backed by credit guarantee of CGFMU. In FY 2023-24, we have disbursed ₹257 Crore under this programme.

Home Loans

The real estate industry has benefited from the push for policy that has resulted in legislation like the Real Estate Regulatory Authority (RERA), the introduction of Real Estate Investment Trusts (REITs), and housing initiatives like PMAY (Pradhan Mantri Awas Yojana).

We provide a full suite of home loan products to cater to every home buyer's needs (be it home/flat purchase, take-over, self-construction, extension/renovation, and top-up), with a focus on the lower ticket size housing segment majorly in tier 2, tier 3, and tier 4 cities. Our average ticket size of loans is just above ₹11 Lakh with average EMI amount being ₹12,729. Loan offering ranges from ₹2 Lakh to ₹500 Lakh for a maximum 30-year tenure for salaried customers and 20 years for self-employed customers.

A wide variety of housing/non-housing products, 240+ branches for sourcing in 8 States, a wide gamut of properties being accepted as collateral, varied formal and informal income profiles assessed by best-in-class 'touch and feel' underwriting methodology with deep knowledge of target segments helps us in differentiating ourselves from the competition. Coupled with improved sourcing through alternate channels, right product mix and the aim to expand the product offering to all AU SFB's bank locations in the years to come, the book is poised to grow at a significant

pace. We have consistently invested in digital technologies and streamlined various activities in customer onboarding and loan processing along with nurturing and promoting the right talent for building a strong team.

Despite the challenges of high-rate regime, the home loan book has grown by 41% YoY with higher manpower productivity and improved operational leverage. We have adopted and implemented right strategic steps in a dynamic market environment by using our expertise in core and urban markets. A high share of loans in Semi Urban/Rural areas and 58% loans to self-employed customers underlines your Bank's commitment to serve the under-served and support the entrepreneurial segment.

4 Commercial Banking (Business Banking, Agri Banking, Real Estate Group, NBFC Lending, Trade and FX, Transaction Banking Group)

Our Commercial Banking group caters to several types of small and medium-sized businesses, including MSMEs, asset finance companies, housing finance companies, MFIs and real estate developers. We categorise our commercial banking business into:

Business Banking

The Business Banking segment primarily revolves around the working capital requirements of MSMEs, offering a variety of fund-based and non-fund-based loans to meet their diverse financial needs. It provides working capital facilities (Overdraft, Cash Credit, Letter of Guarantee, Bank Guarantee) and long-term facilities (Term Loans) to wholesalers, retailers, traders, manufacturers, service providers, contractors, distributors, educational institutes, and healthcare enterprises in the market.

The Bank's focus in this segment is on programme-based lending, which is granular and well-collateralised, and delivers a wide spectrum of solutions addressing customers' evolving business needs such as customised offerings, faster turnaround time, and transaction convenience. Additionally, the segment has surrogate programme-based underwriting which considers non-financial documents such as Goods & Service Tax (GST) returns and bank statements for credit assessment.

The business recorded 47% YoY growth to ₹7,304 Crore, driven by improved operational efficiencies. The focus has been to grow this

segment profitably in a manner that meets our risk and return expectations. A strong focus on cross sell has seen the successful built-out of liability relationship with our customers with growing contribution towards building the CASA book of the Bank.

We follow a stringent credit monitoring process which focusses on enhanced productivity, identification of EWS and timely exit of stress accounts. The segment constantly monitors and analyses cases to identify risks, thus ensuring a healthy portfolio quality. Well-trained team of relationship managers with a presence at 250+ branches covering over 520+ locations across various states in India enables us to reduce concentration risks by focusing on granular lending.

With the AD-I licence, we are exploring a new arena of opportunities to handle foreign exchange and export/import transactions of our existing as well as potential customers.

Agri Banking

The Bank continues to focus on funding various agri value chain intermediaries like flour/dal/oil/rice mills, agri and food processors, dairy units, warehouses/cold storages, animal feed manufacturer, seed multipliers, poultry farms, nursery, and cotton ginning. It also finances Farmer Producer Organisations (FPO)/Farmer Producer Company (FPC), hi-tech agriculture activities, and undertakes green financing like solar projects. The Bank is totally committed to furthering the Government's agenda by supporting its various schemes – be it FPO/Agri infra (AIF)/Prime Minister formalisation of micro food processing enterprises (PMFME)/PM-KUSUM (Pradhan Mantri Kisan Urja Suraksha evam Utthan Mahabhiyan Scheme for farmers).

The Agri Banking business has reached ₹5,953 Crore portfolio mark, demonstrating stable and granular asset quality with a 49% year-over-year growth. Additionally, the client base has significantly broadened. The focus is on growing the book profitably by enhancing productivity, improving operational efficiency, and containing risk by rigorous portfolio monitoring.

MANAGEMENT DISCUSSION AND ANALYSIS

Farmer Producer Organisations (FPOs):

The Bank has aligned its business goal with national priority and is funding eligible FPOs for working capital and term loan requirements. Accordingly, to have sector-specific targeted approach, a dedicated team is working to cater to this segment. As on 31st March 2024, we have funded 476 FPOs with a total disbursement of ₹60+ Crore. We have touched more than 2,36,000 farmers through this FPO initiative. The Bank was awarded by NABARD (National Bank for Agriculture and Rural

Development) for this initiative involving credit linkages of Farmer Producer Organisations (FPO).

Renewable Energy: The government, both at the Central and State levels, has been providing a strong impetus for harnessing renewable energy potential. Solar Energy occupies a critical place in India's power strategy due to its scalability, easy deployability, and availability of abundant sunlight. In line with the government's objective and mission, we have underwritten PM-KUSUM loans of ₹256 Crore

for a cumulative capacity of 118 MW. As part of our Green Banking, fresh disbursement for the renewable energy sector in FY 2023-24 was ₹184 Crore for a cumulative capacity of 76.1 MW, which facilitates the dual purpose of mitigating carbon emissions and improving economic well-being of our customers.

Real Estate Group

The Real Estate Group (REG) caters to the credit needs of the developers who specifically operate in either small-scale projects (up to two towers) or affordable and mid-housing segments. Based on this understanding developed over the years, the business model is designed to fund for the completion of the project and avoid funding of growth capital for the developers.

Certain specific parameters, like financial closure and avoiding over or under-funding are key to our assessment. The disbursement pattern is designed as Activity-based Disbursement rather than on a percentage completion method.

The selection of the customer is based on the logic of the relationship, which is of high importance to both the developer and the Bank. In other words, we would prefer not to be a non-significant lender to a borrower. Moreover, the developers focusing on building limited number of projects in a specific concentrated sub-micro market are preferred over large and over-leveraged customers.

The REG operates in all metros, including Mumbai, Pune, Bengaluru, Delhi NCR, Ahmedabad, and Hyderabad along with Tier 2 cities such as Surat and Jaipur.

NBFC Lending

Over the past 10 years, AU SFB has established a strong presence in the NBFC lending industry through a customer-centric approach and robust underwriting capabilities. We have effectively served financial institutions at various stages of their business

lifecycles. Our loan portfolio includes 194 NBFCs across more than 15 States and Union Territories. Despite significant macroeconomic challenges during the last decade, such as demonetisation, the NBFC crisis, and the COVID-19 pandemic, our portfolio quality has remained robust. Our resilience is supported by our proactive 'ears-to-the-ground' approach and infrastructure in areas where these NBFCs are active.

Our success extends beyond lending as we have cultivated deep liability relationships with these financial institutions. We aim to enhance these relationships by offering a comprehensive suite of banking products, including transaction banking, CMS, current and savings accounts (CA/SA), ACH/NACH and e-NACH, corporate credit cards, and corporate salary accounts.

Key portfolio highlights

- **Curated Client Portfolio:** Focused on clients with proven records of timely debt and equity raising and low leverage. The median leverage stands at approximately 2.3x, with an average of 2.4x, and our top 50 clients averaging at 2.3x.
- **Lending Strategy:** Current strategy emphasises investment-grade companies, with 78.2% of FY 2023-24 disbursements going to investment-grade entities.
- **Secured Borrower Profile:** Predominantly secured, with about 67% of funds allocated to asset-backed customers providing collateral such as commercial vehicles (CV), two-wheelers (2WLs), micro, small and medium enterprises (MSME), housing finance companies (HFC), and gold.

- **Expertise and Relationships:** Developed expertise in investing in companies with robust fundamentals, building strong relationships through a comprehensive range of lending and non-lending products.

Transaction Banking Group (including Trade and Fx)

The Transaction Banking Group caters to the unique requirements of the MSME and retail customers for their day-to-day banking needs. The primary objective of transaction banking is to capture the flow business of our corporate and MSME clients. We achieve this by enhancing operational efficiency through bespoke cash management solutions, reducing transition risks, and optimising cash flows and working capital. Our transaction banking solutions automates transactional processes, enabling better control and visibility over financial transactions.

The transaction banking offerings have been further augmented with the receipt of the Authorised Dealer Category - I (AD-I) licence from RBI, which has enabled the Bank to offer comprehensive suite of cross-border Trade Finance, Remittance and Forex offerings to its large customer base. The addition of Forex and Trade product offerings has also enabled the Bank to offer a holistic banking experience to its export-import (EXIM) customers. This, in turn, would also help the Bank in further diversifying and scaling up its customer base through acquisition of more EXIM customers.

The Transaction Banking Group primarily offers the following services to customers:

Industry Leading Payment Solutions

Bulk Payments via file upload

Cash Payment facility

Cheque Printing facility

Direct Tax and GST Payments

Cash Management Services:

AU SFB provides a host of cash management services like payment processing (Corporate Net Banking), collections (NACH, VAM, Dynamic QR Code, Doorstep Banking Services), API Banking, Special Purpose Accounts viz. escrow, nodal and RERA accounts and other cash management solutions for businesses. API Banking solution helps the corporate/SMEs in automating their banking needs such as payments, collections, and account statement.

Trade Finance: Your Bank is currently catering to services related to foreign exchange and trade services (export/import) in five major currencies i.e. USD, EUR, GBP, CAD and AED through its vast network of 200+ trade enabled branches. We provide solution towards working capital need of exporters/importers as well as provide non-fund-

based facilities to our borrowers through Letter of Credit (LC) and Bank Guarantees (BG). Some of the salient features, among others, of the accounts are preferential pricing for banking services including trade services, dedicated support across AU's branch network and higher transaction limits for Importers/Exporters. EEFC and DDA accounts enable exporters to hold their export proceeds in foreign currency. This offering adds value to the corporate by potentially saving currency conversion costs. AU SFB offers forward hedging options to corporates having forex exposure to streamline and effectively predict their cashflow.

DigiTrade Portal is a dedicated online trade portal that enables corporates to initiate trade and forex transactions from anywhere/anytime. It adds value to corporates as it results in reduced paperwork, transparent

and real-time transaction monitoring and availability of reports on tap. Secure access is provided to the portal via AU Corporate Internet Banking.

Retail Remittances under Liberalised Remittance Scheme:

AU SFB's AU remit platform enables Non-Resident Indian (NRI) customers to effortlessly transfer funds digitally from their AU NRE Savings Account to their overseas accounts in foreign currency. Besides, it also extends its services to residential individuals and proprietorship firms, enabling them to send money abroad for purposes listed by the RBI under the LRS scheme through the web portal and AU SFB branches. Retail customers can make online remittances under the LRS scheme seamlessly, without cumbersome documentation. This substantially elevates the overall customer experience.

5 Digital Bank AU0101

'Digital Bank AU0101' is our Digital banking group primarily focused on providing best-in-class digital products and services to our customers. There are two sub-units under the Digital Bank group – Digital Products and Digital Services.

Digital Products:

Our digital products are gaining traction with users. Within a few years of launching credit cards, we are among the top 10 new card issuers with impressive activation and spends. We are also gaining traction in personal loan and merchant lending products.

Credit Cards

We issued approximately 10 Lakh cards with a consistent monthly run rate of 50,000. This included the launch of LIT, India's first customisable credit card, and SwipeUp, allowing users from any

issuer to upgrade their card via a simple, three-step digital journey.

Our product launches include:

- Introduced the Rupay Credit Card to enhance UPI transactions.
- Launched a premium metal credit card and a Corporate Credit Card, catering to specific customer needs.
- Debuted the Ixigo AU Bank Credit Card, tailored for modern travellers with exclusive benefits across various transport modes.

To enhance our financing options, we have expanded our EMI offerings through strategic partnerships with key industry players, providing our customers with more flexible purchasing options. Additionally, we have enabled tap-and-pay features on India's leading payment apps, significantly enhancing user convenience. In terms of digital engagement and performance, we

have fully leveraged our AU0101 app to offer a completely digital experience from onboarding to card management. This approach has yielded impressive results, achieving a 98% activation rate within a month of issuance. Our cards also show high usage, with average monthly spends of ₹20,000 and 58% of cardholders actively using them monthly, which far surpasses industry standards.

Personal Loan

Digitisation has given a new shape and size to the personal loan business. The advancements in online onboarding and underwriting personal loans have been stacked among top products on the Bank's Unsecured Loan product stack.

We at AU started giving personal loans two years back by extending the product to existing customers. Since then, we have seen significant success in the personal loan business by keeping the operating and credit cost low for Existing-To-Bank (ETB) customers. Most ETB customers come from the self-employed segment.

Merchant Lending

The lack of collateral should not hamper small business owner's ability to take a business loan. That's where our Merchant Lending solution comes into the picture. One can get a quick unsecured business loan without any hassle through our merchant lending business. We offer easy-to-get business loans (Unsecured Business Loan and Dropline Overdraft) without any collateral, based on banking and QR transactions.

Digital Services:

In order to deliver comprehensive digital solutions to our customers, we have a complete bouquet of digital services. Services like AU0101 mobile app and Video Banking have been a hit so far. We are also gaining momentum in Payments services, WhatsApp Banking, Chatbot, etc.

AU0101

We have continued to drive innovation and growth in our digital banking platform over the past year, now serving around 30 Lakh digital customers, a remarkable 40% increase in monthly active users in 2024. AU0101 facilitated an astonishing 4 Crore financial transactions and 70 Lakh non-financial transactions, reaffirming its pivotal role as a driver of digital adoption. Evolving beyond its initial service-centric model, AU0101 is now strategically focused on three key objectives: Acquiring, Engaging, and Cross-selling.

Additionally, our integration of FASTag services has streamlined vehicle toll payments for our customers. These enhancements are further bolstered by our cloud-ready architecture that promises faster performance, enhanced Scalability and Security. Our simple 3-click Account Upgrade journey has invited 5,000 upgrades in 6 months. We are confident that these improvements will not only encourage increased user engagement but also strengthen our relationship with our valued user base.

AU0101 now offers a full stack of offerings across cards, loans, insurance, wealth management, and accounts tailored for digitally native customers.

This differentiated product suite enables us to serve our customers' evolving needs more effectively. Along with our core achievements, we have facilitated 2.2 Lakh Xpress EMIs booked for credit card transactions and 2.8 Lakh fixed and recurring deposits.

Looking ahead, we are committed to delivering an unparalleled experience to our users through a comprehensive app overhaul with AU0101 2.0. This transformation will introduce exciting new features such as OneTrack - Account Aggregator Integration, AU Remit for seamless international money transfers, and a Refer-a-friend programme designed to amplify customer engagement. We have also revamped our UPI and Bill payment services to deliver an exceptional payment experience for cultivating lasting habits.

In addition, we will be leveraging advanced personalisation techniques, trigger-based nudges, and behavioural analysis for actively increasing balances, driving card spends, and expanding our unsecured loan book.

Together, these investments solidify our position as pioneers

in the digital banking realm, committed to transforming AU0101 into a significant acquisition channel.

Video Banking

Our industry-leading video banking proposition has continued to redefine the banking experience, offering personalised, secure, and face-to-face video services at the click of a button.

In FY 2023-24, we achieved a remarkable 1.5-fold increase in digital account openings compared to the previous year. Moving forward, our focus will be on attracting high-quality customers. This aligns with our vision 'AU@2027' of sustainable growth and profitability. We plan to achieve this by focusing more on organic channels, which will reduce our acquisition costs.

We have opened 5.7 Lakh full KYC savings account and accumulated ₹1,716 Crore+ in retail deposits through these customers. A significant 76% of our new customers are from urban geographies, and 52% are salaried professionals, reflecting our targeted approach to customer acquisition. Our digital engagement initiatives have led to 19% of digitally acquired savings

account customers availing at least one additional offering from us.

We have recently revamped video banking with a new user-centric approach to improve customer experience. Our dedication to convenience and innovation led us to handling 3.3 Lakh enquiry and service calls this year. In the coming year, we plan to reduce volumes on the high-cost video banking channel by redirecting generic customer inquiries to lower-cost channels such as WhatsApp banking, Auro chatbot, and our customer helpline number.

Merchant App

We have also launched a Merchant app to keep up with the dynamic business environment. We realise that the MSME segment requires different products and communication to run their business effectively. We intend to replicate the success of the AU0101 retail app with the MSME segment. Around 80% of Current Account customers are active on the AU0101 app, of which 60% are active each month with an average of one login per day.

This app is a one-stop shop for managing business and banking for merchants. They are able to seamlessly toggle between store and banking modules. The app has all core banking features, seamless current account onboarding, and pre-approved loans. Soon, we will also introduce value-added features such as GST/ITR filing, accounting & invoicing, and access to ONDC.

Payments (UPI, QR, POS, FASTag, eRUPI)

The Bank is witnessing greater traction across digital payment modes like UPI, QR codes, etc.

AU's 24x7 video banking set-up at Mumbai

and hence these payment modes remain the focus areas for us. All digital payment modes help the Bank to engage deeper with the customer and help achieve better primary banking relationship. We are committed to offer best-in-class seamless solutions across payment modes like UPI, QR codes and FASTag to our customers and our AU0101 app plays a pivotal role in extending and experiencing these products.

Chatbot and WhatsApp Banking

Further, the Bank has started building up a customer-centric stack on Chatbot and WhatsApp Banking. AU SFB offers more than 20+ services on both these channels to enable banking at customer finger tips. As we progress further, the Bank would be using these channels for innovative and seamless customer journey across its products.

6 Fincare Unit (MFI Loan, Secured Business Loan, Home Loan, Gold Loan)

After the successful merger with AU SFB, Fincare operates as one of the 6 business groups of AU. Continuing from their erstwhile business structure, there will be 4 sub-business units under the Fincare unit as mentioned below:

Microfinance Loan

Gold loan is an opportunity to reach out to the new-to-bank customers as well as cross-sell to existing micro-loan consumers.

The unit has built a state-of-the-art app to scale at ease across multiple channels. Agri Gold Loans and BC Channel introduced in FY 2021-22 witnessed robust growth in FY 2023-24. The key priority is to leverage digital channels such as mobile apps, website, and social media to promote the product and facilitate online applications. The objective is to establish a strong branch network in areas with high demand for gold loans, ensuring easy accessibility for customers.

Risk Management

Over time, the finance industry has witnessed significant transformations due to advancements in technologies, business model transformations, changing regulatory landscape, and many other macro, external and internal factors. Risk is the most critical element for a bank, considering it is the custodian of public deposits. There is a wide array of risks in the banking industry including Credit Risk, Market and Liquidity Risk, Operational Risk, IT and Cyber Security Risk, Compliance Risk and others. Your Bank has adopted a multi-layered risk management process to identify, assess, monitor, and manage risks through the effective use of processes, information, and technology.

The details of the Risk Management framework, monitoring and mitigants of various identified risk areas and its terms of reference are set out in the Directors' Report/ Corporate Governance Report annexed with the Board's Report as Annexure-I.

Human Resources

At AU, we have been redefining HR practices in the financial landscape, which has been recognised not only in India, but across the Asia Pacific as well. Over the past two decades, there has been a notable transformation in how organisations manage their workforce. Despite these shifts, our focus remains on investing in our people and taking a step towards balancing the changing needs of employees and the bank.

Our total employee strength as on 31st March 2024, was 29,738 and investment in our employees aims to support their overall well-being, including that of their families, and provide them with learning and growth opportunities to build fulfilling careers with us. These initiatives are heavily

informed by feedback from our annual engagement survey and other communication channels, ensuring that our benefits align

with the needs and preferences of our workforce.

Credit Risk Management

The credit risk framework at the Bank is established through credit policies and product policies, which outlines the principles and control requirements for extending credit to customers across various business sectors. These policies and standards encompass all stages of the credit cycle, including origination, credit approval, documentation, administration, monitoring, and recovery.

To control the magnitude of credit risk, the Bank has implemented prudential limits and caps on various aspects. The organisation emphasises on regular and timely risk reporting accompanied by effective control mechanisms. Loan administration and monitoring are conducted through portfolio profiling,

an early warning framework, and other credit risk activities that focus on asset quality trends and concentration.

The Bank's credit culture mandates lending decisions based on thorough credit analysis, with a comprehensive understanding of the loan's purpose and alignment with the customer's financial situation and the ability to repay from their business operations. Off-balance sheet transactions undergo the same rigorous credit analysis as on-balance sheet transactions. The Bank has credit approving authorities and committee structures that are linked to the risk levels associated with borrowers and transactions. The delegation of authority is reviewed periodically. The level of collateralisation is determined based on the nature of the transaction and the credit quality of the borrower.

The Bank's performance remains resilient in FY 2023-24 despite multifold challenges in the operating environment. It will continue to be robust, marked by a strong growth momentum and sustained returns.

Collections

Our collection process has always demonstrated remarkable resilience. We have strong mechanisms to effectively manage collections, including dedicated product-specific collection team, real-time tracking dashboards, data analytics-driven decision-making, specialised teams to handle all aspects of the recovery process, and insurance protection against collection defaults. These measures have played a crucial role in maintaining robust collection efficiencies throughout the years. It is worth

MANAGEMENT DISCUSSION AND ANALYSIS

noting that our asset quality performance is, to some extent, a testament to the strength of our collection management system. Various external factors such as geography, delinquency, products, and customer repayment history, as well as internal factors like our collection strategy, collectively influence our collection outcomes.

We continuously enhance our collections methodology through regular audits, reinforcing compliance measures, and providing regular training to ensure that our teams and leadership are well-informed about important collection practices and protocols.

Internal Control Systems

Our internal audit function operates independently to assess the adequacy and effectiveness of internal controls, information security controls, risk management, governance systems, and processes. We have a dedicated information systems audit team that identifies and addresses technology and IT-related security issues aligned with the complexities of our operations. The internal audit department and compliance function conduct reviews to ensure business units adhere to internal processes, procedures,

regulatory requirements, and legal obligations. They provide timely feedback to management for corrective action, including minimising any potential design risks. The Audit Committee of the Board plays a crucial role in evaluating the performance of the Audit and Compliance functions, as well as assessing the effectiveness of controls and compliance with regulatory guidelines.

B. Business Overview

Amidst a challenging global macroeconomic environment, the Indian economy is exhibiting a quickening growth momentum, with resilience and financial stability. Despite facing certain headwinds such as inflationary pressures and geopolitical uncertainties, the Indian economy remains on a positive trajectory, positioning itself as a key player in the global economic landscape. With a prudent fiscal policy and a conducive business environment, India is poised to sustain its growth momentum and solidify its position as a major economic force in the years to come. The government’s initiatives to boost manufacturing, infrastructure development, and digital transformation have propelled the economy forward, attracting both domestic and foreign investment.

The financial sector played a crucial role in supporting this growth, contributing to overall economic stability and development. The optimistic economic environment presents ample opportunities for small finance banks in India to contribute to financial inclusion and economic development.

With a stable GDP growth rate, controlled inflation, and a strong focus on infrastructural development, India remains a key player in the global economic landscape. The Indian economy demonstrated resilience, achieving 8.2% annual average real GDP growth rate in the past three years. Market expect growth dynamics to continue to play out in the medium term, with GDP expanding close to 7.0% annually over the next three years. GDP growth is supported by healthy demographics and competitive unit labor costs. Additionally, India’s corporate and financial sectors have stronger balance sheets than before the pandemic. These figures highlight the Indian economy’s resilience and positive trajectory during the specified period.

During the financial year 2023-24, the Bank demonstrated consistent resilience and steady growth amidst a challenging economic environment marked by persistent interest rate pressures, tight liquidity conditions, and uncertain global macro trends. The Bank exhibited robust performance across key metrics, including asset and deposit growth, profitability, and digital products for higher engagement with Customers. Noteworthy highlights include the successful launch of innovative banking products like ‘AU IVY’ and ‘Planet First’, along with strategic initiatives such as the ‘Soch Badlo aur Bank Bhi’ brand campaign and the merger with Fincare Small Finance Bank (“**Fincare SFB**”). The bank remained focused on sustainable growth, leveraging its strong regulatory compliance framework, technological investments, and strategic partnerships to fortify its position in the market and deliver consistent returns to stakeholders.

The Bank is delighted to inform that following the successful merger as on April 01, 2024, the Bank has evolved into a formidable banking franchise, greatly expanding its reach to over 1.10 Crore customers across 21 States & 4 Union Territories. With a network of 2,383 Banking touchpoints, the Bank is committed to provide top notch services through a dedicated workforce of 46,000+ employees. This merger has paved a way for the Bank to extend its presence into South India, significantly broadening its distribution network. This increased footprint of Branches and touchpoints will enhance Bank’s ability to provide diverse range of products and services to a larger customer base, solidifying its market position and helping to realise its aspirations of PAN India Banking franchise.

The key business developments and segment-wise position of business and its operations are covered in detail under the Management Discussion & Analysis section of the Annual Report.

C. Update on the Amalgamation of Fincare Small Finance Bank Limited with the Bank

The scheme of amalgamation of Fincare Small Finance Bank Limited (“**Fincare SFB**”) (“**Transferor Bank**”) into and with the AU Small Finance Bank Limited (“**Transferee Bank**” or the “**Bank**”) (“**the Amalgamation Scheme**”) was approved by the Board of Directors of the Transferor Bank & Transferee Bank on October 29, 2023 in accordance with Section 44A of the Banking Regulation Act, 1949 and, Reserve Bank of India (Amalgamation of Private Sector Banks) Directions, 2016 subject to approval of shareholders of both the Transferor Bank and Transferee Bank, Reserve Bank of India (“**RBI**”) and Competition Commission of India (“**CCI**”).

The Amalgamation Scheme was approved by the shareholders of the Transferor Bank and Transferee Bank at their respective Extraordinary General Meetings held on November 24, 2023 and November 27, 2023.

Thereafter, the Amalgamation Scheme was subsequently approved by CCI on January 23, 2024 and the RBI through its press release and order dated March 04, 2024, granted its sanction to the same with effect from April 01, 2024 (“**Effective Date**”).

Further, the Board of the Bank declared the effectiveness of the Scheme of Amalgamation marking all Fincare SFB branches to operate as branches of the Bank with effect from April 01, 2024. The shareholders of Fincare SFB received 579 equity shares of the Bank in exchange for every 2,000 equity shares of ₹ 10 each, fully paid up in Fincare SFB (“**Share Exchange Ratio**”). Furthermore, all employees of Fincare SFB transitioned to the Bank’s team seamlessly.

This Amalgamation is set to create a strong and diversified retail banking franchise with a wide reach across India and will enhance Bank’s portfolio with microfinance, mortgages, and gold loans, while leveraging Fincare SFB’s rural distribution network and Bank’s digital capabilities. The combined entity aims to achieve synergies in deposits, technology, and efficiency, ultimately benefiting key financial metrics. Additionally, both Banks prioritise a positive workplace culture, seeing it as crucial to the success of the merger.

The Bank takes this opportunity to thank its shareholders for voting in favour of the said amalgamation and for reposing your trust in the Bank and its management.

Further details regarding the amalgamation are covered in Management Discussion & Analysis section of the Annual Report.

D. Dividend

Pursuant to Regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“**Listing Regulations**”) and RBI guidelines, the Bank has formulated and adopted a Dividend Distribution Policy. This policy aims to strike a balance between rewarding our shareholders by distributing a portion of profits whilst ensuring that adequate funds are retained for the sustainable growth of the Bank. The same can be viewed on the website of the Bank at <https://www.aubank.in/investors/secretarial-policies>.

In line with the aforementioned policy and considering the Bank’s financial performance during the FY 2023-24, the Board at its meeting held on April 24, 2024 recommended a dividend of 10% (₹ 1 per fully paid-up Equity Share of ₹ 10 each) for the year ended March 31, 2024. This recommendation will be placed before the shareholders for approval at the upcoming Annual General Meeting (“**AGM**”) of the Bank.

In terms of the provisions of the Income Tax Act, 1961, the dividend income is taxable in the hands of the members and the dividend will be paid to the members by the Bank after deduction of tax at source (‘TDS’) at the applicable rates.

As per the requirement of Section 149(8) read with Schedule IV of the Act and Regulation 25 of the Listing Regulations, a meeting of the Independent Directors of the Bank is required to be held at least once a year in absence of non-independent directors and members of the management.

During the year under review, 1 (one) meeting of Independent Directors of the Bank was convened on April 24, 2023 which was chaired by Mr. Raj Vikash Verma and attended by all the Independent Directors and various matters were discussed & reviewed at the meeting *inter alia* covering:

- Action taken report of previous meeting of Independent Directors.
- Performance of Non-Independent Directors, the Board of Directors as a whole, Chairperson of the Bank.
- The quality, quantity, and timeliness of flow of information between the management of the Bank and the Board of Directors that is necessary for the Board of Directors to effectively and reasonably perform their duties.
- Whether adequate time is spent by the Board/Committees on discussions on important issues.
- Update on existing corporate governance practices.

Q. Familiarisation Programme for Independent Directors

In accordance with Regulation 25(7) of the Listing Regulations and RBI guidelines, the Bank conducted various familiarisation programmes during FY 2023-24 for the Independent Directors to enable them to familiarise with the Bank, its Management, Bank's Business, and its operations for better understanding of their responsibilities, roles, and rights for effective contribution in sustainable growth of the Bank.

The Details of familiarisation programme and other sessions organised for Independent Directors during FY 2023-24 is disclosed in the Report on Corporate Governance annexed with Board's Report as **Annexure-I** and on the website of the Bank under <https://www.aubank.in/investors/secretarial-policies>.

R. Declaration of Independence

In accordance with provisions of Sections 149(6) and 149(7) of the Act, Schedule IV and Regulation 16(1)(b) and 25(8) of the Listing Regulations, the Bank has received necessary declarations/disclosures from all the Independent Directors confirming that they meet and comply with the criteria of independence. The Independent Directors have also complied with the Code for Independent Directors as prescribed in Schedule IV to the Act.

Pursuant to the Companies (Creation and Maintenance of Databank of Independent Directors) Rules, 2019 read in conjunction with the Companies (Appointment and Qualifications of Directors) Rules, 2014, the Independent Directors of the Bank have successfully registered their names in the online databank of Independent Directors maintained & administered by the Indian Institute of Corporate Affairs ("IICA"). The Independent Directors have also confirmed that they were not aware of any circumstance or situation which existed or may be reasonably anticipated, that could impair or impact their ability to discharge their duties with an objective independent judgement and without any external influence.

In the opinion of Board, the Independent Directors possesses requisite domain knowledge, experience, expertise, integrity, and proficiency as required under the Code applicable for Independent Directors as stipulated under Schedule IV of the Act and in terms of policies of the Bank.

S. Compensation Policy for appointment and remuneration of Director's, Key Managerial Personnel, Senior Management Personnel, Material Risk Takers (MRTs) and Control Function Staff

The Bank has formulated and adopted a comprehensive Compensation Policy for appointment and remuneration of its Directors, Key Managerial Personnel ("KMP"), Senior Management Personnel ("SMP"), Material Risk Takers ("MRT") and Control Function Staff on the recommendation of the NRC, in compliance with the provisions of Section 178(3) of the Act read with relevant rules made thereunder, Listing Regulations and RBI guidelines.

The policy governs the appointment and remuneration of Directors (including Independent Directors), KMP, SMP, MRTs and Control Function staff as applicable in accordance with the criteria established by the NRC of the Board as mandated by the Act and applicable Rules, Listing Regulations, and other relevant guidelines.

Key objectives of the policy include establishing standards for compensation, including fixed and variable pay, retaining and motivating talent, defining internal guidelines for reimbursement to Directors and KMPs, institutionalising a mechanism for appointment/removal/evaluation of performance of Directors, administering ESOP as per SEBI regulations and ensuring compliance with applicable laws, rules, and regulations as well as 'Fit and Proper criteria' of directors for their appointment.

The policy undergoes regular review by the Board of Directors in addition to the other amendments that may be required in the policy and is hosted on the Bank's website <https://www.aubank.in/investors/secretarial-policies>.

The terms of reference of the NRC and Compensation Policy are detailed in Report on Corporate Governance annexed with Board's Report as **Annexure-I**.

T. Evaluation of the Directors, the Board and Committees

The evaluation of Board performance is a crucial exercise for organisations to gauge the effectiveness of their governing bodies. By assessing both individual Board members and the Board as a whole, Bank can identify strengths, weaknesses, and areas for improvement. This evaluation is essential to ensure that the Board is operating effectively in alignment with the organisation's strategic objectives.

The provisions of Section 149(8) read with Schedule IV, Section 178(2) of the Act, Regulation 17 and other applicable Regulations of the Listing Regulations, and Guidance Note on Board Evaluation issued by the SEBI, mandates the performance evaluation of the Board, its committees, individual directors and the Chairperson of the Bank on the basis of various parameters with the aim to improve the effectiveness of the individual Director, Committees and the Board.

The Bank has established a structured process for Board performance evaluation which is conducted annually. The NRC reviews and approves the criteria and the mechanism for carrying out this exercise effectively.

Details regarding the Board performance evaluation carried out for FY 2023-24 including methodology used, its outcome and proposed recommendations for implementation in the upcoming financial year, are provided in the Report on Corporate Governance, forming part of this Board's report as **Annexure-I**.

U. Statutory Auditors and their Report

In consonance with the 'Guidelines for Appointment of Statutory Central Auditors (SCAs)/Statutory Auditors (SAs) of Commercial Banks (excluding RRBs), UCBs and NBFCs (including HFCs)' dated April 27, 2021 issued by RBI, Banks are required to appoint Statutory Auditors for a continuous period of three (3) years, subject to the audit firms meeting eligibility criteria annually and obtaining RBI approval on an annual basis.

The Secretarial Auditors have not reported any instance of fraud in accordance with Section 143(12) of the Act during the year under review and their report did not contain any observation or qualification for the FY 2023-24. The Secretarial Audit Report for FY 2023-24 in form MR-3 is annexed with Board's Report as **Annexure-IV**.

W. Particulars of Loans, Guarantees and Investments

Pursuant to the provisions of Section 186(11) of Act, the provisions of Section 186 of the Act except sub-section (1), do not apply to loans made, guarantees given or securities provided or acquisition of securities by a Banking company in the ordinary course of business and are exempted from disclosure requirement in the Annual Report.

However, the particulars of investments made by the Bank are disclosed in Schedule 8 of the Financial Statements for FY 2023-24, forming part of this Annual Report, as per the applicable provisions of BR Act.

X. Related Party Transactions

During the FY 2023-24, the Bank did not engage in any material significant transactions with related parties that could potentially create conflicts of interest between the Bank and these parties. All related party transactions conducted throughout the year were carried out at arm's length basis and in the normal course of business operations.

The Audit Committee has accorded an omnibus approval for related party transactions which are of repetitive nature and entered in the ordinary course of business. Further, the Audit Committee of the Bank reviewed details of all related party transactions entered by the Bank on quarterly basis.

As per Section 134(3)(h) of the Act read with Rule 8(2) of the Companies (Accounts) Rules, 2014, there are no related party transactions that are required to be reported in form AOC-2. The requisite disclosure has been made under Schedule 18 of the notes forming part of audited financial statements for the financial year ended March 31, 2024.

The Policy on Related Party Transactions and Materiality as approved by the Board can be accessed on the website of the Bank at <https://www.aubank.in/investors/secretarial-policies>.

Y. Material Changes and Commitments, if any, affecting the Financial Position of the Bank

As mentioned in the paragraph C of the Board Report, the amalgamation of Fincare Small Finance Bank with and into the Bank became effective from April 01, 2024. Further details regarding the same are covered in Management Discussion & Analysis section of the Annual Report.

Except as above, no material changes and commitments that affect the financial position of the Bank have occurred between the end of the financial year i.e. March 31, 2024 and up to the date of this Report.

Z. Conservation of Energy, Technology Absorption & Foreign Exchange Earnings and Outgo

The Bank has consistently upheld a commitment to environment sustainability, and has proactively implemented various measures to reduce emissions footprint, including utilising digital technologies and implementing emission reduction initiatives throughout Banking operations.

(a) Conservation of Energy

Steps taken or impact on conservation of energy, utilising alternate sources of energy and capital investment on energy conservation equipments:

The Bank is committed to environmental sustainability and is actively reducing emissions through digital solutions and adopting low-carbon innovations, like exploring zero-carbon electricity for Banking operations. Bank has implemented a three-pronged strategy for energy conservation:-

1. Energy Efficiency Measures

- Encouraging green plants and gardens on Bank's premises to lower air conditioning needs and keeping temperatures at 24°C or higher.
- Engaging in performance-based contracts for energy savings.
- Switching to LED lights instead of traditional ones to cut down on electricity usage.
- Using timers for signage to optimise energy usage.
- Installing power factor systems in electrical panels for efficient electricity use and implementing power factor corrections.

2. Technology Upgrades

- Implementing an i-Touch manager for efficient monitoring and control of electricity usage, leading to reduced consumption.
- Using Variable Refrigerant Volume (VRV) based Chillers to cut down on energy usage in ACs by 20% and prevent pilferage.
- Employing insulation to minimise heat load in offices, reducing the need for excessive air conditioning.
- Using UPS and inverters to reduce reliance on diesel generators.

3. Renewable Energy

- Recognising the importance of renewable energy for a cleaner future, the Bank has installed a 1 MW solar plant.
- The solar project is situated in Gajner Site, Bikaner district, Rajasthan, and serves Jagatpura (JPO-01), Malviya Nagar, and Tonk Road offices at Jaipur, Rajasthan.
- This project is expected to generate 16 Lacs units annually, contributing significantly to reducing carbon footprint and supporting global sustainability goals.
- **Recycling systems and supplies:** The Bank also practices highly efficient management methods to refurbish aging IT systems. This is carried out to avoid sending hazardous materials into huge landfills and scaling down the load on already overburdened junkyards. The Bank also employs a coherent system of recycling slightly older IT systems by assigning them to the staff that does not need to perform heavy data processing on their system. By doing so, the Bank successfully reduces the demand for new desktops and laptops even with the growing workforce.

Other Initiatives -

Green Building - Natural Sunlight is maximised through Green Building design in Offices to reduce reliance on artificial lighting to the extent possible.

Green building encompasses environmentally responsible and resource-efficient practices throughout a building's life cycle, from planning to demolition. It expands on traditional building concerns of economy, utility, durability, and comfort by prioritising energy, land, water, and material savings while reducing pollution and promoting harmony with nature. Bank's office at Sanpada, Mumbai, achieved a "Gold" rating in IGBC's Existing Green Interior Category, showcasing a commitment to indoor environment quality, sustainable materials, energy efficiency, water conservation, and eco-design principles. This achievement reflects the Bank's dedication to environmental responsibility and sets a standard for future branches nationwide.

(b) Technology Absorption

1) The efforts made towards Technology absorption:

1. **Digital Banking:** Banking is made convenient through the digital platform, doing away with all the paperwork like cheques, pay-in slips, Demand Drafts, and so on. ~90% of Bank's deposit accounts are opened through digital platforms, with the main one being Tab Banking. Expanding its capabilities, the Bank is gradually adding end-to-end customer

on-boarding journeys on this platform i.e. Micro Business Loan (MBL), Home Loan, 2-wheeler and 4-wheeler Loan, Credit Card, Insurance and Wealth Products.

Digital banking for asset products offers convenient Banking for Customers, eliminating the need for excessive paperwork and enhancing banking experience. This technological advancement allows the Bank to leverage its capabilities and streamline operations, ultimately leading to increased efficiency and faster service.

The Bank witnessed strong growth in the adoption of tab-based account opening, Android-based mobile banking, WhatsApp banking (24/7 banking solutions), and Net banking, thus minimising paper usage, reducing waste generation, and achieving improved waste management.

2. **AU 0101 App:** AU 0101 App feature enables the Customers to bank from anywhere and which contributes to reducing carbon footprint; and seamless video banking enables customers to avail Banking services virtually through a video-enabled chat with branch executives, eliminating the need to travel to the branch. The 'AU0101' retail Internet and mobile banking application and platform have been successfully migrated to AWS's private cloud, ensuring high availability, scalability, and security. Even during peak traffic periods, the system remains responsive and reliable, seamlessly meeting customer demands.
3. **Video Banking:** This service helps Customers to connect with Video Bankers on real time basis at Customer's convenience from home. Customer can open account, book FD, and much more. Bank provides video banking facility with a vision to offer all its services virtually through video-enabled chat with branch executives, eliminating the need for branch visits. This initiative helped the Bank twofold in promoting digital banking and inspiring its customers to adopt a more environmentally sustainable banking channel and saving of fuel by reducing commutation challenges.
4. **Embracing E-receipts Culture:** Bank encourage customers to choose electronic receipts at ATMs, then send them a detailed SMS on their most recent transaction and Bank balance to their registered mobile number to reduce paper usage. Bank also teamed up with the transport department of Haryana to automate the ticketing process, allowing for the conservation of natural resources.
5. **Automate Energy data collection:** This is an application of digital technologies for energy data collection. Bank has replaced manual way of data collection from its various sites and automated data collection through ERP software.

Energy accounting and reduction have a major effect on emissions as an enabler in accelerating clean energy transitions. The system is helping the Bank to cut costs, improve efficiency and resilience, and reduce emissions.
6. **Cloud computing & storage:** Cloud computing & storage is helping in modernising infrastructure, scale operations, improve resiliency, load sharing and reduced costs for the Bank.

II) The benefits derived like product improvement, cost reduction, product development or import substitution:

The Bank delivers products and services that promote sustainable development and conduct its business in a fair and professional manner. A proper structure and process is available which facilitates incorporating risk criteria in the product development and approval process. The Bank is continuously taking various steps on the product improvement. The Bank has implemented an upgraded version of ITAM tool (IT asset management tool). This tool will manage all Bank's IT assets life cycle i.e. from procurement to scrap and disposal of asset, for pan India banking operations. Highly efficient use of technology through software helps in save time, improve efficiency, reduce costs, improve productivity, more agile and helps in information security.

Embracing the transformative power of robotics, the Bank has automated over 100 processes through Robotic Process Automation (RPA). This strategic move not only reduces manual

intervention but also underscores the Bank's dedication to technological excellence and continuous improvement.

In terms of AD-1 applications, the Bank has implemented the Kondor Treasury Application to enhance financial efficiency and global connectivity. This state-of-the-art solution streamlines interbank trading processes by automating tasks, improving accuracy, and enhancing risk assessment. Additionally, Bank has enabled secure interbank transactions in USD via SWIFT. The SWIFT network ensures reliable and efficient cross-border financial transactions. Leveraging SWIFT's standardised messaging system, we have fostered international trade and facilitated seamless USD transactions.

the Bank is investing in initiatives and innovations to build a digital gateway to a sustainable lifestyle. The Bank's investments in digital technologies have simplified banking and enabled a smoother customer journey. In addition, a robust technology platform has been created by the Bank as a part of the new-age digital banking ecosystem.

III) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year):

- a) The details of technology imported: Nil
- b) The year of import: Nil
- c) Whether the technology been fully absorbed: Nil
- d) If not fully absorbed, areas where absorption has not taken place, and the reasons thereof: Nil

IV) Expenditure incurred on Research and Development:

Since financial services is being primarily covered under Service Sector, the details of this clause are not applicable to the Bank.

(c) Foreign Exchange Earnings and Outgo

During the financial year ended March 31, 2024, the foreign exchange earnings was ₹ 12.44 Crore and the foreign exchange outgo was ₹ 19.52 Crore.

AA.Risk Management

The Bank operates in an environment which is characterised by multitude of risks and constantly identifying the emerging and evolving risks is critical to ensure stability, profitability and sustainability of the Bank. The Bank further aims to balance risk and return within approved boundaries, with a focus on refining risk measurement systems for optimal performance and to safeguard stakeholders' interests.

The Bank operates a robust Enterprise Risk Management Framework to address and manage various risks evolving around Credit Risk, Market & Liquidity Risk, Operational Risk, IT and Cyber Security Risk, Compliance Risk, and other risks through a multi-layered process overseen by experienced leadership, maintaining a proactive stance to address emerging threats.

A robust and independent risk management function is essential to ensure effective risk management within a Bank. The primary objective of the Bank's risk management function is to proactively anticipate vulnerabilities at all levels, and this is achieved through detailed quantitative and qualitative analysis of the risks associated with various activities. By adopting this preemptive approach, the Bank can stay ahead of potential risks and challenges in a constantly evolving industry and regulatory landscape. This proactive preparedness ensures that the Bank is well-equipped to tackle any unforeseen issues that may arise.

The three Lines of Defence - individual business units and support functions, Risk Management and Compliance departments, and Internal Audit function - governs the Bank's risk management and provide assurance to the Board that the risks assumed by the Bank are within the risk appetite approved by the Board and the adequacy and effectiveness of the governance framework around the risks for Bank's business.

The Risk Management policies play a crucial role in the Banking sector which helps in mitigating potential risks and safeguard the financial well-being of the institution. Effective risk management policies also help

to enhance the Bank's resilience in the face of unforeseen events and uncertainties and maintain long-term sustainability. The risk management framework of the Bank is guided by these policies for evaluating risks associated with the business, allowing Banks to make informed decisions and allocate resources effectively while maintaining the trust and confidence of stakeholders, as well as sustaining long-term growth and profitability. The Risk Management Policies undergo annual reviews and periodic updates in accordance with regulatory and internal guidelines.

The Board is benefitted by a seasoned executive management team, along with the support of Board Committees and Board Delegated Committees that form part of the Risk Governance Framework. Striking a balance between growth and prudent risk management, the Board is dedicated to creating value for stakeholders. In line with regulatory requirements, the Bank has also constituted a Risk Management Committee ("RMC") tasked with overseeing the implementation of the risk governance framework and guiding principles. The Internal Capital Adequacy Assessment Process (ICAAP) evaluates the amount and distribution of capital needed to cover risks, including a forward-looking stress capital assessment. The RMC reviews the Risk Appetite framework, ICAAP, and stress testing results.

A Chief Risk Officer ("CRO") has been appointed to lead various risk areas including Credit Risk, Market & Liquidity Risk, Operational Risk, Fraud Risk, Information Security Risk, and Compliance Risk, among others and operates in accordance with approved risk management policies and the delegation matrix, with direct access to the RMC. Playing a pivotal role in shaping risk management decisions that influence the Bank's strategic direction, the CRO diligently monitors the progress of risk management activities. Further details of the RMC and its terms of reference are set out in the Report on Corporate Governance annexed with Board's Report as **Annexure-I**.

The Risk Management framework is a layered structure and broadly consists of the following aspects for effective risk management across the Bank:

(a) Credit Risk Management

Risk: Credit risk arises from default by borrowers in their terms of contract with the Bank especially failure to make payments or repayments. Credit Risk is the possibility of losses which may arise due to outright default or due to inability or unwillingness of a customer or counterparty to meet commitments in relation to repayments, trading settlements, or any other financial transaction.

Mitigation: Credit Risk & NPA Management Committee ("CRNPAC") oversees and reviews the credit risk and is responsible for prudential limits on large credit exposures, asset concentration, portfolio management, loan review mechanism, risk concentration, monitoring and evaluation, provisioning, regulatory and other issues around it. Credit Risk Management formulates credit risk policies and procedures for managing the credit risk and ensuring portfolio composition and quality.

The scope of the Credit Risk unit includes measuring, assessing, and monitoring credit risk within the Bank through strengthening underwriting norms, keeping close watch on asset quality trends and concentrations at individual exposures as well as at the portfolio level. It establishes risk limits and conducts periodic portfolio reviews. It exercises oversight on the strategy and underwriting functions of the Credit group. Portfolio monitoring is carried out through Portfolio Profiling, Early Warning Framework, Rapid Portfolio Review, and Monitoring of High Value Customers and other risk activities. All aspects of credit risk are governed by the Credit Risk Management Policy and other related Policies.

The Bank has laid down prudential limits and caps on various aspects to control the magnitude of credit risk. The defined risk limits are forward-looking and are reviewed in sync with future business plans. The Bank has a comprehensive credit risk architecture, policies, procedures, and systems for managing credit risk in its retail and commercial segments. Commercial lending is managed on an individual as well as portfolio basis. In contrast, given the granularity of individual exposures, retail lending is managed largely on a portfolio basis across various products and customer segments. Robust systems are in place to ensure credit quality and minimise default losses. The Bank ensures portfolio diversification, stringent credit approval processes, periodic post-disbursement monitoring,

and remedial measures. The Bank has ensured strong asset quality through volatile times in the lending environment by stringently adhering to prudent norms and institutionalised processes.

CRNPAC follow the guiding principles listed below and submit its updates to RMC of the Board at regular intervals:

- Ensure that a governance framework is established for an effective oversight, segregation of duties, monitoring and management of Credit Risk in the Bank.
- Ensure that the approval of credit proposals are as per the defined strategies, systems, and processes.
- Ensure that guiding principles shall be laid down for the setting up and monitoring of the credit and credit risk appetite and limits.
- Establish standards to facilitate effective identification and assessment of credit risk in the Bank.
- Establish standards for effective measurement and monitoring of credit risk and NPA.
- Ensure adherence to the guidelines/policies related to credit, credit risk and NPA management as issued by the RBI from time to time.

(b) Operational Risk Management

Risk: Operational Risk has been defined by the RBI as the risk of loss resulting from inadequate or failed internal processes, people, and systems or from external events. This definition includes Legal Risk but excludes Strategic and Reputational Risk.

Mitigation: The Bank has a Board approved Operational Risk Management Policy which encompasses a comprehensive Operational Risk Management framework. The framework outlines the governance structure and processes for monitoring & managing various operational risks and controls linked to various processes across all business verticals. This structure consists of three lines of defence: the business line (including support and operations) is the first line, an independent Operational Risk Management Department (ORMD) is the second line, and Internal Audit is the third line. These units collaborate to manage, monitor, and mitigate operational risks effectively. The independent ORMD is responsible for implementation of this framework while the Board delegated Operational Risk Management Committee (ORMC) oversees the implementation of this framework across the Bank and advise on the implementation of measures for risk mitigation which further reports to the RMC.

The Bank's Fraud Monitoring and Control measures are robust with a dedicated Risk Containment Unit (RCU) guided by a Board approved Fraud Risk Management Policy. Fraud cases reported in the Bank are apprised to the Audit Committee and the Board and fraud cases over ₹1 Crore or more are specifically reported and dealt with by the Special Committee for Fraud Monitoring (SCFM) of the Board. The Bank is continuously enhancing its systems, practices, controls, and review mechanisms ensuring fraud-prone areas are continuously monitored and secured against internal and external threats.

In the realm of Digital Banking, with Digital Banking services, we have made significant advancements in both customer facing technologies and internal digitisation. To further enhance security and customer experience, we monitor transactions continuously. With confidence in our technological capabilities, we are poised to drive the next phase of growth in Digital Banking.

Outsourcing Risk Policy

The Bank also has in place a comprehensive Outsourcing Risk Policy in line with RBI guidelines with ultimate responsibility resting with the Board for the outsourced activity. However, for ease of functioning, the powers have been delegated to the Committee for Outsourcing of IT and Financial Services which further reports to RMC. The outsourcing policy of the Bank lays down the framework adopted by the Bank for reviewing and approving outsourcing of services that includes plans and procedures to evaluate, assess, approve, review, control and monitor the risks and materiality of all its vendor/outsourcing activities and serve as a guide to adopt sound and responsive risk management practices for effective oversight, due diligence and management of risks arising from outsourcing activities.

Business Continuity Management (BCM) plan

The Bank has a comprehensive Business Continuity Management (BCM) plan in place with policies, and procedures meticulously designed to align with regulatory guidelines, and it undergoes thorough reviews and audits to ensure effectiveness.

In terms of Governance and management, the ORMD is tasked with coordinating with various Units to identify the critical business functions and processes across the Bank, for which effective Business Continuity Plan (“BCP”) needs to be planned for.

Approach towards emergency, disaster & crisis management

Business continuity - Manage continuity of critical business operations and accelerated resumption of services after a disaster.

Emergency response - Deal with site-level emergency at an office or a branch involving life safety issues like fire, bomb threats, and so on.

IT disaster recovery - Quick recovery of critical business applications during hardware/ network/ power failure etc.

Pandemic response - Facilitate a well-structured and efficient response to any pandemic situation that threatens the safety of the Bank’s employees and/or disrupts the Bank’s critical business functions.

Crisis management - Comprehensive incident and crisis management framework tackles Bank wide incidents and crisis such as pandemic, terrorist attacks, ransomware attacks, fire, cyclone, earthquake, city level floods, cyber-attacks, and data centre outages, among others.

The Bank has a business continuity programme in place to ensure the continuity of critical operations of the Bank in the event of any disaster/incident affecting business continuity. This business continuity programme is developed considering the criticality of the functions performed and the systems have been designed to minimise the operational, financial, legal, and other material consequences arising from such a disaster and focus is on ensuring faster recovery and minimising the impact on the IT systems of the Bank. The Bank has dedicated Disaster recovery sites and there are periodic drills in place to validate the effectiveness of our BCPs. These controls help execute immediate action in case any business/application-level issue arises which is leading to an impact on banking services/ operations. The learning from the BCP drill exercises is used in refining the BCP framework.

(c) Market Risk, Liquidity and Asset Liability Management

Risk: Market Risk for the Bank originates from investment and trading in securities and forex exchange open positions, which are undertaken both for the customers and on a proprietary basis. The market risk management framework of the Bank sets benchmark and various limits to monitor the market risk exposures, the performance of portfolios vis-à-vis the market risk limits and comparable benchmarks, which provide guidance to optimise the risk-adjusted rate of return of the Bank’s investment portfolio. Liquidity risk refers to Bank’s inability to fund an increase in assets or withdrawal of liabilities and meet both expected and unexpected cash & collateral obligations at reasonable cost without adversely impacting its financial condition.

Mitigation: Market risk management is guided by well-defined policies, regulatory guidelines, processes, limits and systems for the identification, measurement, monitoring and reporting of exposures against various risk limits set in accordance with the risk appetite of the Bank. The Bank utilises the analytical tools for the market risk management of its trading/investment portfolios and forex positions.

The Asset Liability Management Policy of the Bank stipulates a comprehensive framework for managing liquidity risk, ensuring Bank’s ability to meet its liquidity obligations and remain resilient during period of liquidity stress caused by Bank-level factors, market-wide factors, or a combination of both. The Board approved policy outlines the risk appetite around the liquidity and market risk while also establishes a governance structure in line with the Bank’s overall Risk Appetite. The Asset Liability Management Committee of the Bank is responsible for overseeing the identification, measurement and management of market risk, forex risk, interest rate risk and liquidity risk within the

Bank, ensuring adherence to the established internal and regulatory prudential limits and operating within the Board approved risk appetite.

(d) IT Risk Management

Risk: The Bank is growing with digitisation and aimed at leveraging digital technology to provide a best-in-class experience for its customers while simultaneously enhancing productivity and improving IT risk management. Risk of cyber-attacks on the Bank’s systems arises among others from computer viruses, malicious or destructive code, phishing attacks, denial of service or information, application vulnerability and other security breaches resulting in disruption of its services or theft or leak of sensitive internal data or customer information.

Mitigation: IT Risk management is a critical process aimed at identifying, assessing, mitigating and monitoring risks that could impact an organisation’s information technology infrastructure and data assets. The Bank has established a robust information and cyber security framework for securing its IT infrastructure and systems. Management and Board level committees have been formed to review and monitor IT security infrastructure and compliance over IT related vulnerabilities against emerging cyber security risks. The Chief Information Security Officer (“CISO”) is responsible for monitoring the information security risks covering all aspects of data security for the Bank who reports to CRO. Cyber Security Operation Centre with qualified professionals is reporting to CISO for monitoring of real-time cyber security glitches. The Bank has adopted layered approach security deployment and continuously evaluating and investing in nextGen cyber security solutions to strengthen the cyber security posture of the Bank. Accordingly, appropriate advanced controls at various layers have been deployed to ensure that cyber security risk is minimised.

(e) Reputation Risk Management

Risk: Any adverse stakeholder and public perception about the Bank may negatively impact its ability to attract and retain customers and may expose the Bank to litigation and regulatory actions.

Mitigation: The Bank assesses and manages Reputation Risk on regular basis. Your Bank communicates with its stakeholders regularly through appropriate engagement mechanisms to address stakeholder expectations and assuage their concerns, if any. There is Zero tolerance for knowingly engaging in any activity that is not consistent with values, Code of Conduct, or policies of the Bank. The Bank identifies reputation risk in its ICAAP document and an assessment framework has been established to monitor the level of reputation risk.

(f) Compliance Risk Management

Risk: Compliance risk primarily involve the possibility of monetary penalties, regulatory sanctions, and reputational damage to the Bank. These risks can be effectively mitigated by ensuring continued compliance with the applicable laws and regulations governing Anti-Money Laundering (AML), Know Your Customer (KYC) requirements, data privacy, and other pertinent domains.

Mitigation: The following two major policies form the bedrock of the Bank’s robust Compliance Risk Management framework -

- 1. Compliance Policy** - The Compliance Policy defines compliance philosophy in the Bank. It outlines the Compliance structure, scope of compliance, compliance processes and procedures for managing risk. It has been formalised in accordance with the Reserve Bank of India’s circular on ‘Compliance functions in Banks and Role of Chief Compliance Officer’. The policy emphasises on independence of the Compliance function and fosters a uniform compliance culture across the Bank.
- 2. Know your Customer/ Anti-Money Laundering Policy** - The KYC/ AML policy enables the Bank to know and understand its customers and their financial dealings, thereby facilitating prudent management of risks associated with money laundering and terrorist financing. It majorly encompasses Customer acceptance and identification procedures, Customer Due Diligence, transaction monitoring, Periodic updation of customers’ risk and data privacy norms. The policy has been framed in line with the RBI’s Master Direction - Know Your Customer (KYC) Direction,

2016 (as updated from time to time) and in terms of the provisions of the Prevention of Money Laundering Act, 2002 and rules thereof.

These policies are reviewed annually or more frequently (as and when there is any regulatory change) to keep them aligned with the evolving regulations and industry standards.

The Bank has a dedicated Compliance department that is adequately staffed with subject matter experts who diligently identify, assess, and control potential risks within their respective domains by carrying out regular reviews and monitoring of products, policies, and procedures. The Compliance department continuously monitors developments and updates the status of compliance to the senior management and Audit Committee of the Board, which enables the Board to advise on the implementation of measures for risk mitigation. Additionally, to keep themselves abreast with the latest regulations, these compliance officers participate in internal and external trainings periodically.

AB. Corporate Social Responsibility

The Bank is committed to supporting the entrepreneurial dreams of the underprivileged and unbanked population in India by providing financial assistance. The Bank firmly believes that every individual deserves equal opportunity regardless of their socio-economic background and is dedicated to empowering people by making them realise their true potential and become self-reliant. Additionally, the Bank has been actively involved in implementing impactful CSR projects aimed at enhancing the livelihoods of marginalised communities. These projects primarily focus on skills development, empowering women entrepreneurs, promoting rural sports, and other initiatives that bring positive change to the targeted communities. CSR activities and funds of the Bank are closely monitored by the Corporate Social Responsibility Committee (“CSR Committee”) formed by the Board of Directors. Further, impact assessment of these projects was also carried out for the FY 2023-24.

In compliance with the CSR provisions outlined in the Act read with the rules made thereunder, a total of ₹12.65 Crore has been allocated to the “Unspent Corporate Social Responsibility Account” for FY 2023-24 for the purpose of funding ongoing CSR Projects. This allocated amount will be used in alignment with the Company’s CSR Policy and implementation schedule.

The terms of reference of CSR Committee are outlined in the Report on Corporate Governance annexed as **Annexure-I**. Further, a comprehensive breakdown of expenditures and other relevant details pertaining to CSR activities including executive summary along with web-link(s) of Impact Assessment of CSR Projects carried out for FY 2023-24 have been disclosed in the Annual Report on Corporate Social Responsibility annexed as **Annexure-II** with Board’s Report. The CSR Policy is also available for viewing on the Bank’s website at <https://www.aubank.in/investors/secretarial-policies>.

AC. Disclosure under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Bank is dedicated to fostering a safe and healthy work environment for all employees, free from prejudice, gender bias, and sexual harassment. We uphold a zero-tolerance policy towards any form of sexual harassment and strive to promote a positive and productive workplace for everyone.

In alignment with the guidelines set forth in the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, the Bank ensures a safe and conducive work environment for all employees and associates by implementation of a Policy on Prevention and Redressal against Sexual Harassment at the workplace.

Detailed information regarding the Bank’s commitment to preventing and addressing sexual harassment is provided in the Report on Corporate Governance as **Annexure-I** to the Board’s Report.

AD. Subsidiary, Joint Ventures & Associate Companies

The Bank does not have any subsidiary, joint ventures & associate companies. Hence, the details of this clause are not applicable to the Bank. Accordingly, the Bank is also not required to formulate a specific policy on dealing with material subsidiaries.

AE. Material Orders Passed by Regulators or Courts or Tribunals

During the FY 2023-24, no material orders have been passed by the Regulators/ Courts/ Tribunals which would impact the going concern status of the Bank and its future operations.

AF. Internal Financial Control & their Adequacy

The Bank maintains a robust internal financial control system carefully tailored to its risk appetite and aligned with the size, scale, and complexity of the Banking operations. The scope and authority of the risk-based internal audit function is clearly outlined in the Board approved Internal Audit Policy of the Bank.

The audit function plays a pivotal role in ensuring that the Bank’s processes and operations adhere to regulatory guidelines, accounting standards, and internal rules and guidelines of the Bank. This function offers an impartial evaluation on the quality and effectiveness of the Bank’s internal control, risk management, and governance systems to provide assurance to the Board of Directors and Audit Committee.

During the period under review, the internal controls of the Bank were in place and operating effectively. Further, the Joint Statutory Auditors have issued an opinion on the adequacy of the internal controls over financial reporting of the Bank and operating effectiveness, as required under the Act. Details of this opinion can be referred to in the Auditor’s Report attached to the audited financial statements for FY 2023-24.

AG. Cost Records

Being a Banking company, provisions of Section 148(1) of the Act, relating to maintenance of cost records is not applicable to the Bank.

AH. Corporate Governance

Corporate Governance is the cornerstone of the Bank’s operations, underpinned by principles of transparency, accountability, integrity, fairness, and compliance while conducting business & making necessary disclosures. Corporate Governance has been an integral part of the way the Bank has been operating since inception. The Bank believes that good Corporate Governance emerges through the implementation of best management practices, strict adherence to laws and regulations, and a commitment to transparency and ethical conduct. Effective risk management is central to the governance framework, as the Bank prioritise maintaining strong risk management and internal controls to support sustainable business growth and build public trust.

The Bank is dedicated to constantly refining its governance and assurance practices by benchmarking itself against global best practices. The Bank is committed to having a top-notch Governance and assurance framework in place, and it constantly works to enhance its Risk Management, Compliance, and Audit practices. The Board of Directors, various committees and policies of the Bank play a pivotal role in overseeing the overall Governance & Assurance framework.

The Bank is continuously striving to enhance governance and assurance functions. Through the implementation of various practices and initiatives, we are dedicated to bolstering the risk and compliance culture.

Key aspects of these functions, along with recent initiatives, are integral to the Bank’s commitment to excellence which include:

1. Risk Management:

The responsibility for executing key risk management activities has been entrusted to the Board Delegated Committees, including the Credit Risk & NPA Management Committee, Operational Risk Management Committee, Asset Liability Management Committee, IT Steering Committee, and Information Security Committee. Risk management is a top priority for the Bank, with a strong framework in place to address potential risks. The Bank’s risk management philosophy and approach are centered on safeguarding the interests of customers and investors, as well as preserving the Bank’s reputation and financial stability.

2. Compliance Function:

Corporate Governance in Banks emphasises compliance with laws, regulations and ethical standards as the Banks are subject to a complex regulatory environment. The primary focus of the Compliance function is to establish and maintain a strong culture of compliance within the Bank. In order to

cultivate the right tone for compliance, the function consistently seeks guidance from the Board of Directors and its committees. It engages with internal stakeholders through both structured and informal meetings to effectively communicate the necessary compliance standards.

In order to strengthen its efforts, the Compliance Function has introduced several new initiatives, including:

- (i) Compliance Sustenance Framework
- (ii) Compliance Self Certification
- (iii) Enhancing the Product Approval Process
- (iv) Quality Assurance and Improvement Programme (QAIP)
- (v) Bringing in IT/IS resources with specialised domain knowledge.

3. Internal Audit Function:

The Internal Audit Department adheres to a risk-based audit approach outlined in the Bank's Risk Based Internal Audit Policy. The department prioritises audits of high-risk areas in coordination with the Risk Management and Compliance Functions. Additionally, the Bank has established an independent Quality Assurance function to enhance the effectiveness of the Internal Audit Department. This function conducts independent quality checks on audit activities performed by the various sub-verticals within the department.

The Report on Corporate Governance for FY 2023-24 along with certificate issued by M/s. V. M. & Associates, Company Secretaries confirming the compliance to applicable requirements related to corporate governance as stipulated under Chapter IV of the Listing Regulations, is annexed with Board's Report as **Annexure-I**.

AI. Business Responsibility and Sustainability Report & Sustainability Initiatives

At AU Small Finance Bank, sustainability is at the core of its business model and reflects in all its offerings. The Bank's commitment to environmental and social responsibility is deeply rooted in its values. The Bank believes in taking proactive measures rather than reactive responses to climate change, focusing on setting ambitious targets and robust governance to achieve them.

The Sustainability Committee of the Board of the Bank guides on this journey, while MD & CEO continually inspires to build a Bank that sustains for generations. Initiatives like AU's Green Deposit demonstrate Bank's dedication to mobilising funds for green projects and supporting India's Net Zero targets.

The Bank prioritise stakeholder awareness through training programmes covering sustainability and ESG topics for all employees. The Bank's communication efforts, both internally and externally, ensure that its sustainability message reaches everyone.

As a part of Banking operations, the Bank promotes digital banking, video banking, and e-receipts to reduce paper usage and waste. Its focus on clean mobility, including incentives for electric vehicle loans, and sustainable office practices further underline Bank's commitment to eco-friendly practices.

Additionally, the Bank empowers women through initiatives like AU Udyogini and promote sports through Bano Champion, fostering inclusivity and well-being in communities. Continual improvements in sustainability ratings validate its ongoing efforts in this area.

The Sustainability Report and Business Responsibility and Sustainability Report ("BRSR") of the Bank demonstrate transparency and adherence to global standards, showcasing its commitment to sustainable growth and positive societal impact.

In addition, the BRSR of the Bank for the FY 2023-24 is included as **Annexure-V** to the Board's Report and can also be accessed on the Bank's website at <https://www.aubank.in/other-reports>, as required by Regulation 34(2)(f) of the Listing Regulations and relevant SEBI circulars.

AJ. Particulars of Employee Remuneration

As per Section 197(12) of the Act read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rule, 2014, the ratio of the remuneration of each Director to the median employee's remuneration and other details is annexed with Board's Report as **Annexure-III**.

Additionally, the statement containing employee particulars required by Section 197(12) of the Act and Rule 5(2) and Rule 5(3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, as amended, is a part of this report. Pursuant to Section 136(1) of the Act, the annual report has been sent to Members without the aforementioned annexure, which can be inspected at the registered office of the Bank up to the date of the AGM. Members interested in obtaining a copy of the Annexure may request it from the Company Secretary of the Bank at investorrelations@aubank.in

AK. Management Discussion and Analysis

The Management Discussion and Analysis Report for the FY 2023-24 is included as a separate section within the Annual Report, as required under Regulation 34(2)(e) and Schedule V of the Listing Regulations.

AL. Annual Return

The draft Annual Return for the financial year ended on March 31, 2024 in the prescribed form MGT-7, as required under Section 134(3)(a) and Section 92(3) of the Act, can be accessed on the Bank's website at <https://www.aubank.in/other-reports>

AM. Whistle-Blower Policy & Vigil Mechanism

The Bank values reliability, fairness and equality which form foundation for all the decisions taken and believes in conducting its affairs in a fair manner to build customer trust and confidence and ensure customer delight. The Bank encourages its employees, all stakeholders and members of general public, who have concerns about suspected misconduct, to come forward and express these concerns without fear of retaliation or unfair treatment.

A Whistle-Blower Policy in Banking Institutions is crucial for fostering transparency, accountability, and ethical behaviour within the organisation. The Bank has implemented Whistle-Blower Policy & Vigil Mechanism in pursuance of the provisions of Section 177(9) of the Act read with the rules made thereunder and Regulation 4(2)(d) and Regulation 22 of the Listing Regulations, which aims at establishing an effective vigil mechanism in the Bank to quickly spot aberrations and deal with it at the earliest.

The Whistle-Blower Policy provides a safe and confidential avenue for employees to report any potential misconduct or fraudulent activities without fear of retaliation. This Policy includes adequate safeguards against the victimisation of individuals who avail this mechanism ensuring they have direct access to the Chairman of the Audit Committee. None of the Bank's personnel has been denied access to the Audit Committee of the Bank.

The policy can be accessed on the website of the Bank at <https://www.aubank.in/investors/Secretarial-policies> and further details have been provided in the Report on Corporate Governance forming part of this Board's Report as **Annexure-I**.

AN. Anti-Bribery and Anti-Corruption Policy

The Bank upholds a strict 'zero-tolerance approach' towards bribery, corruption, and unethical practices and is committed to conduct all its dealings and operations with professionalism, fairness, and integrity. In alignment with this commitment, the Bank has implemented an Anti-Bribery and Anti-Corruption Policy that has been approved by the Board of Directors. This policy outlines the fundamental principles for conducting Banking business in a transparent, honest, and ethical manner. The policy can be accessed on the website of the Bank at <https://www.aubank.in/notice-board>.

AO. Adherence to Secretarial Standard issued by the Institute of Company Secretaries of India

The Bank has adhered to the Secretarial Standards issued by the Institute of Company Secretaries of India on Meetings of Board of Directors and General Meetings.

AP. Status of Ind AS Implementation

In accordance with RBI circular RBI/2015-16/315 DBR.BP.BC.No.76/21.07.001/2015-16 dated February 11, 2016 for Implementation of Indian Accounting Standards (Ind AS), the Banks are advised to follow the Indian Accounting Standards outlined under the Companies (Indian Accounting Standards) Rules, 2015, subject to any guideline or direction issued by the RBI in this regard. Currently, Banks in India prepare their financial statements following the guidelines of the RBI, the Accounting Standards under Section 133

of the Act, and the generally accepted accounting principles in India (Indian GAAP). In January 2016, the Ministry of Corporate Affairs released a roadmap for the adoption of new Indian Accounting Standards (Ind AS), which were aligned with the International Financial Reporting Standards (IFRS) for scheduled commercial Banks, insurance companies, and non-banking financial companies (NBFCs). However, in March 2019, RBI postponed the implementation of Ind AS for Banks until further notice as the necessary legislative changes were being reviewed by the Government of India. The Bank has conducted an initial diagnostic analysis of the discrepancies between Indian GAAP and Ind AS and is committed to ensuring compliance with the relevant requirements and guidelines moving forward.

Directors' Responsibility Statement

Pursuant to Section 134(3)(c) read with Section 134(5) of the Act, the Board of Directors hereby confirm that:

1. In the preparation of the annual accounts for the year ended March 31, 2024, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any.
2. We have selected such accounting policies and applied them consistently and made judgements and estimates that are reasonable and prudent, so as to give a true and fair view of the state of affairs of the Bank as on March 31, 2024 and of the profit of the Bank for the year ended on that date.
3. We have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the Bank's assets and for preventing and detecting fraud and other irregularities.
4. We have prepared the annual accounts on a going concern basis.
5. We have laid down internal financial controls to be followed by the Bank and ensured that such internal financial controls are adequate and were operating effectively.
6. We have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

Acknowledgement and Appreciation

The Board extends its sincere gratitude to the Government of India, various State Governments, regulatory bodies such as RBI, SEBI, MCA, IRDAI, IBA, UIDAI, CERSAI, as well as to all the shareholders, debenture holders, esteemed Bankers, Lenders, Credit Rating Agencies, and Debenture Trustees for their unwavering support and trust in the Bank.

The Board would further like to express appreciation to BSE Limited, National Stock Exchange of India Ltd., National Securities Depository Limited, Central Depository Services (India) Limited, Registrar & Share Transfer Agent, Vendors and Service Providers for their continued support & co-operation.

The Bank's valued customers deserve a special mention for their loyalty and continued patronage and the Board is truly grateful for the trust they have placed in the Bank.

The Board also expresses its heartfelt thanks and gratitude to each employee for their continued commitment towards the Bank and its customers. Through their commitment to strong work ethics, professionalism, teamwork, and initiatives, they have played a crucial role in enabling the Bank to continue serving its depositors and customers and maintaining Bank's customer-centric approach.

D. Board and Committee Meetings

The Board and Committee meetings are convened at regular intervals to deliberate on matters of strategic and financial importance and regulatory agendas covered under the Reserve Bank of India's Calendar of Reviews dated May 14, 2015 which is based on following seven critical themes:

Governance through focus on seven critical themes

Scheduling of the meetings

The dates of Quarterly meetings of the Board and the Committees are decided in well in advance to ensure Board members availability and effective participation in the Board and Committee meetings. However, in case of a special and urgent business need, the Bank convene meetings physically or through electronic means on shorter notice or place the matter for consideration/approval through circular resolution.

Matters in the nature of unpublished price sensitive information are circulated to the Board and Committee members, at a shorter notice, as per the general consent taken from the Board/Committee, from time to time.

Agenda of the meetings

The agendas of the Board meetings include matters prescribed by the RBI vide Calendar of Reviews dated May 14, 2015 and other matters required under the provisions of applicable laws. The agendas of Committee meetings are prepared on the basis of the calendar of reviews of respective committee which includes matters prescribed under applicable laws and as per business requirements.

The agenda notes are prepared and reviewed by concerned officials of the respective department in consultation with the Company Secretary.

In order to facilitate effective discussions at the meetings, the agendas are bifurcated into items requiring approval and noting/review to facilitate efficient time management, informed decision-making and active participation at meetings, leading to higher Board effectiveness.

Procedure

The agendas for the Board and Committee meetings along with the presentations are circulated to the Board/Committee members in advance for well-informed decision-making. The Board members have unrestricted access to all the relevant and required information. The agenda notes and presentations are also shared through secured web-based portal for easy access of Board members.

Concerned officials are invited to Board and Committee meetings to provide insights related to the items being presented before the Board/Committee to enhance the depth of discussions and well-informed decision-making.

Post-meeting Action Tracker

Directions given by the Board/Committee are communicated to the relevant official/department for taking necessary action at their end. The important decisions taken at the Board and Committee meetings are tracked till their closure and an 'Action Taken Report' is placed before the Board and Committee at their meeting.

Minutes of the Meeting

Pursuant to the requirements of the Secretarial Standard on Meetings of the Board of Directors ("SS - 1") issued by the Institute of Company Secretaries of India, the Bank sends draft minutes to the members of the Board/Committee within 15 days from the date of the conclusion of the meetings, for their comments. The minutes are placed at the next meeting of the Board/Committee after incorporating the comments, if any, received from the Board/Committee members for noting.

The resolution, if any, passed by circulation is placed at the next meeting of the Board/ Committee.

Performance Evaluation

The Board evaluation framework is designed in compliance with the requirements under the Section 149(8) read with Schedule IV, Section 178(2) of the Companies Act, 2013 and Regulation 17 and Regulation 25 of Listing Regulations, and in accordance with the Guidance Note on Board Evaluation issued by SEBI, the Board evaluation was conducted through online questionnaire containing Qualitative & Quantitative parameters.

The Bank has a structured assessment process for evaluation of the performance of the Board, Committees of the Board and individual performance of each Director including the Chairman. Further, the Independent Directors met separately, without the attendance of non-Independent Directors and members of the Management, and inter alia reviewed the performance of non-independent directors, and Board as a whole; and performance of the Chairman of the Bank.

Online questionnaires were circulated for performance evaluation of Board as a whole, Individual directors, Chairperson and Committees basis the below mentioned criteria and Director being evaluated did not participate in the process:

Criteria for Board	Criteria for Individual Executive Directors	Criteria for Individual Independent Directors	Criteria for Chairman	Criteria for Board Committees
<ul style="list-style-type: none"> Structure of the Board Meetings of the Board Functions of the Board Board and Management Performance 	<ul style="list-style-type: none"> Qualifications, Experience, Knowledge and Fulfillment of Functions Leadership Performance Value Creation Governance and Compliance 	<ul style="list-style-type: none"> Qualifications, Experience, Knowledge and Fulfillment of Functions Independence and Shareholders interest Knowledge and participation 	<ul style="list-style-type: none"> Qualifications, Experience, Knowledge and Fulfillment of functions Independence and Shareholders interest Knowledge and Participation 	<ul style="list-style-type: none"> Process Governance

Outcome of Performance Evaluation

The evaluation results have been positive where it was indicated that the Board is functioning well and actively engages for discussion on important strategic issues and spend considerable time on important subjects. Further, Board members possessed requisite combination of skills and demonstrated a collaborative and constructive mindset. This encouraged active participation and constructive questioning at the meetings leading to effective decision-making. The Committees have also been fulfilling their responsibilities effectively, addressing key issues and discussing matters of their designated areas of focus.

The outcome of the Board Evaluation for the FY 2023-24 was discussed at the meetings of Nomination and Remuneration Committee and Independent Directors held on June 26, 2024 and at the meeting of Board held on June 27, 2024.

Few of the focus areas which were discussed are as follows:

1. Knowledge Session for the Directors with particular focus on Cyber Security, Forex, ALM & MR, Emerging issues on Technology, and Corporate Governance may be organised.
2. Regular updates on Integration of Fincare be given for smooth transition.
3. Appointment of Directors in view of completion of Tenure of Independent Directors.

The action taken and the areas of improvement identified in the Board evaluation process are then communicated in the following manner:

1. To the Individual Directors by the Chairperson of the Board.
2. To the Chairman of the Board by the Chairperson of Nomination and Remuneration Committee.
3. To the Chairperson of respective committee by the Chairperson of Independent Directors meeting.
4. To the Board by the Chairperson of Independent Directors meeting.

Compensation Policy

The Bank has a Board approved Compensation Policy which deals with the compensation and benefits of the Executive and Non-Executive Directors, Key Managerial Personnel, Senior Management Personnel, Material Risk Takers and Control Function staff of the Bank. This Policy is in line with the Reserve Bank of India's circular/guideline dated November 4, 2019 bearing number DOR.Appt.BC.No.23/29.67.001/2019-20 on Guidelines on Compensation of Whole Time Directors/ Chief Executive Officers/Other Risk Takers and Control Function Staff, etc. and guidelines issued by the Reserve Bank of India from time to time, Section 178 of the Companies Act, 2013, the relevant Rules made thereunder, and the Listing Regulations, amended from time to time.

Compensation policy regulates the appointment and remuneration of Directors (including Independent Directors), Key Managerial Personnel, Senior Management Personnel, Material Risk Takers and Control Function staff.

The Compensation Policy is annually reviewed by the Board of Directors in addition to the other amendments that may be required during the year. The policy is hosted by the Bank on its website and can be accessed through the link at <https://www.aubank.in/investors/secretarial-policies>.

Annual Report on CSR Activities For Financial Year 2023-24

1. Brief outline of the CSR Policy of the Company:

The CSR Policy of the Bank guides the efforts, outlining the governance structure, operational framework, monitoring mechanisms, and strategic use of CSR resources. The policy sets out the Bank's commitment and approach towards CSR in accordance with Section 135 of the Companies Act, 2013 ("the Act") and rules made thereunder.

The Bank's commitment to social responsibility is at the forefront of positive change through our strategically designed projects and initiatives. With a vision of creating a lasting impact, the Bank continuously strived to empower communities, drive sustainability and enhance lives. Guided by a forward-thinking ethos, our sustainable initiatives, impactful interventions and ongoing monitoring & evaluation, foster holistic growth, thereby making a difference that lasts forever.

The Bank design programmes that enable individuals to thrive by equipping them with necessary tools. Skills development, fostering women's entrepreneurship, and promoting sports are few of the key impactful initiatives that empower our target communities. The Bank's dedication to social, economic, and environmental progress goes beyond capabilities. Further, the Bank actively collaborates with stakeholders both within and outside the Bank to assess the needs and foster a collaborative spirit to maximise impact.

Bank's CSR Activities & Projects

The Bank's CSR activities have consistently been focused in the areas of Skills Development, Women empowerment, Sports, Education, Health, and other activities. The CSR Committee and the Board may choose to select special projects to fulfil exigent community needs in times of crisis or special events in accordance with the Bank's CSR guidelines and CSR Policy.

The following are the key projects that have been undertaken by the Bank's CSR:

- AU IGNITE - Skills Training Program
- Bano Champion - AU Sports Initiative
- AU Udyogini - Women Entrepreneurship Program
- Healthcare, Education, Environment & Animal Welfare, and other projects

*For more details about the strategic projects, refer Society section, forming part of this Annual Report

4. Provide the executive summary along with web-link(s) of Impact Assessment of CSR Projects carried out in pursuance of sub-rule (3) of rule 8:

In pursuance of sub-rule (3) of rule 8 of the Companies (Corporate Social Responsibility Policy) Rules, 2014, the impact assessment of CSR Projects is to be carried out for CSR projects having outlays of one Crore rupees or more and have been completed not less than one year before undertaking the impact study.

Two projects qualified for Impact Assessment study in FY 2023-24 i.e. Financial & Digital Literacy and AU Skill Academy for which the impact assessment was conducted by an external agency during the year. A summary of the assessment is provided below, and report on the same has been provided on the Bank's website at <https://www.aubank.in/csr>.

Financial & Digital Literacy Project: The impact assessment of the project pertaining to the Bank's Financial and Digital Literacy program was carried out on villagers in rural India. The program was aimed at improving the villagers' understanding of digital financial services and encouraging their participation in formal banking services. This project has the following impact:

- Successfully raised awareness about digital financial tools and their benefits.
- 70% of the beneficiaries found the sessions highly relevant, and these sessions were delivered via street plays, camps, and mobile vans.
- The percentage of surveyed beneficiaries with a bank account increased significantly from 81% before the program to 95% after the program.
- 51% of beneficiaries have successfully increased their savings and invested in Fixed Deposits, Recurring Deposits and various other government schemes such as Atal Pension Yojana, Pradhan Mantri Suraksha Bima Yojana.
- This project aligns with UN Sustainable Development Goals for financial inclusion.

AU Skills Academy: The Bank's AU Skills Academy provides vocational skill training to unemployed youth, increasing their employability and making them financially independent. This project has the following impact:

- Increased earning capability and employability for graduates. The training program reports a placement rate exceeding 75% at all centres.
- The trainees witnessed an increase in their annual income ranging from 40% to 60% subsequent to participation in program.
- Bridged the gap between skilled workforce demand and unemployed youth.

Alignment of Sustainable Development Goals with AU Skills Academy Programme:

- **Quality Education:** Provides practical skills for employability.
- **Decent Work and Economic Growth:** Promotes economic productivity.
- **Reduced Inequalities:** Empowers youth for social and economic inclusion.

9. Specify the reason(s), if the company has failed to spend two per cent of the average net profit as per subsection (5) of section 135:

The Bank has spent ₹23.12 Crore (inclusive of ₹8.26 Crore from unspent CSR amount of FY 2022-23) in the Financial Year 2023-24 for CSR initiatives. However, Bank was unable to fully meet the mandatory requirement of spending 2% due to the reasons described below:

While other CSR projects were completed as per plans, there were five ongoing projects, i.e., Centre of Excellence (“COE”), AU Udyogini Phase 2, AU Udyogini Individual entrepreneurship project, Healthcare, and Bano Champion - Giving Wings to Champions, where expenditure was not incurred fully in view of several points under consideration which are being deliberated for creating a sustainable, scalable platform for lasting impact of these community development programmes on the society as elaborated below:

- The Bank is planning to make infrastructural establishment for its COE HUB centre, for which the funds will eventually be utilised. The selection of strategic location for long-term project COE for HUB centre requires longer time and thought process to maximise its impact. Also, the Bank is considering an option of a physical vis-à-vis hybrid approach that should be implemented for best possible outcome of this flagship program.
- For AU Udyogini Phase 2 program, there were delays in finding a consultant agency for “Maa Annapurna Masala” due to which the funds remained unspent. However, one agency is expected to be appointed in FY 2024-25. Further, the training budget allocated for women artisans was not fully utilised as they opted for shorter programmes instead of longer duration programmes.
- In AU Udyogini Individual entrepreneurship project, the Bank was in the process of expanding to new geographies for which identification of new partners took more time than expected. Now that the partners have been identified, the funds will be used for the project and the geographical expansion of AU Udyogini will take place beyond Rajasthan.
- In the Healthcare project, dependence on external stakeholders for certain planned healthcare activities resulted in unspent funds. Certain activities related to the Healthcare project were under progress during the closure of financial year, due to which funds were not utilised in the previous financial year.

By learning from these experiences, the Bank is actively improving its planning and execution processes to optimise project timelines and resource allocation. This will ensure efficient utilisation of allocated funds and a stronger contribution to social development alongside Bank’s financial success.

All unspent funds have been transferred to a designated “Unspent CSR Account” and will be used for these projects in FY 2024-25, ensuring compliance with CSR regulations and the same shall be utilised in remaining years of the CSR projects.

27. Overview of the entity's material responsible business conduct issues:

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	The rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Financial and Digital Inclusion	Social Opportunity	Financial Inclusion is being recognised as a key driver of economic growth and poverty alleviation. Embracing financial and digital inclusion not only contributes to the social and economic development of India but also positions the Bank as a key enabler of inclusive growth. The Bank visualises immense opportunities in Financial and digital inclusion and by focusing on these initiatives, Bank can expand its customer base, increase customer loyalty, diversify revenue streams, reduce costs, leverage data analytics and foster collaborations for making positive impact.	-	Positive: Financial inclusion leads to the enhancement of the Bank's profitability through the expansion of the customer base, diversification of products and reducing costs.
2	Diversity and Inclusion	Social Opportunity	While the Bank continues to demonstrate progress in the diverse representation of its workforce, the Bank seeks to continuously improve in this area. The Bank can harness the power of diverse perspectives to make informed decisions, gain deeper insights into their customers' needs, attract and retain exceptional talent, foster a culture of innovation, enhance its reputation and brand image, effectively manage risks, and expand its presence in the market.	-	Positive: Diversity and inclusion bring diverse and fresh perspectives which helps the Bank in getting insights into customer needs. It also helps in attracting and retaining exceptional talent and expanding Banks presence in the market.
3	Corporate Social Responsibility	Social Opportunity	The CSR initiatives of the Bank are primarily focused on Skills Development, Women Entrepreneurship, Rural Sports, to have a profound impact on the target communities. The Bank through its CSR initiatives endeavours to make meaningful contribution by empowering socially, economically, financially, and physically excluded, disadvantaged and challenged communities and thereby helping them to become self-reliant for inclusive development.	-	Positive: CSR helps the Bank to contribute to community development, engage employees, building a positive image of institution, and comply with regulations.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	The rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
4	Climate risk	Environmental Risk	Climate change is being recognised globally as a source of financial risk for banks. The uncertainty about the timing and severity of climate-related and environmental risk certainly threatens the safety, soundness and resilience of individual Regulated Entities and, in turn, the stability of the overall financial system. Bank through its green deposit program raised green deposits and the same is being lent for green assets to mitigate environmental risks during the year, thereby leading these initiatives as responsible Banking institution.	It is imperative for Bank to understand the impact of climate risk and taking prudent measures for addressing the same. The Bank is further deep diving on this aspect and exploring solutions to address climate risk. The Bank is taking measures to sensitise and create awareness among employees about ESG measures.	Negative: The unpredictable nature of climate-related and environmental risks poses a significant threat to the security, stability, and robustness of individual regulated entities, which, in turn, undermines the stability of the overall financial system.

Capex	Not applicable given the nature of the business and being a financial service sector entity.		

2. a) Does the entity have procedures in place for sustainable sourcing? (Yes/No):

Yes, the Bank has Sustainable Procurement Guidelines (“SPG”) with the expectation that the Bank’s supply chain partners will integrate sustainability into their core values and adhere to Environmental, Social, and Governance (ESG) principles. The SPG initiative aims to foster and propagate sustainability practices throughout the supply chain, encompassing suppliers of goods and services, contractors, and third-party collaborators.

Web-link of the SPG: <https://www.aubank.in/sustainability-awareness>

2. b) If yes, what percentage of inputs were sourced sustainably?

Percentage of inputs sourced sustainably could not be ascertained due to insufficient data availability or lack of comprehensive reporting mechanisms.

3. Describe the processes in place to safely reclaim your products for reusing, recycling, and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste

Considering the inherent characteristics of the Bank’s business operations, its products and services primarily consist of intangible assets. As such, there are limited opportunities to incorporate recycled materials as inputs in its operations. The Bank responsibly manages its waste, including paper and e-waste, by engaging state municipal authorities and authorised vendors for disposal. Moreover, the Bank actively reduces its consumption of plastics within its offices and branches by adopting alternative materials. Additionally, the Bank procures furniture exclusively from authorised suppliers, ensuring that they are crafted from recyclable materials.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity’s activities (Yes/No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

No, given the nature of the Bank’s operations, Extended Producers Responsibility (EPR) is not applicable on the Bank.

Leadership indicators

1. Has the entity conducted Life Cycle Perspective/Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?

The Life Cycle of the Bank’s services are as follows:

Loans: The Bank’s loan life cycle process involves sourcing loan files, conducting credit assessments, making loan decisions, executing loan documents, disbursing funds, monitoring compliance, and closing of loan accounts. Loan applications are sourced by branches or dedicated teams, and credit managers scrutinise documents and assess loan requirements. After loan sanction, relationship managers assist borrowers in executing loan documents, and the Central Operations Department ensures proper scrutiny and disburses funds. Ongoing monitoring and compliance are conducted, including tracking covenants and conducting risk assessments. Loan accounts are closed upon maturity or on borrower request and security is released after full payment and account closure. Overall, the process ensures a systematic approach to loan management, from origination of application to its closure.

Deposits: The deposit lifecycle begins with customer acquisition through branches, digital channels, offices, business correspondent, or walk-in customers. The Bank collects and reviews the necessary Know Your Customer (KYC) information to ensure compliance with applicable laws. Once the KYC process is completed, customers can open deposits through digital channels like mobile banking or internet banking, or at the branches.

For Fixed Deposits, customers receive deposit advice and can also view the details through digital channels, regardless of the opening method. Upon maturity, fixed deposits are either closed, and the proceeds are transferred to the operative account, or they can be renewed for another term.

Customers also have the option to open operative accounts such as Savings Bank or Current Accounts. These accounts offer various facilities, including cheque books and debit cards. If a customer wishes to close their operative account, they can submit a request to the Bank.

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics, or if consultation is delegated, how is feedback from such consultations provided to the Board.

The Bank communicates with its stakeholders through the communication channels referred at sr. no. 2 of essential indicators on continuous basis and the feedback received through those communication is apprised to the Board and its Committees.

Feedback received from customers is directed to the Customer Service Committee for appropriate consideration and action. Investors and shareholders' feedback is channelled to the Stakeholders Relationship Committee to ensure that their concerns and interests are addressed. The Audit Committee handles regulatory directions and advice to ensure compliance and effective governance. Matters related to employees are directed to the Nomination and Remuneration Committee, which focuses on employee-related issues and policies. Lastly, feedback and matters related to society, environmental impact & sustainability related measures are directed to the Corporate Social Responsibility Committee and Sustainability Committee respectively. By assigning these responsibilities to specialised committees and thereafter review of important issues by the Board of the Bank, it is ensured that dedicated attention and appropriate handling of feedback of stakeholders for different areas of concern is carried out.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes/No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Yes, the commitment to achieving net zero emissions by our nation, along with the United Nations Sustainable Development Goals (SDGs), has significantly heightened the emphasis on green finance. The banking sector, acting as a catalyst, is pivotal in reshaping traditional business practices and guiding the transition towards a sustainable future.

On April 11, 2023, the Reserve Bank of India (RBI) introduced a framework for the acceptance of Green Deposits. This initiative encourages lenders to offer green deposits to customers, facilitating their sustainability objectives and bolstering the flow of credit towards green initiatives.

Lenders are mandated to allocate the funds raised through green deposits exclusively towards activities and projects that promote energy efficiency, reduce carbon emissions and greenhouse gases, foster climate resilience and adaptation, and enhance natural ecosystems and biodiversity.

Recognising the financial risks associated with an unsustainable economy, the Bank acknowledges the imperative to channel finances towards a transition to a low-carbon, sustainable economy. In alignment with the RBI's framework, the bank has developed a Green Deposit Policy and Financing Framework. As of March 31, 2024, the Bank has raised ₹ 652.63 Crore through green deposits, with ₹ 127.72 Crore allocated towards permissible green activities and projects during the FY 2023-24.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/marginalised stakeholder groups.

Engagement with and addressing the concerns of vulnerable/marginalised stakeholder groups is a crucial aspect of responsible business practices. Here are some of the instances of engagement and actions taken to address the concerns of such groups:

Community Outreach: The Bank engages in proactive community outreach programmes to understand the needs and concerns of marginalised communities. This includes organising meetings with focus groups or partnering with local NGOs to conduct needs assessments.

Financial Inclusion Initiatives: The foundation of the Bank was laid to provide access to financial services and build an inclusive banking ecosystem for all. Bank's special focus on Unbanked Rural Centres (URC), Special Focus Districts (SFD), Aspirational Districts (AD), and Northern Eastern Region (NER) allows it to serve the unserved and underserved population that has long been excluded from the formal financial system. The Bank's comprehensive Banking Outlet (BO) channel enables a strong presence in the rural markets and streamlines last-mile intervention as custodians of financial inclusion. Therefore, Financial Inclusion is furthering Bank's purpose of empowering India financially, socially, and digitally.

Financial Literacy: The Bank's focus on conducting good quality financial literacy programmes acts as an impetus to real-time financial awareness and prevents the underserved population from financial distress, debt, and poverty. The Bank continue to disseminate financial information responsibly as the Bank firmly believe that financial literacy is an unparalleled enabler of financial inclusion.

Priority Sector Lending: The Bank through its Priority Sector Lending creates social impact that address the needs of marginalised communities, such as small and marginal farmers, affordable housing, Self Help Groups, and sustainable livelihood programmes etc. These measures are aimed to create positive social change and uplift vulnerable groups.

By engaging with marginalised stakeholder groups and taking specific actions to address their concerns, the Bank demonstrates its commitment to inclusivity, social responsibility, and sustainable development.

Sr. No.	Initiative undertaken	Details of the initiative (web-link, if any, may be provided along-with summary)	Outcome of the initiative
	The Bank has implemented several strategies to enhance its positive impact and reduce emissions, effluent discharge, and waste generation. These strategies include promoting digital banking services, video banking, and the use of the AU 0101 App for streamlined transactions which minimises the need of visiting physical branches and paper documentation. The Bank also focus on energy efficiency through LED lighting, insulation to reduce air conditioning usage, and the use of UPS and inverters instead of diesel generators. The Bank prioritises energy-efficient equipment with higher star ratings, utilises power supervision technology, and has adopted cloud-based technology and virtualised information centres. Additionally, the Bank refurbishes aging IT systems and responsibly disposes of e-waste through authorised vendors. Overall, these efforts demonstrate the Bank's continued commitment to sustainability and reducing its environmental impact of its operations.		

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web-link.

Yes, the Bank has developed and implemented business continuity plan and has recovery strategies and infrastructure to address the risks associated with its operating environment and to ensure the timely recovery and uninterrupted continuity of critical banking operations while maintaining acceptable service levels.

The Business Continuity Plan aims to ensure the uninterrupted provision of banking services and safeguard the interests of customers and stakeholders during significant disruptions. It encompasses recovery strategies, infrastructure, and predefined recovery time objectives (RTOs) for critical banking operations. In the event of disruptions, customers are provided with alternative communication channels such as customer care numbers, online contact links, and mobile applications to ensure seamless access to services and support. Further, customers are informed about the scheduled down time well in advance to keep them informed.

The plan is periodically tested, reviewed, and adjusted to incorporate changes in processes, technology, and resources. It adheres to regulatory guidelines and undergoes internal, external, and regulatory reviews.

PRINCIPLE 9: Businesses should engage with and provide value to their consumers in a responsible manner

Essential Indicators

1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback.

The Bank has implemented a comprehensive policy on Customer Grievance Redressal, which outlines the proper procedure for addressing and resolving customer complaints. This policy has been carefully designed to adhere to all relevant regulatory requirements and is applicable across the entire Bank.

Customers have multiple channels available to them for registering their complaints:

- i. Telephonic Channel: Customers can register complaints by contacting the Bank's 24X7 customer care through the contact numbers provided on the Bank's website and displayed at its branches and other offices.

- ii. Branch: Customers have the option to lodge their complaints with the branch officials or by entering their concerns in the complaint book/register during the working hours of the branch. The names and contact details of the officers responsible for handling complaints are prominently displayed at the branches.

Electronic Channel: The Bank provides an online complaint form on its website (www.aubank.in), which customers can use to register their complaints. Alternatively, customers can also send an email to customercare@aubank.in or utilise the specific service-related email IDs available on the Bank's website.

In addition, the Bank's website provides details regarding the business heads, regional nodal officers, and principal nodal officer. Customers can reach out to these individuals for assistance if their grievance is not resolved within defined timelines.

If a customer does not receive a response from the Bank within 30 days of lodging a complaint or if their complaint is rejected, or if they are unsatisfied with the Bank's reply, they have the option to file a complaint with the Banking Ombudsman.

To ensure effective customer grievance redressal, the Bank has established a 4-tiered governance framework, which includes:

- i. Branch Level Customer Service Committee: This committee is responsible for addressing customer complaints at the branch level.
- ii. Standing Committee on Customer Service: This committee oversees customer service matters across the entire Bank.
- iii. Customer Service Committee of the Board: This committee, formed at the Board level, ensures that effective customer service and grievance redressal practices are in place.
- iv. Customer Service Department & Nodal Officers: The Bank has designated a dedicated Customer Service Department along with appointed nodal officers, who are responsible for handling customer complaints and ensuring their resolution.

Overall, the Bank's policy and governance framework are designed to prioritise customer satisfaction and provide a structured approach to resolving customer grievances.

The Bank carries out survey regarding customer satisfaction and the Bank is using customer experience measurement tools for conducting customer surveys through AU0101 Mobile App, Phone Banking, Branch Servicing, Service Request Resolution Feedback, and ATM Services etc. The feedback received from customers through different surveys is analysed, collated, and shared with respective teams for incorporation of suggestions to improve Bank's products and services.

Independent Auditors' Report

To The Members of AU SMALL FINANCE BANK LIMITED

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **AU SMALL FINANCE BANK LIMITED** ("the Bank"), which comprise the Balance Sheet as at March 31, 2024, Profit and Loss Account, the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Banking Regulation Act, 1949 and the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act ("Accounting Standards") as applicable to banks, the relevant circulars, guidelines and directions issued by the Reserve Bank of India ("RBI") from time to time and other accounting principles generally accepted in India, of the state of affairs of the Bank as at March 31, 2024, its profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Bank in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sl. No.	Key Audit Matter	Auditor's Response
1	<p>Identification of Non-Performing Advances and Provisioning for Advances (Refer Schedule 9 to the financial statements)</p> <p>Advances constitute a significant portion of the Bank's assets and the quality of these advances is measured in terms of ratio of Non-Performing Advances ("NPA") to the gross advances of the Bank. The Bank has gross advances amounting to ₹ 73,999.07 Crore (Previous Year ₹ 59,157.70 Crore) and the gross NPA ratio of Bank is 1.67 % (Previous Year 1.66%) as at March 31, 2024.</p> <p>RBI guidelines on income recognition, asset classification and provisioning ('IRAC norms') (herein after referred as "RBI guidelines") prescribes the norms for identification and classification of NPAs and the minimum provision required for such assets.</p>	<p>Our audit approach included testing the design, operating effectiveness of internal controls and substantive audit procedures in respect of income recognition, asset classification and provisioning pertaining to advances. In particular:</p> <ul style="list-style-type: none"> We have evaluated and understood the Bank's internal control system in adhering to the RBI guidelines; We have analysed and understood key IT systems/ applications used and tested the design and implementation as well as operational effectiveness of relevant controls in relation to income recognition, asset classification, viz., standard, sub-standard, doubtful and loss with reference to RBI guidelines and provisioning pertaining to advances;

Sl. No.	Key Audit Matter	Auditor's Response
	<p>Since the identification of NPAs and provisioning for advances is significant to the overall audit due to stakeholder and regulatory focus, we have ascertained this as a key audit matter.</p>	<ul style="list-style-type: none"> We test checked advances to examine the validity of the recorded amounts, impairment provision for NPAs, and compliance with IRAC norms;
2	<p>Key Information technology (IT) systems used in financial reporting process:</p> <p>As a Scheduled Commercial Bank that operates on core banking solution ("CBS") across its branches and asset centres, the reliability and security of IT systems plays a key role in the business operations. Since large volume of transactions are processed daily, the IT controls are required to ensure that applications process data as expected and that changes are made in an appropriate manner.</p> <p>The IT infrastructure is critical for smooth functioning and accurate financial accounting and reporting.</p> <p>Due to the pervasive nature and complexity of the IT environment we have ascertained Key Information technology ("IT") systems used in financial reporting process as a key audit matter.</p>	<p>We involved our IT specialists to obtain an understanding of the Bank's IT related control environment. Furthermore, we conducted an assessment and identified key IT applications, databases and operating systems that are relevant for our audit. For the key IT systems used to prepare accounting and financial information, our areas of audit focus included access security (including controls over privileged access), program change controls, database management and network operations. In particular:</p> <ul style="list-style-type: none"> We obtained an understanding of the Bank's IT control environment and key changes during the audit period that may be relevant to the audit; We tested the design, implementation and operating effectiveness of the Bank's General IT controls over the key IT systems that are critical to financial reporting. This included evaluation of Bank's controls to evaluate segregation of duties and access rights being provisioned/ modified based on duly approved requests, access for exit cases being revoked in a timely manner and access of all users being recertified during the period of audit; We also tested key automated and manual business cycle controls and logic for system generated reports relevant to the audit; including testing of compensating controls or performed alternate procedures to assess whether there were any unaddressed IT risks that would materially impact the financial statements.

Information Other than the Financial Statements and Auditors' Report Thereon

- The Bank's Board of Directors is responsible for the preparation of the other information. The other information comprises the Chairman's Statement, the Directors Report including annexures to the Directors report and Corporate Governance Report included in the Annual Report, but does not include the financial statements and our auditors report thereon and the Basel II Disclosures under New Capital Adequacy Framework (Basel II Disclosures).
- Our opinion on the financial statements does not cover the other information and Basel II Disclosures and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Bank's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949, Accounting Standards and other accounting principles generally accepted in India and the circulars, guidelines and the directions issued by RBI, from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Bank's Board of Directors are also responsible for overseeing the Bank's financial reporting process.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Bank has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act and Section 30(3) of the Banking Regulation Act, 1949, based on our Audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, the transactions of the Bank which have come to our notice have been within the powers of the bank.
 - c) As explained in the paragraph 2 below, the financial accounting system of the Bank are centralised and, therefore, accounting returns are not required to be submitted by branches.
 - d) In our opinion, proper books of account as required by law have been kept by the Bank so far as it appears from our examination of those books.
 - e) The Balance Sheet, Profit and Loss Account and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - f) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act as applicable to the Banks.
 - g) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
 - h) With respect to the adequacy of the internal financial controls with reference to financial statements of the Bank and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Bank's internal financial controls with reference to financial statements.
 - i) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the entity being a banking company, section 197 of the Act related to the managerial remuneration is not applicable by virtue of Section 35B(2A) of the Banking Regulation Act, 1949.

- j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Bank has disclosed the impact of pending litigations on its financial position as at year end in its financial statements - Refer Schedule 12 to the financial statements;
 - ii. The Bank did not have any long-term contracts including derivative contracts as at year end for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Bank.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 18.B(12) to the financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Bank to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Bank ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note 18.B(12) to the financial statements, no funds have been received by the Bank from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Bank shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The final dividend proposed in the previous year, declared and paid by the Bank during the year is in accordance with section 123 of the Act, as applicable.

As stated in note 18.B(10) to the financial statements, the Board of Directors of the Bank has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend proposed is in accordance with section 123 of the Act, as applicable.

- vi. Based on our examination, which included test checks, the Bank has used an accounting softwares for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the softwares. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

2. We report that during the course of our audit we have visited and performed select relevant procedures at 55 branches. Since the Bank considers its key operations to be automated, with the key applications largely integrated to the Core Banking System, it does not require its branches to submit any financial returns. Accordingly, our audit is carried out centrally at Head Office based on the records and data required for the purpose of Audit being made available to us.

Annexure “A” to the Independent Auditors’ Report

(Referred to in paragraph 1(h) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls with reference to financial statements of **AU SMALL FINANCE BANK LIMITED** (the “Bank”) as of March 31, 2024 in conjunction with our audit of the financial statements of the Bank for the year ended on that date.

Management’s Responsibility for Internal Financial Controls with reference to Financial Statements

The Bank’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Bank’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013, the Banking Regulation Act, 1949 and the guidelines issued by the Reserve Bank of India.

Auditors’ Responsibility for Internal Financial Controls with reference to Financial Statements

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Bank based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Bank’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls with reference to Financial Statements

A Bank’s internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Bank’s internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Bank; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Bank are being made only in accordance with authorisations of management and directors of the Bank; and (3) provide reasonable assurance regarding prevention or timely

detection of unauthorised acquisition, use, or disposition of the Bank’s assets that could have a material effect on the financial statements.

Inherent Limitations of internal financial control with reference to Financial Statements

Because of the inherent limitations of internal financial control with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Bank has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the criteria for internal financial control over financial reporting established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Schedule 17: Basis of preparation and significant accounting policies

1. Background

AU Small Finance Bank Limited (formerly known as Au Financiers (India) Limited) ("AUSFBL" or "the Company" or "the Bank") is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956.

The Company had originally obtained its license from Reserve Bank of India ('RBI') to operate as a non-deposit accepting Non-Banking Financial Company (NBFC-ND). on November 7, 2000 vide certificate of registration no. B-10-00139.

The Company has commenced its operations as a Small Finance Bank from April 19, 2017 pursuant to the approval received from the RBI dated December 20, 2016.

The Bank is engaged in providing a range of banking and financial services including retail banking, wholesale banking and treasury operations and other services. The Bank operates in India only and does not have presence in any foreign country.

The Bank is governed by the Banking Regulation Act, 1949, banking guidelines issued by the RBI on Small Finance Bank 2016, and the Companies Act, 2013.

2. Basis of preparation

The financial statements have been prepared under the historical cost convention and on the accrual basis of accounting, unless otherwise stated and complying with the requirements prescribed under the Third Schedule of the Banking Regulation Act, 1949. The accounting and reporting policies of the Bank which is used in the preparation of financial statements conform to Generally Accepted Accounting Principles in India (Indian GAAP), the guidelines issued by the RBI from time to time, the accounting standards notified under section 133 of the Companies Act 2013 as amended in so far as they apply to banks. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

3. Use of estimates

The preparation of the financial statements in conformity with Indian GAAP as applicable to Banks requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses for the reporting period. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Actual results could differ due to these estimates. Any revision in the accounting estimates is recognised prospectively in the current and future periods.

4. Significant accounting policies

A. Advances

(i) Classification

Advances are classified as performing assets and non-performing assets ('NPAs') in accordance with the RBI guideline on Income Recognition and Asset Classification (IRAC). Further, NPAs are classified into sub-standard, doubtful and loss assets based on the criteria stipulated by the RBI. The advances are stated net of specific provisions made towards NPAs and unrealised interest on NPAs. Interest on NPAs is transferred to an interest suspense account and not recognised in the Profit and Loss Account until received.

Schedules

forming part of the Balance Sheet as at March 31, 2024

Schedule 17: Basis of preparation and significant accounting policies (Contd.)

(ii) Provisioning

Provision for non-performing advances comprising sub-standard, doubtful and loss assets is made at a minimum in accordance with the RBI guidelines. In addition, the Bank considers accelerated specific provisioning that is based on past experience, evaluation of security and other related factors. Specific loan loss provision in respect of non-performing advances are charged to the Profit and Loss Account. Any recoveries made by the Bank in case of NPAs written off are recognised in the Profit and Loss Account. Provisions in respect of credit card receivables classified into sub-standard and doubtful assets are made at rates which are higher than those prescribed by the RBI.

The floating provisions are made in conformity with RBI guidelines and is netted off against advances and not disclosed separately under Other liabilities.

The Bank considers a restructured account as one where the Bank, for economic or legal reasons relating to the borrower's financial difficulty, grants to the borrower concessions that the Bank would not otherwise consider. Restructuring would normally involve modification of terms of the advances/ securities, which would generally include, among others, alteration of repayment period/ repayable amount/ the amount of instalments/ rate of interest (due to reasons other than competitive reasons). Restructured accounts are classified as such by the Bank only upon approval and implementation of the restructuring package. Necessary provision for diminution in the fair value of a restructured account is made and classification thereof is as per the extant RBI guidelines.

In accordance with the RBI guidelines on the prudential framework for resolution of stressed assets and the resolution framework for COVID-19 related stress, the Bank in accordance with its Board approved policy, carried out one-time restructuring of eligible borrowers. The asset classification and necessary provisions thereon are done in accordance with the said RBI guidelines.

In accordance with RBI guidelines, the Bank has provided general provision on standard assets at levels stipulated by RBI from time to time. - direct advances to sectors agricultural and SME at 0.25%, commercial real estate at 1.00%, restructured standard advance at 5.00%, commercial real estate-residential housing at 0.75%, housing loans (which have adequate Loan to Value (LTV) ratio as prescribed by RBI) at 0.25% and for other sectors at 0.40%. Provision made against standard assets in accordance with RBI guidelines as above is disclosed separately under Other Liabilities and not netted off against Advances.

Provision for unhedged Foreign Currency Exposure of borrowers is made as per the RBI guidelines.

B. Securitisation and transfer of assets

The Bank securitises out its receivables to Special Purpose Vehicles ('SPVs') in securitisation transactions. Such securitised-out receivables are de-recognised in the Balance Sheet when they are transferred (conditions as prescribed in the Reserve Bank of India (Securitisation of Standard Assets) Directions 2021 being fully met with) and consideration is received by the Bank. In respect of receivable pools securitised-out, the Bank provides liquidity facility and credit enhancements, as specified by the rating agencies, in the form of cash collaterals/ guarantees and/ or by subordination of cash flows in line with the RBI guidelines. The Bank also acts as a servicing agent for receivable pools securitised-out.

The Bank enters into transactions for transfer of standard assets through the direct assignment of cash flows, which are similar to asset-backed securitisation transactions through the SPV route, except that such portfolios of receivables are assigned directly to the purchaser and are not represented by Pass Through Certificates ('PTCs').

In accordance with the Master Direction - Reserve Bank of India (Transfer of Loan Exposures) Directions, 2021, the Bank does not provide liquidity facility or credit enhancements on the direct assignment

Schedules

forming part of the Balance Sheet as at March 31, 2024

Schedule 17: Basis of preparation and significant accounting policies (Contd.)

transactions undertaken subsequent to these guidelines. The Bank amortises any profit received for every individual securitisation or direct assignment transaction based on the method prescribed in these guidelines.

The Bank invests in PTCs issued by other SPVs. These are accounted for at the deal value and are classified as investments. The Bank also buys loans through the direct assignment route which are classified as advances. These are carried at acquisition cost unless it is more than the face value, in which case the premium is amortised over the tenor of the loans.

In accordance with RBI guidelines on sale of nonperforming advances, if the sale is at a price below the net book value (i.e., book value less provisions held), the shortfall is charged to the Profit and Loss Account and if the sale is for a value higher than the net book value, the excess provision is credited to the Profit and Loss Account in the year the amounts are received.

The Bank transfers advances through inter-bank participation with and without risk. In accordance with the RBI guidelines, in the case of participation with risk, the aggregate amount of the participation issued by the Bank is reduced from advances and where the Bank is participating, the aggregate amount of the participation is classified under advances. In the case of participation without risk, the aggregate amount of participation issued by the Bank is classified under borrowings and where the Bank is participating, the aggregate amount of participation is shown as due from banks under advances. Advances exclude derecognised securitised advances, inter-bank participation certificates issued.

C. Priority Sector Lending Certificates (PSLCs)

The Bank enters into transactions for the sale or purchase of Priority Sector Lending Certificates (PSLCs). In the case of a sale transaction, the Bank sells the fulfilment of priority sector obligation and in the case of a purchase transaction the Bank buys the fulfilment of priority sector obligation through the RBI trading platform. There is no transfer of risks or loan assets. The fee received for the sale of PSLCs is recorded as 'Miscellaneous Income' and the fee paid for purchase of the PSLCs is recorded as 'Other Expenditure' in the Profit and Loss Account.

D. Investments

Classification and valuation of the Bank's Investments is carried out in accordance with RBI and Fixed Income Money Market and Derivatives Association ('FIMMDA') guidelines issued in this regard from time to time.

(i) Classification

In accordance with the RBI guidelines on investment classification and valuation, investments are classified on the date of purchase into 'Held for Trading' ('HFT'), 'Available for Sale' ('AFS') and 'Held to Maturity' ('HTM') categories (hereinafter called "categories").

Investments, which the Bank intends to hold till maturity, are classified as HTM investments. Investments that are held principally for resale within a short period, including short sale, are classified as HFT investments. All other investments are classified as AFS investments.

For the purpose of disclosure in the financial statements, the investments are classified under six groups (hereinafter called "groups"):

- Government Securities;
- Other Approved Securities;
- Shares;

Schedules

forming part of the Balance Sheet as at March 31, 2024

Schedule 17: Basis of preparation and significant accounting policies (Contd.)

- d) Debentures and Bonds;
- e) Subsidiaries/Joint Ventures; and
- f) Other Investments.

All investments purchase and sale including equity shares are recorded under "Settlement Date" Accounting.

(ii) Acquisition cost

The cost of investments is determined on weighted average basis. Broken period interest on debt instruments and government securities are considered as a revenue item. The transaction costs including brokerage, commission, transaction/settlement charges etc. paid at the time of acquisition of investments are recognised in Profit and Loss Account.

(iii) Transfer between categories

Transfer of investments between categories, if any are considered in accordance with the extant RBI guidelines as follows:

- a) Transfer from AFS /HFT to HTM is made at the lower of book value or market value at the time of transfer;
- b) Transfer from HTM to AFS/HFT is made at acquisition price/book value if originally placed in HTM at par or at a discount and at amortised cost if originally placed in HTM at a premium;
- c) Transfer from AFS to HFT category or vice-versa is made at book value and the provision for the accumulated depreciation, if any, held is transferred to the provisions for depreciation against the HFT securities or vice-versa.

(iv) Valuation

Investments classified under HTM need not be marked to market and are carried at acquisition cost, unless it is more than face value, in which case the premium is amortised over the period remaining maturity by applying constant price method (Straight Line Method). Such amortisation of premium is adjusted against interest income under the head "Income from investments" as per the RBI guidelines.

Bank recognises any diminution, other than temporary, in the value of their investment under HTM category for each investment individually.

Investments classified as AFS and HFT are marked to-market on a periodic basis as per relevant RBI guidelines. The securities are valued scrip-wise, and any depreciation/appreciation is aggregated for each category. Net appreciation in each category, if any, is ignored, while net depreciation is provided for. The book value of individual securities is not changed consequent to the periodic valuation of investments.

Treasury bills, commercial papers and certificates of deposit are valued at carrying cost including the pro rata discount accreted for the holding period.

Quoted investments are valued at traded/quoted price available on the recognised stock exchanges, subsidiary general ledger account transactions, price list of RBI or prices declared by Financial Benchmark India Pvt. Ltd ('FBIL') jointly with Fixed Income Money Market and Derivatives Association (FIMMDA) applicable as at the balance sheet date. For deriving market value of unquoted fixed income securities (other than Central and State Government securities), yields/mark-up rates (reflecting associate credit risk) published by the FIMMDA is used. The market value of unquoted government

Schedules

forming part of the Balance Sheet as at March 31, 2024

Schedule 17: Basis of preparation and significant accounting policies (Contd.)

securities which are in the nature of Statutory Liquidity Ratio ('SLR') securities included in the AFS and HFT categories is valued as per rates published by FBIL/FIMMDA.

Security receipts are valued as per the net asset value provided by the issuing Asset Reconstruction Company from time to time.

In case of unquoted bonds, debentures and preference shares where interest/dividend is received regularly (i.e., not overdue beyond 90 days), the market price is derived based on the Yield to Maturity (YTM) for Government Securities as published by Fixed Income Money Market and Derivatives Association of India (FIMMDA)/Financial Benchmark India Pvt. Ltd ('FBIL') and suitably marked up for credit risk applicable to the credit rating of the instrument. The matrix for credit risk mark-up for each categories and credit ratings along with residual maturity published by FIMMDA is adopted for this purpose.

Equity shares for which current quotations are not available or where the shares are not quoted on the stock exchanges, are valued at break-up value (without considering 'revaluation reserves', if any) which is ascertained from the company's latest balance sheet (which should not be more than 18 months prior to the date of valuation). In case the latest balance sheet is not available the shares are valued at ₹ 1 per company, as per relevant RBI guidelines.

Investment in mutual fund units are valued at latest available re-purchase price or Net Asset Value (where re-purchase price is not available) as declared by the mutual fund in respect of each particular scheme.

In case of funds with a lock-in period, where repurchase price/market quote is not available, Units could be valued at Net Asset Value (NAV). If NAV is not available, then these could be valued at cost, till the end of the locking period. Wherever the re-purchase price is not available, the Units is valued at the NAV of the respective scheme.

Units of Venture Capital Funds (VCF) held under AFS category are valued using the Net Asset Value (NAV) shown by VCF as per the financial statement. The VCFs are valued based on the audited results once in a year. In case the audited financials are not available for a period beyond 18 months, the investments are valued at ₹ 1 per VCF.

Net depreciation in the value, if any, compared to the acquisition cost, in any of the aforesaid six groups, is charged to the Profit and Loss Account. The net appreciation, if any, in any of the six groups is not recognised except to the extent of depreciation already provided. The valuation of investments includes securities under repo transactions. The book value of individual securities is not changed after the valuation of investments.

Non-performing investments are identified and depreciation/provision are made thereon based on the RBI guidelines. The depreciation/provision on such non-performing investments are not set off against the appreciation in respect of other performing securities. Interest on non-performing investments is not recognised in the Profit and Loss Account until received.

(v) Disposal of investments

Profit/Loss on sale of investments under AFS and HFT categories are recognised in the Profit and Loss Account. Profit in respect of investments sold from HTM category is included in the Profit on Sale of Investments and an equivalent amount (net of taxes, if any, and net of transfer to Statutory Reserves as applicable to such profits) is appropriated from the Profit and Loss Appropriation account to Capital Reserve account as per RBI guidelines. Loss on sale from HTM is recognised in the Profit and Loss account.

Schedules

forming part of the Balance Sheet as at March 31, 2024

Schedule 17: Basis of preparation and significant accounting policies (Contd.)

(vi) Investment Fluctuation Reserve

As per the RBI circular RBI/2017-18/147 DBR.No.BP.BC.102/21.04.048/2017-18 dated April 2, 2018, to build up adequate reserves to protect against increase in yields in future, the Bank has created an Investment Fluctuation Reserve (IFR) to the extent of the lower of following:

- net profit on sale of investments during the year;
- net profit for the year less mandatory appropriations.

As per the RBI circular, this reserve will be created until the amount of IFR is at least 2 percent of the HFT and AFS portfolio, on a continuing basis.

(vii) Repo and reverse repo transactions

Repurchase ('repo') and reverse repurchase ('reverse repo') transactions including liquidity adjustment facility (with RBI) accounted for as borrowing and lending transactions. Accordingly, securities given as collateral under an agreement to repurchase them are held under the investments of the Bank and the Bank is accruing the coupon/discount on such securities during the repo period.

Also, the Bank value the securities sold under repo transactions as per the investment classification of the securities. The difference between the clean price of the first leg and clean price of the second leg is recognised as interest income/expense over the period of the transaction in the Profit and Loss Account.

E. Transactions involving foreign exchange

Initial recognition

Transactions in foreign currencies entered into by the Bank are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement at the Balance Sheet date

Foreign currency monetary items, if any, of the Bank, outstanding at the balance sheet date are restated at the rates prevailing at the year-end as notified by Foreign Exchange Dealers Association of India ('FEDAI'). Non-monetary items of the Bank are carried at historical cost.

Contingent liabilities on account of foreign exchange contracts, currency future contracts, guarantees, letters of credit, acceptances and endorsements are reported at closing rates of exchange notified by FEDAI as at the Balance Sheet date.

Treatment of Exchange differences

Exchange differences arising on settlement/restatement of foreign currency monetary assets and liabilities of the Bank are recognised as income or expense in the Profit and Loss Account.

Foreign exchange and derivative contracts

Derivative transactions comprise foreign exchange contracts, forward rate agreements, swaps and option contracts. The Bank undertakes derivative transactions for market making/trading and Bank book transactions on-balance sheet assets and liabilities. All market making/trading transactions are marked to market on daily basis and the resultant unrealised gains/losses are recognised in the profit and loss account.

Derivatives are classified as assets when the fair value is positive (positive marked to market) or as liabilities when the fair value is negative (negative marked to market).

Schedules

forming part of the Balance Sheet as at March 31, 2024

Schedule 17: Basis of preparation and significant accounting policies (Contd.)

Notional amounts of derivative transactions comprising of swaps, futures and options are disclosed as off-Balance Sheet exposures.

Premium/discount on Bank book transactions is recognised as interest income/expense and is amortised on a pro-rata basis over the underlying swap period.

Outstanding forward exchange contracts (including funding swaps which are not revalued) are revalued daily basis on Present Value basis by discounting the forward value till present date.

Pursuant to RBI guidelines, any overdue receivables representing positive mark-to-market value under derivative contracts which remain unpaid for a period of 90 days or more from the specified due date for payment is a Non-Performing Asset. The mark-to-market unrealised gains on all derivative contracts already taken in the profit and loss account with the same counterparties are reversed.

F. Employee Benefits

Employee benefits include Provident Fund, National Pension Scheme, Gratuity and Compensated Absences.

Defined contribution plan:

Provident Fund

The Bank's contributions to provident fund are considered as defined contribution plan and are charged as an expense as they fall due based on the amount of contribution required to be made when the services are rendered by the employees.

National Pension Scheme (NPS)

In respect of employees who opt for contribution to the NPS, the Bank contributes certain percentage of the basic salary of employees to the aforesaid scheme, a defined contribution plan, which is managed and administered by pension fund management companies. The Bank has no liability other than its contribution, and recognises such contributions as an expense in the year incurred.

Defined Benefits Plan

Gratuity

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses are recognised in the Profit and Loss Account in the period in which they occur. Past service cost is recognised immediately to the extent that the benefits are already vested while otherwise, it is amortised on a straight-line basis over the average period until the benefits become vested. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

Compensated absences - Long term Employee benefits

The Bank accrues the liability for compensated absences based on actuarial valuation as at the Balance Sheet date conducted by an independent actuary which includes assumptions about demographics, early retirement, salary increases, interest rates and leave utilisation. The net present value of the Banks' obligation is determined using the Projected Unit Credit Method as at the Balance Sheet date. Actuarial gains/losses are recognised in the Profit and Loss Account in the year in which they arise.

Schedules

forming part of the Balance Sheet as at March 31, 2024

Schedule 17: Basis of preparation and significant accounting policies (Contd.)

Other Employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive.

Share based payments

The Employee Stock Option Schemes (ESOSs) of the Bank are in accordance with Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014. The Schemes provide for grant of options on equity shares to employees of the Bank to acquire the equity shares of the Bank that vest in a cliff vesting or in a graded manner and that are to be exercised within a specified period.

In accordance with the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and the Guidance Note on Accounting for Employee Share-based Payments, issued by The Institute of Chartered Accountants of India, the cost of equity-settled transactions is measured using the intrinsic value method. The intrinsic value being the excess, if any, of the fair market price of the share under ESOSs over the exercise price of the option is recognised as deferred employee compensation with a credit to Employee's Stock Option (Grant) Outstanding account. The deferred employee compensation cost is amortised on a straight-line basis over the vesting period of the option. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the number of equity instruments that are outstanding. The fair market price is the latest available closing price preceding the date of grant of the option, on the stock exchange on which the shares of the Bank are listed.

In accordance with the RBI circular RBI/2021-22/95 DOR.GOV.REC.44/29.67.001/2021-22 "Guidelines on Compensation of Whole Time Directors/ Chief Executive Officers/ Material Risk Takers and Control Function staff - Clarification" dated August 30, 2021, Share-linked instruments granted to Whole Time Directors/ Chief Executive Officers/ Material Risk Takers and Control Function staff after the accounting period ending March 31, 2021, is fair valued on the date of grant using Black-Scholes model.

The options that do not vest because of failure to satisfy vesting condition are reversed by a credit to employee compensation expense, equal to the amortised portion of value of lapsed portion. In respect of the options which expire unexercised the balance standing to the credit of Employee's Stock Option (Grant) Outstanding accounts is transferred to Profit & Loss Account.

G. Revenue recognition

- i) Interest Income is recognised on a time proportion accrual basis taking into account the amount outstanding and the interest rate implicit in the underlying agreements. Income or any other charges on non-performing assets or on assets taken in custody for recovery of loan through disposal of such assets during the period are recognised only when realised as per the IRAC norms of RBI. Any such income recognised and remaining unrealised, before the asset became non-performing or before disposal of assets in custody of the company, is reversed. Overdue interest is recognised on realisation basis. Overdue interest is treated to accrue on realisation, due to the uncertainty of their realisation other than on running accounts where it is recognised when due.
- ii) in case of CCOD and Credit card, Service charges, fees and commission income are recognised when due. Commission income on guarantee and letter of credit is recognised over the period of contract.
- iii) Income on discounted instruments are recognised over the tenure of the instrument on a constant yield basis.

Schedules

forming part of the Balance Sheet as at March 31, 2024

Schedule 17: Basis of preparation and significant accounting policies (Contd.)

- iv) Loan origination income i.e. processing fee and other charges are collected upfront and recognised at the inception of the loan.
- v) All other charges such as EMI bounce charges, Cheque return charges, Legal charges, Seizing charges, etc. are recognised on realisation basis. These charges are treated to accrue on realisation, due to the uncertainty of their realisation.
- vi) Dividend income is recognised on an accrual basis when the right to receive the dividend is established.
- vii) Interest income on deposits with banks and other financial institutions are recognised on a time proportion accrual basis taking into account the amount outstanding and the rate applicable.
- viii) Interest income on investments is recognised on accrual basis.
- ix) Gains arising on securitisation of assets is recognised over the tenure of securities issued by SPV as per guidelines on securitisation of standard assets issued by RBI. Income from excess interest spread is accounted for net of losses when redeemed in cash. Expenditure in respect of securitisation (except bank guarantee fees for credit enhancement) is recognised upfront. Bank guarantee fees for credit enhancement is amortised over the tenure of the agreements. Income arising on direct assignment is recognised over the tenure of agreement on accrual basis.
- x) Amounts recovered against debts written off in earlier years and provisions no longer considered necessary in the context of the current status of the borrower are recognised in the Profit and Loss Account.
- xi) Fees received on sale of Priority Sector Lending Certificates is recognised on proportionate basis during the financial year and considered as Miscellaneous Income, in accordance with the guidelines issued by the RBI and amortised on quarterly basis.

H. Reward Points

The Bank estimates the probable redemption of reward points and cost per point using an actuarial method by employing an independent actuary, which includes assumptions such as mortality, redemption and spends etc.

I. Accounting for leases

Operating Leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership over the lease term is classified as operating leases. Operating lease rentals are recognised as an expense on straight-line basis over the lease period in accordance with the AS 19, Leases.

J. Taxation

Tax expenses comprises of current income tax and deferred tax.

Income tax

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognised directly in equity is recognised in equity and not in Profit and Loss Account.

Schedules

forming part of the Balance Sheet as at March 31, 2024

Schedule 17: Basis of preparation and significant accounting policies (Contd.)

Deferred taxes

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognised directly in equity is recognised in equity and not in the Profit and Loss Account.

Deferred tax liabilities are recognised for all taxable timing differences. Deferred tax assets are recognised for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Bank has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

The carrying cost of the deferred tax assets are reviewed at each balance sheet date. The Bank writes down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

K. Accounting for provisions, contingent liabilities and contingent assets

A provision is recognised when the Bank has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Provisions for liabilities on the outstanding reward points on credit card are made based on an independent actuarial valuation as at the Balance Sheet date and included in other liabilities and provisions.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Bank or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation.

A contingent liability also arises where there is a liability that cannot be recognised because it cannot be measured reliably. The Bank does not recognise a contingent liability but discloses its existence in the financial statements. Contingent assets are neither recognised nor disclosed in the financial statements.

L. Earnings Per Share (EPS)

Basic and diluted earnings per share is computed in accordance with Accounting Standard-20 - Earnings per share.

Basic earnings per share is calculated by dividing the net profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the period.

Schedules

forming part of the Balance Sheet as at March 31, 2024

Schedule 17: Basis of preparation and significant accounting policies (Contd.)

For the purpose of calculating diluted earnings per share, the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

M. Cash and Cash Equivalents

Cash and Cash equivalents include cash in hand, foreign currency notes, rupee digital currency, balances with RBI, balances with other banks and institutions, money at call and short notice (including the effect of changes in exchange rates on cash and cash equivalents in foreign currency).

N. Fixed Assets

(i) Property, Plant and Equipment (PPE) and software

Property, Plant and Equipment and software are carried at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price and directly attributable cost of bringing the asset to its working condition for the intended use.

Gains or losses arising from derecognition of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Profit and Loss Account when the asset is derecognised.

(ii) Depreciation on Property, Plant and Equipment (PPE) and software:

Leasehold land is amortised on a straight-line basis over the period of lease.

Depreciation on Property, Plant, Equipment and software is charged on a straight-line basis using the rates arrived at, based on the useful lives estimated by the management as given below. The useful lives have been estimated by the management based on technical advice obtained. Determination of useful life of an asset is a matter of judgement and based on various factors such as type and make of an item, its place and pattern of usage, nature of technology, obsolescence factors, availability of spares, etc. and makes a significant impact on the useful life of an asset.

Particulars	Useful Life (years)
Premises owned by the Bank	60
Furniture and Fixtures	10
Vehicles	8
Software	4-7
Computers, Printers, servers and other office equipment	3-6
ATMs	10
Safe, Locker and locker gate	15

Addition to lease hold premises are charged off over the remaining period of lease subject to maximum of 10 years.

Items individually costing up to ₹ 5,000 /- are fully depreciated in the year of installation/purchase. as the management estimates the useful life of such assets as one year.

Depreciation on assets acquired/sold during the period is recognised on a pro-rata basis to the Profit and Loss Account from/upto the date of acquisition/sale.

Profit on sale of immovable property net of taxes and transfer to statutory reserve, are transferred to capital reserve account.

Schedules

forming part of the Balance Sheet as at March 31, 2024

Schedule 17: Basis of preparation and significant accounting policies (Contd.)

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial period end and adjusted prospectively, if appropriate.

(iii) Impairment of assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(iv) Capital work-in-progress/Software under development

Costs incurred towards acquisition of assets, including expenses incurred prior to those assets being put to use and directly attributable to bringing them to their working condition are included under "Capital Work in Progress". Capital Work in Progress including Software under development are stated at the amount incurred up to the date of Balance Sheet.

Schedule 18 - Notes forming part of the financial statements for the Year ended March 31, 2024 (Contd.)

ii) Qualitative disclosure on Liquidity Coverage Ratio (LCR):

To assess Bank's resilience in liquidity stress scenario of 30 days with its high-quality liquid assets, Banks is computing Liquidity Coverage Ratio (LCR) as per RBI - Basel III Framework on Liquidity Standards. High Ratio signifies Bank has enough liquid assets which it can use to fulfil its liquidity obligations in acute stress scenario. Ratio to compute as below:

$$\text{LCR} = \frac{\text{Stock of High Quality Liquid Assets (HQLA)}}{\text{Net Cash Outflows over a 30 days period}}$$

Stock of High Quality Liquid Asset is total funds liquid assets could generate in stress scenario. Net Cash outflows is the difference as derived by multiplying the outstanding balances of various categories or types of liabilities by the outflow run-off rates and cash inflows are calculated by multiplying the outstanding balances of various categories of contractual receivables by the rates at which they are expected to flow in.

The Minimum LCR Requirement for Small Finance Banks (as per operating guidelines for Small Finance Banks RBI/2016-17/81 DBR.NBD.No.26/16.13.218/2016-17 dated Oct 06, 2016 & RBI circular RBI/2019-20/217 DOR.BP.BC.No.65/21.04.098/2019-20 dated Apr 17,2020) is 100%

The Bank has consistently maintained the LCR percentage well above the regulatory threshold limit. The average LCR for the quarter ended March 31, 2024 was 117% which is above the regulatory limit of 100%. For the quarter ended March 31, 2024 average HQLA stood at ₹ 20,311 Crores.

Asset Liability Committee (ALCO) of the Bank is the primary governing body for Liquidity Risk Management, Treasury is entrusted with the responsibility of liquidity management within the Bank under the guidance of the ALCO. ALM Risk unit independently measures, monitors & report Liquidity Risk as per regulatory & internal guidelines.

In computing the above information, certain estimates and assumptions have been made by the Bank's Management which have been relied upon by the auditors.

ii) Qualitative disclosure on Net Stable Funding Ratio (NSFR):

The Bank, as per the RBI guideline on NSFR dated May 17, 2018, is required to maintain the NSFR on an ongoing basis. The minimum NSFR requirement set out in the RBI guideline effective October 1, 2021, is 100%. The Basel Committee on Banking Supervision (BCBS) had introduced the Net Stable Funding Ratio (NSFR) to ensure resilience over a longer-term time horizon by requiring banks to fund their activities with more stable sources of funding. NSFR is defined as the amount of available stable funding relative to the amount of required stable funding. "Available stable funding" (ASF) is defined as the portion of capital and liabilities expected to be reliable over the time horizon considered by the NSFR, which extends to one year. The amount of stable funding required ("Required stable funding") (RSF) of a specific institution is a function of the liquidity characteristics and residual maturities of the various assets held by that institution as well as those of its off-balance sheet (OBS) exposures.

The NSFR as on March 31, 2024 was at 116.94% (at 125.68% as on March 31, 2023).

In computing the above information, certain estimates and assumptions have been made by the Bank's Management which have been relied upon by the auditors.

g) Unhedged foreign currency exposure

The RBI, through its master direction dated October 11, 2022, had advised banks to create incremental provision on standard loans and advances to entities with unhedged foreign currency exposure (UFCE). The Bank assesses the UFCEs of the borrowers through its credit appraisal and internal ratings process. The Bank also undertakes reviews of such exposures through thematic reviews evaluating the impact of exchange rate fluctuations on the Bank's portfolio on a yearly basis.

Incremental provisioning (over and above provision applicable for standard assets) is made in Bank's Profit and Loss Account, on borrower counter parties having UFCE, depending on the likely loss/EBID ratio, in line with stipulations by RBI. Incremental capital is maintained in respect of borrower counter parties in the highest risk category, in line with stipulations by RBI. These requirements are given below:

Likely Loss/EBID ratio	Incremental Provisioning Requirement (computed on the total credit exposures reckoned for standard asset provisioning)	Incremental Capital Requirement
Up to 15%	0%	0%
More than 15% to 30%	0.20%	0%

- (e) determining the exercise price under the ESOP plans and
 - Ensure compliance with applicable laws, rules, and regulations as well as 'Fit and Proper criteria' of directors before their appointment.

(c) Description of the ways in which current and future risks are taken into account in the remuneration processes. It should include the nature and type of the key measures used to take account of these risks:

The Key parameters taken into account for the structuring of remuneration covering fixed pay and variable pay are mentioned below:

- (i) Risk factors that are significant to the Banking operations of the Bank are taken into consideration in devising the remuneration structure and it is symmetric to the risk outcomes.
- (ii) Compensation payout is scheduled in manner where sensitivity to time horizon of risks is taken into consideration in the review process.
- (iii) Individual performance is reviewed on the basis of Key Responsibility Areas (KRAs) and the review is carried out under the Annual Performance Review (APR) of the Bank.
- (iv) Industry Benchmarking, inflation and increase of cost of living.

In addition, it includes a 'malus' and 'clawback' option to take care of any disciplinary issue or future drop in performance of individual/ business/ Bank.

(d) Description of the ways in which the bank seeks to link performance during a performance measurement period with levels of remuneration:

Individual performances are assessed in line with business/individual delivery of the Key responsibility Areas (KRAs), top priorities of business, budgets, and overall contribution to the organisation etc.

In linking the performance and level of remuneration, the job roles, levels, business budgets, risk factors, achievement of individual KRAs are taken into consideration for taking decision in this regard.

(e) A discussion of the Bank's policy on deferral and vesting of variable remuneration and a discussion of the Bank's policy and criteria for adjusting deferred remuneration before vesting and after vesting:

In compliance of RBI Guidelines on Compensation of Whole Time Directors/ Chief Executive Officers/ Material Risk Takers and Control Function staff dated November 04, 2019, the Bank has formulated Compensation Policy that covers all aspects of the compensation structure such as Fixed pay, Variable Pay and Deferral pay.

The Variable Pay of senior executives, including WTDs, and other employees who are MRTs shall be deferred over the period so that compensation is adjusted for all types of risks that organisation may be exposed to.

The deferral period shall be a minimum of three years. This would be applicable for both the cash and non-cash components of the variable pay:

- a) A minimum of 60% of the total variable pay must invariably be under deferral arrangements.

Schedules

forming part of the Balance Sheet as at March 31, 2024

Schedule 18 - Notes forming part of the financial statements for the Year ended March 31, 2024 (Contd.)

- b) If cash component is part of variable pay, at least 50% of the cash bonus shall also be deferred and where the cash component of variable pay is under ₹ 25 lakhs in a year, deferral requirements shall not be applicable.
- c) Deferred remuneration should either vest fully at the end of the deferral period or be spread out over the course of the deferral period. The first such vesting should be not before one year from the commencement of the deferral period and shall not take place more frequently than on a yearly basis.
- d) The vesting should be no faster than on a pro rata basis.

The adjustment of Variable Pay before and after the vesting shall be considered in the event of subdued or negative financial performance of the bank and/or the relevant line of business in any year and the malus/clawback arrangements shall be invoked subject to due assessment.

(f) Description of the different forms of variable remuneration (i.e. cash, shares, ESOPs and other forms) that the bank utilises and the rationale for using these different forms:

The Variable pay consist of Cash, Share linked Instrument and same is decided considering risk factors, job profile, level of performance and industry norms to ensure that employee morale is high and to promote consistency in performance over the time horizon.

The breakup of variable remuneration is the follows:

Variable Pay: Variable pay compensation is paid depending upon the performance of the Employees against set key responsibility areas (KRAs) and it is ensured that there is a proper balance between fixed pay and variable pay while devising the remuneration structure.

- (a) A substantial proportion of compensation i.e., at least 50%, should be variable and paid on the basis of individual, business performance & other parameters and this shall not be applicable on risk control function staff.
- (b) In case variable pay is:
 - Up to 200% of the fixed pay, a minimum of 50% of the variable pay should be via non-cash instruments.
 - Above 200%, a minimum of 67% of the variable pay should be via non-cash instruments.
 - shall be limited to a maximum of 300% of the fixed pay; (for the relative performance measurement period).
- (c) In the event that an executive is barred by statute or regulation from grant of share-linked instruments, his/her variable pay will be capped at 150% of the fixed pay but shall not be less than 50% of the fixed pay.
- (d) The deterioration in the financial performance of the Bank shall generally lead to a contraction in the total amount of variable compensation, which can even be reduced to zero and the proportion of variable pay shall be higher depending on the higher responsibility at higher level.

Share-linked Instruments: Share-linked Instruments consisting of ESOPs or other linked instruments which shall be forming part of variable pay.

5 Description of contingent liabilities

Sr. No.	Contingent liability*	Brief description
1	Claims against the Bank not acknowledged as debts	The Bank is a party to various legal and tax proceedings in the normal course of business. The Bank does not expect the outcome of these proceedings to have a material adverse effect on the Bank's financial conditions, results of operations or cash flows.
2	Guarantees on behalf of constituents	As a part of its Banking activities, the Bank issues guarantees on behalf of its customers. Guarantees generally represent irrevocable assurances that the Bank will make payments in the event of customer failing to fulfill its financial or performance obligations.
3	Acceptances, endorsements and other obligations	These includes: Documentary credit such as letters of obligations to enhance the credit standing of the customers of the Bank. Bill rediscounted by the Bank and cash collateral provided by the Bank on assets which have been securitised.
4	Liability on account of outstanding forward exchange and derivative contracts	The Bank engages in Foreign Exchange forward contracts as part of its regular operations to support nostro account funding and offset merchant transactions in the Interbank market to exchange currencies at a predetermined price on a future date. The notional principal of such contracts is disclosed here. These contracts are classified under the Banking Book portfolio, exempt from daily mark to market revaluations. The Swap gain/Loss arising from these swaps will be amortised over the contract durations therefore the market risk is lower.

Attendance of members will be counted as the members who have successfully logged in through VC or OAVM and shall be counted for the purpose of reckoning of the quorum under Section 103 of the Act. Please refer the detailed instructions for attending the AGM through VC covered under this Notice.
- In line with the MCA Circulars, the Annual Report for the Financial Year 2023-24 and AGM Notice has been uploaded on the website of the Bank at www.aubank.in. The same can also be accessed on the website of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Ltd. at www.bseindia.com and www.nseindia.com respectively and on the website of National Securities Depository Limited (“NSDL”) (agency for providing the facility of conducting AGM through VC and Remote e-Voting facility) i.e. www.evoting.nsdl.com.
- The physical copies of all the documents referred to in this Notice and the Statement setting out the material facts in respect of Item nos. 4 to 6 thereof, a certificate from Secretarial Auditor certifying that the employee stock option scheme of the Bank is being implemented in accordance with the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 and the Statutory Registers will be made available at the Bank’s registered office for inspection during the normal business hours between 10:00 a.m. to 5:00 p.m. on working days up to the date of the AGM. Members having any queries, may please write to Company Secretary at investorrelations@aubank.in mentioning their name, Folio No./Client ID and DP ID. The same will be replied by the Bank suitably. Further, during the 29th AGM, members may access the required documents upon Log-in to NSDL e-Voting system at www.evoting.nsdl.com.

- In case of joint holders attending the Meeting, only such joint holder whose name appears as the first holder in the order of names as per the Register of Members of the Bank will be entitled to vote, provided the votes are not already cast by remote e-voting by the first holder.
- As per the provisions of Section 72 of the Act and SEBI Master Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2024/37 dated May 07, 2024, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a member desires to opt out or cancel the earlier nomination and record a fresh nomination, he/she may submit the same in Form ISR-3 or SH-14 as the case may be. The said forms can be downloaded from the Bank’s website <https://www.aubank.in/investors/investor-services>. Members are requested to submit the said details to their DP in case the shares are held by them in dematerialised form and to the Bank in case the shares are held in physical form.
- Members can submit questions in advance with regard to the financial statements or any other matter to be placed at the 29th AGM, from their registered e-mail address, mentioning their name, DP ID and Client ID and mobile number, to reach the Bank’s e-mail address at investorrelations@aubank.in from Friday, July 19, 2024 to Tuesday, July 23, 2024. Such questions by the Members shall be taken up during the meeting and replied by the Bank suitably.

Further, Members who would like to ask questions during the AGM with regards to the financial statements or any other matter to be placed at the AGM, need to register themselves as a speaker by sending their request from their registered e-mail address mentioning their name, DP ID and Client ID and mobile number, to reach the Bank’s e-mail address at investorrelations@aubank.in from Friday, July 19, 2024 to Tuesday, July 23, 2024.

Those Members who have registered themselves as a speaker shall only be allowed to speak/ask questions during the AGM, depending upon the availability of time.
- In terms of the MCA Circulars & SEBI Circulars, the Annual report and AGM notice are being electronically sent to all the members of the Bank, whose name appear on the Register of Members/List of Beneficial Owners, as received from NSDL/Central Depository Services (India) Limited (“CDSL”) on Friday, June 28, 2024 and who have registered their e-mail addresses with the Depositories/Depository Participants unless any member has requested for a physical copy of the same. It is however, clarified that all the persons who are members of the Bank as on Friday, July 19, 2024 (including those members who may not have received this Notice due to non - registration of their e-mail IDs) shall be entitled to vote in relation to the resolutions specified in this Notice.
- Members are requested to address all correspondence, including dividend-related matters, to Registrar and Transfer Agent (“RTA”) of the Bank i.e. Link Intime India Pvt. Ltd., at their e-mail ID rnt.helpdesk@linkintime.co.in or at their address C-101, 1st Floor, 247 Park, L.B.S. Marg Vikhroli (West) Mumbai - 400 083, Maharashtra.
- SEBI vide its notification dated SEBI/HO/OIAE/OIAE_IAD-3/P/CIR/2023/195 dated July 31, 2023 (as amended) has established a common Online Dispute Resolution Portal (‘ODR Portal’) for resolution of disputes arising in the Indian Securities Market. Pursuant to this, post exhausting the option to resolve their grievance with the RTA/Company directly and through existing SCORES platform, the investors can initiate dispute resolution through the ODR Portal at <https://smartodr.in/login> and the same can also be accessed through the Bank’s website <https://www.aubank.in/investor-grievance>.
- Members wishing to claim unclaimed dividends are requested to correspond with the RTA of the Bank as mentioned above or the Company Secretary of the Bank. The Bank has uploaded the details of unclaimed dividend amounts lying with the Bank on the website of the Bank at <https://www.aubank.in/reports/disclosures>
- Members are requested to note that dividends, which are not claimed within seven years from the date of transfer to the Bank’s Unpaid Dividend Account, will as per the provisions of Section 124 of the Act read with the rules made thereunder, be transferred to the Investor Education and Protection Fund. Further, pursuant to the provisions of Section 124(6) of the Act read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended (“IEPF Rules”), all shares in respect of which dividend has not been claimed for seven consecutive years

shall also be transferred to the demat account of the Investor Education and Protection Fund authority (IEPF Authority). In view of this, Members are requested to claim their dividends from the Bank, within the stipulated timeline.

15. The Board at its meeting held on April 24, 2024 has recommended dividend of ₹1/- per equity share of face value of ₹10/- each for the financial year ended March 31, 2024, subject to approval of shareholders at the ensuing AGM.
16. The Bank has fixed Friday, July 12, 2024 as the “**Record Date**” for determining entitlement of Members to final dividend for the financial year ended March 31, 2024, if approved at the AGM.
17. The final dividend once approved at the AGM, will be paid on or before August 25, 2024, by way of electronic mode to members who have updated their bank account details. In case of members who have not updated their bank account details, the Bank shall dispatch the dividend warrant to such shareholder by post at their registered addresses. To avoid delay in receiving dividend, we request members to update their KYC details including address with pin code, e-mail address, mandates, nominations, power of attorney, bank details covering name of the bank and branch details, bank account number, MICR code, IFSC code, etc. with their depository participants (where shares are held in dematerialised form) and with the Bank’s RTA (where shares are held in physical mode).

DETAILS OF E-VOTING AND JOINING AGM THROUGH VC:

Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended), and the MCA Circulars & SEBI Circulars the Bank is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM.

For this purpose, the Bank has entered into an agreement with NSDL for facilitating voting through electronic means, as the authorised agency. The facility of casting votes by a member using remote e-Voting system as well as e-voting on the date of the AGM will be provided by NSDL.

The remote e-voting period begins on Monday, July 22, 2024, at 9:00 a.m.(IST) and ends on Thursday, July 25, 2024 at 5:00 p.m. (IST). The remote e-voting module shall be disabled by NSDL for voting thereafter. The Members, whose names appear in the Register of Members/Beneficial Owners, as received from NSDL/CDSL, as on the cut-off date i.e. Friday, July 19, 2024 may cast their vote electronically.

The voting right of members shall be in proportion to their share in the paid-up equity share capital of the Bank as on the cut-off date, being Friday, July 19, 2024.

A person who is not a member as on the cut-off date should treat this notice for information purpose only.

As the E-voting does not require a person to attend to a meeting physically, the Members are strongly advised to use the E-voting procedure by themselves and not through any other person except Institutional/Corporate Shareholders who may cast their votes through their authorised representatives.

The Board of Directors have appointed CS Manoj Maheshwari, Practicing Company Secretary (Membership No. FCS: 3355) as Scrutiniser and failing him CS Priyanka Agarwal, Practicing Company Secretary (Membership No. FCS: 11138) as the Alternate Scrutiniser to scrutinise the polling/e-voting at the AGM and remote e-Voting process in a fair and transparent manner.

Explanatory Statement pursuant to the provisions of Section 102(1) of Companies Act, 2013

The following Statement sets out all material facts relating to the Ordinary Business & Special Businesses as set out in Item no(s). 4 to 6 mentioned in the above Notice:

Item No. 4

The members of the Bank at the 26th Annual General Meeting held on August 17, 2021 have appointed Deloitte Haskins and Sells, Chartered Accountants (Registration No. 117365W) and G. M. Kapadia & Co., Chartered Accountants (Registration No. 104767W) as the Joint Statutory Auditors of the Bank to hold office, from the conclusion of 26th Annual General Meeting until the conclusion of ensuing 29th Annual General Meeting of the Bank in line with the approvals received from the Reserve Bank of India (“RBI”).

RBI on April 27, 2021 has issued guidelines for appointment of Statutory Central Auditors/Statutory Auditors of Commercial Banks (excluding RRBs), UCBs and NBFCs (including HFCs). As per the said guidelines statutory audit of entities with asset size of ₹15,000 Crore and above as at the end of previous year, should be conducted under joint audit of a minimum of two audit firms. The audit firms can continue as the Statutory Auditors (“SA”) of the Bank for a continuous period of three (3) years only and thereafter the said firms will be compulsorily rested for six (6) years after completion of full or part of one term of the audit tenure. Further, prior approval of RBI for appointment/reappointment of SCAs on an annual basis is required in terms of the above guidelines.

In view of the above, the Board of Directors at its meeting held on June 27, 2024 on the recommendation of the Audit Committee has proposed the appointment of MSKA & Associates, Chartered Accountants (Registration No. 105047W) and Mukund M Chitale & Co., Chartered Accountants (Registration No. 106655W) as the Joint Statutory Auditors of the Bank for a period of three (3) years from the conclusion of 29th Annual General Meeting until the conclusion of 32nd Annual General Meeting of the Bank to be held in the calendar year 2027, subject to the prior approval of the Reserve Bank of India for their appointment in every subsequent year.

As per the requirement of the Act, the proposed SAs have confirmed that the appointment, if made would be within the limits specified under Section 141(3) (g) of the Act and they are not disqualified to be appointed as Statutory Auditors in terms of the provisions of the proviso to Section 139(1), Section 141(2) and Section 141(3) of the Act, the provisions of the Companies (Audit and Auditors) Rules, 2014 and complies with all eligibility norms prescribed by RBI.

The Bank has received approval of the RBI for appointment of MSKA & Associates, Chartered Accountants and Mukund M Chitale & Co., Chartered Accountants as the Joint Statutory Auditors of the Bank for the financial year 2024-25.

Brief profile of Joint Statutory Auditors

A – M S K A & Associates, established in 1978, M S K A & Associates is an Indian partnership firm registered with the Institute of Chartered Accountants of India (ICAI) and the PCAOB (US Public Company Accountancy Oversight Board) having offices across 12 key cities in India at Mumbai, Gurugram, Kolkata, Ahmedabad, Pune, Goa, Chennai, Bangaluru, Kochi, Chandigarh, Hyderabad and Coimbatore. M S K A & Associates offers a wide range of services in Audit Assurance, Tax and Advisory domain led by industry experts with deep knowledge pockets and driven by a commitment, to deliver – quality services to all clients.

B – M/s. Mukund M Chitale & Co. is a firm of chartered accountants with professional standing of more than 50 years. It was established in 1973. The Firm is engaged in providing auditing, taxation and advisory services. It has experience in auditing listed companies, public sector undertakings, Banks, insurance companies, mutual funds, private equity funds and other entities in the financial and non-financial sectors. The Firm has been awarded the Peer Review Certificate issued by The Institute of Chartered Accountants of India. It has offices in Mumbai and Pune and serves clients across India.

MSKA & Associates, Chartered Accountants and Mukund M Chitale & Co., Chartered Accountants as Joint Statutory Auditors will be paid an annual remuneration/fees of ₹2,65,00,000 (Rupees Two Crore Sixty Five Lakhs only) plus taxes at the applicable rates and outlays, for the purpose of audit of the Bank’s accounts for the FY 2024-25 with the power to the Board to alter and vary the terms and conditions, revision including

upward revision in the remuneration for the remaining tenure, arising out of increase/change in scope of work, including by reason of necessity on account of such conditions as may be stipulated by the RBI and/or any other authority, in such manner and to such extent as may be mutually agreed with the Joint Statutory Auditors. The remuneration of new statutory auditors for FY 2024-25 have been determined taking into account the enhanced scope of work due to amalgamation of Fincare SFB with the Bank, increase in normal business volume of the Bank and increased regulatory compliances.

None of the Director/Key Managerial Personnel of the Bank or their relatives are, directly or indirectly, financially or otherwise, concerned or interested in the Resolution set out at Item No. 4.

Considering the profile, experience in statutory audit of banks & financial service sector entities, professional qualified team and staff strength of the proposed Joint Statutory Auditors, the Board of Directors recommends the passing of the Ordinary Resolution at Item No. 4 of the Notice to the members of the Bank.

Item No. 5:

Pursuant to the provisions of Section 42 of the Act read with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014, the Bank can issue securities including Non-Convertible Debentures (“NCDs”)/Bonds on a private placement basis subject to the condition that the proposed offer of securities or invitation to subscribe to the securities has been previously approved by the members of the Bank, by means of a special resolution, for each of the offers or invitations. In case of an offer or invitation for NCDs, it shall be sufficient if the Bank passes a special resolution only once in a year for all the offer(s) or invitation(s) to subscribe to such NCDs on a private placement basis, during a period of one year from the date of passing of the special resolution even if the amount to be borrowed/raised exceeds/will exceed the limit as specified in Section 180(1)(c) of the Act.

In view of the above requirement, the members of the Bank at the last AGM held on August 10, 2023 had approved the borrowing/raising of funds by issue of non-convertible debt securities on private placement basis in pursuance of the relevant provisions of the applicable laws and circulars or guidelines issued by the RBI, up to an amount not exceeding ₹6,000 Crore (Rupees Six Thousand Crore Only), during a period of one year from the date of passing of the special resolution in one or more tranches. However, no non-convertible debt securities were issued against the said approval during FY 2023-24.

Further, considering the consistent growth in business & operations and after assessing existing and future projections of the Bank and to facilitate the Bank to evaluate a potential fund raising at an appropriate time in one or more tranches in Indian as well as overseas market by issue of non-convertible debt securities, the Board of Directors of the Bank at its meeting held on June 27, 2024 has proposed to obtain the consent of the members of the Bank for borrowing/raising funds in Indian currency/foreign currency by issue of non-convertible debt securities including but not limited to long-term bonds, perpetual debt instruments, Tier I/Tier II Capital Bonds or such other debt securities as may be permitted under RBI guidelines from time to time) in domestic and/or overseas market, in one or more tranches and/or series as per the structure and within the limits permitted by the RBI and other regulatory authorities to eligible investors of an amount not exceeding ₹6,000 Crore (Rupees Six Thousand Crore Only) on a private placement basis during a period of one year from the date of passing of this special resolution.

The said non-convertible debt securities would be issued by the Bank in accordance with the applicable statutory guidelines, for cash either at par or premium to face value depending upon the prevailing market conditions and the pricing of such securities depends upon various factors which may include prevailing risk-free rates, competitor rates of similar rating and prevailing regulations.

Furthermore, the offer shall be made to such persons as identified under Section 42(2) of the Act on such terms and conditions including the price, coupon, par/premium/discount, tenor etc., as may be determined by the Board (includes a duly authorised Committee), in the prevailing market conditions as permitted by the relevant applicable regulations.

None of the Director/Key Managerial Personnel of the Bank or their relatives are, in any way concerned or interested, financially or otherwise, in the Resolution set out at Item No. 5 of the Notice.

The Board of Directors recommends the passing of Special Resolution set out at Item No. 5 of the Notice for approval by the members of the Bank.

Item No. 6:

The Bank has exhibited steady growth and resilience in the banking sector over the last 7 years despite the macro headwinds, COVID-19 pandemic, Geopolitical disruptions and high inflation environment etc.

Despite the uncertainties surrounding inflation, tight liquidity conditions and higher for longer’ interest rates in FY 2023-24 in India, the Bank navigated through this complex macro-environment by leveraging strong credit demand and maintaining robust asset quality. With focus on building sustainable business model, the Bank has consistently delivered long-term performance while concurrently enhancing its capacity for future endeavours. Further, the Bank remained optimistic yet cautious, demonstrating stable and well-rounded performance in FY2023-24 across various metrics including asset quality, profitability, customer base expansion, customer satisfaction, digital initiatives, network expansion, progress in financial and digital inclusion.

Further, healthy capitalisation helps the Bank in meeting its growing business requirements, investment in advanced systems and processes, and in complying with the RBI stipulated Capital requirements. A Bank risks falling behind the curve with restraints on asset expansion, outdated systems, and regulatory roadblocks without availability of adequate capital.

Hence, to meet the growing capital requirement for ensuring unhindered growth and business expansion, the Bank in the last 7 years has raised equity capital under Preferential and Qualified Institutional Placement routes. The said capital raise were carried out in accordance with the provisions of the SEBI ICDR Regulations and the Act. This was driven mainly by the Bank’s long-term strategy wherein the Bank has always ensured that it remains well capitalised while delivering consistent growth in balance sheet and healthy profitability.

The members of the Bank at the last AGM held on August 10, 2023 have approved raising of funds through Qualified Institutions Placement/preferential allotment or such other permissible mode or combinations thereof under Section 23, 41, 42 and 62(1)(c) of the Act respectively up to an amount aggregating to not more than ₹5,000 Crore (Rupees Five Thousand Crore Only). However, there was no capital raise done against the said approval.

Pursuant to Section 62(1)(c) of the Act, further equity shares may be issued to persons other than the existing Members of the Bank, provided that the Members of the Bank approve the issue of such equity shares, by means of a Special Resolution.

In terms of Rule 14(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014, a company can make a private placement of its securities under the Act, only after receipt of prior approval of its members by way of a Special Resolution. The consent of the Members would therefore be necessary pursuant to the provisions of Sections 42 and 62(1)(c) of the Act, read with applicable provisions of the SEBI ICDR Regulations and Listing Regulations, for issuance of Securities.

Purpose/objects of the fund raise:

As on March 31, 2024, our Bank’s Capital to Risk Weighted Asset Ratio (“CRAR”) and Tier I ratio stood at 18.8% and 20.1% respectively. This is significantly above the minimum requirement of 15%, and is sufficient for the Bank to meet the near-term growth needs of the Bank in FY 2024-25. However, the CRAR needs to be maintained by Bank on a daily basis and as per the stipulated guidelines, interim unaudited profits cannot be used while calculating CRAR ratio for compliance purposes.

To meet strong capital adequacy to further strengthen the Bank’s ability to deal with unforeseen contingencies, to support the future growth aspirations of the Bank, to prepare for future business opportunities in the growing economy and to meet all regulatory requirements, it is essential that the Bank remains well-capitalised by enhancing its Tier 1 capital base. Hence, in accordance with the growing size of the Bank and to cater to our growth plans, we seek approval of members as an enabling resolution to raise additional equity capital up to ₹5,000 Crore (Rupees Five Thousand Crore Only).

The Special Resolution as set out in Item No. 6 of this Notice is an enabling resolution to raise capital by way of a private placement, including by way of a QIP in accordance with Chapter VI of the SEBI ICDR Regulations

and therefore, the proposal seeks to confer upon the Board or a duly authorised Committee thereof, the sole and absolute discretion to determine the terms and conditions of the said issue of securities, including the exact price, proportion and timing of such issue, mode of offer based on an analysis of market conditions and the specific requirements in accordance with the relevant provisions of the Act, the SEBI ICDR Regulations and any other applicable laws.

The Securities to be so offered, issued, and allotted shall be subject to the provisions of the Memorandum of Association and Articles of Association of the Bank and the Equity Shares that may be issued and allotted by the Bank shall rank *pari passu inter se* and with the then existing Equity Shares of the Bank, in all respects, and shall be subject to the Memorandum of Association and Articles of Association of the Bank.

None of the Director/Key Managerial Personnel of the Bank or their relatives are, in any way concerned or interested, financially or otherwise, in the Resolution set out at Item No. 6 of the Notice.

The Board of Directors recommends the passing of Special Resolution set out at Item No. 6 of the Notice for approval by the members of the Bank.
