

Question 2: In the below-given table, the number of machines working in a factory for their fixed amount of time is shown. Draw the Histogram for the following data.

Time in Minutes	Number of machines
20-25	03
25-30	07
30-35	11
35-40	08
45-50	05
50-55	02

Solution:

The Histogram for the table mentioned above will have class intervals of 5 minutes on x-axis and the number of machines used should be on y-axis.
