

## Tips: 2

Remember the formula carefully, like this formula creating confusion.

$$\int \sqrt{a^2 - x^2}, \int \sqrt{x^2 - a^2}, \int \frac{1}{\sqrt{x^2 - a^2}}$$

$$\int \frac{1}{\sqrt{x^2 + a^2}}$$

So practice this formulas so that not getting problem in case we have to use it.
