

## Exemplar Problem- 2

Write the chemical equation for preparing sodium soap from glyceryl oleate and glyceryl palmitate. Structural formulae of these compounds are given below.

(i)  $(C_{15}H_{31}COO)_3C_3H_5$  – Glyceryl palmitate

(ii)  $(C_{17}H_{33}COO)_3C_3H_5$  – Glyceryl oleate
